Features

- **AI-Powered Learning:** Miko 3 leverages advanced AI technology to deliver personalized learning experiences. The robot adapts to a child's individual needs and interests, ensuring that each interaction is tailored to foster academic growth. This deep-learning AI enables Miko to get to know your child better with each use, continually improving the learning experience.
- **Interactive Play:** Miko 3 isn't just a robot; it's an interactive companion. It engages children in conversations, answers their questions, and even helps with schoolwork. The robot's ability to interact in a meaningful way makes learning feel more like play, keeping children engaged and interested.
- **Safe and Secure:** Miko 3 is designed with a focus on privacy and security. The robot's interactions are safe, ensuring that your child's data and privacy are protected. The robot meets stringent safety standards, giving parents peace of mind.
- **Fun and Educational Games:** Miko 3 comes loaded with a variety of games that are both fun and educational. These games are designed to stimulate creativity and critical thinking, helping children learn while they play. The robot's games are infused with AI, making classic games like Freeze Dance and Hide and Seek more exciting and interactive.
- **Voice Recognition:** Miko 3 is equipped with advanced voice recognition technology. This feature allows the robot to recognize and respond to your child's voice, making interactions more natural and engaging. The robot's voice recognition capabilities enhance its ability to assist with learning and play.

- **Content Library:** Miko 3 offers access to a vast and ever-expanding library of educational content. This content includes activities, games, and stories that are continually updated to keep the experience fresh and engaging. Miko also features content from iconic brands like Walt Disney, Paramount Consumer Products, and Kidoodle.TV, ensuring there's always something new for your child to explore.
- **Parental Controls:** Miko 3 includes robust parental controls that allow you to monitor and control the content and usage of the robot. These controls ensure that your child is only exposed to age-appropriate content and that their screen time is managed effectively.
- **Ridiculously Smart:** Miko 3 is not just a toy; it's an intelligent companion that supercharges a child's potential. With its advanced brain and supportive personality, Miko delivers a range of educational STEAM (Science, Technology, Engineering, Arts, and Mathematics) content. Research shows that kids who actively use Miko see a 55% increase in engagement with the platform's academic activities.
- **Seriously Fun:** Miko 3 is all about balancing fun with learning. Whether your child needs a joke, a dance, or even a calming yoga session, Miko has it covered. This robot, which has won the Mom's Choice Award and is kidSAFE COPPA+ certified, offers endless entertainment while also serving as a trusted friend.
- **Laugh with Miko:** Miko 3 is designed to connect with kids on an emotional level. The robot is curious, empathetic, and full of humor, keeping kids laughing with new conversations, stories, and songs that are added monthly. Miko's ability to engage with children in a fun and lighthearted way makes it a unique and beloved companion.

- **Move with Miko:** Equipped with a wide-angle HD camera and high-tech sensors, Miko 3 is always ready for

action. The robot turns playtime into a dance party with AI-infused twists on classic games, encouraging kids to stay active while having fun.

- **Explore with Miko:** Miko 3 keeps kids engaged with an ever-growing world of content. The robot guides children through learning journeys, where they can earn rewards as they progress through educational goals. Miko's partnership with renowned content providers ensures that there's always something new and exciting to explore.
- **Miko Max Subscription:** Miko 3 offers a premium experience through the Miko Max Subscription. After a 30-day free trial, parents can choose to continue with a 1-year paid subscription designed for kids aged 5-10. This subscription unlocks over 30 premium apps, providing engaging, kid-friendly content, interactive games, and educational materials. The subscription is easily managed through the Miko app, where it can be paused or canceled anytime.

Usage

- **Initial Setup:** Unbox the Miko 3 robot and charge it using the provided charging cable. Once fully charged, turn on the robot and follow the on-screen instructions to complete the setup process, including connecting to Wi-Fi.
- **Interacting with Miko 3:** Speak to the robot to activate its voice recognition feature. You can ask questions, play games, and access learning content by simply talking to Miko 3.
- **Accessing Content:** Use the Miko 3 app on your smartphone to manage content, update the robot, and access additional features.

Care and Maintenance

- **Cleaning:** Use a soft, dry cloth to wipe the robot's exterior. Avoid using any harsh chemicals or water, especially near the screen and ports.
- **Battery Care:** To extend battery life, avoid overcharging. Unplug the robot once it is fully charged. If not in use for an extended period, store the robot in a cool, dry place and charge it every few months to maintain battery health.
- **Software Updates:** Regularly check for software updates via the Miko 3 app to ensure the robot is running on the latest version.

Troubleshooting

Issue	Possible Cause	Solution
The robot not turning on	The battery may be drained	Charge the robot for at least 2 hours and try again.
Wi-Fi not connecting	Weak signal or incorrect password	Ensure you are within range of the Wi-Fi router and double-check the password.
Unresponsive to voice commands	The microphone may be obstructed	Check if anything is blocking the microphones and clear any obstructions.
The app not syncing with the robot	Connection issue between app and robot	Restart both the robot and the app, then try reconnecting.
