MINISO

MINISO BT2026 Bluetooth Speaker

- **Model:** BT2026
- Bluetooth Speaker

Product Information

The BT2026 Bluetooth Speaker is a portable speaker that allows you to wirelessly stream music from your devices. With a sleek design and easy connectivity, it provides high-quality sound for your listening pleasure.

Dear customer

Thank you for using the Miniso Wireless Speaker. Please read this manual carefully before use. Using it properly for best product performance. MINISO Wireless Speaker has a stylish appearance, true-to-life sound, and multiple functions. The whole series has the patent of appearance design. The system adopting the industry-leading technology enables you to enjoy excellent sound effects anytime at home, outdoors, during a trip, or work. It provides the perfect experience when you play music on your laptops, digital music players, and other audio-visual players, leading you to a better life with beautiful music!

Caution

1. Please use and store the equipment and accessories within the temperature range of 5°C~35°C. When the temperature is too high or too low, it may cause malfunctions.
2. Please place the device and its accessories in a ventilated, cool place away from direct sunlight.
3. Do not disassemble, hit, crush the product, or throw the device into the fire to avoid an explosion. If the battery bulges or leaks, stop using it.
4. When using this device, please keep at least 15 cm away from implanted medical devices (such as pacemakers, etc.).
5. Due to the features of BT technology, the strength of the signal is related to the specific environment. If there are more overlapping wireless signals nearby, or there is strong electromagnetic interference, the signal received by the BT speaker will become weaker or even disconnected.
6. If not used for a long time, please charge the product once every three months to avoid battery over-discharge damage.
7. Stop using the equipment before cleaning or maintaining the equipment. Please wipe the equipment with a clean, dry soft cloth.

8. It is recommended to use a brand manufacturer, certified charger with an output voltage of 5V to charge this product. Please avoid using fast-charging chargers with output voltages exceeding 5V to avoid excessive charging voltage damage to the product.

Product Parameters

- **Bluetooth Version:** V5.3
- **Pairing Name:** MINISO-BT2026
- **Charging Input:** 5V = 500mA
- **Battery:** 500mAh
- **Charging Port:** USB-C
- **Transmission Distance:** Around 10m
- **Music Playback Time:** More than 8H (70% volume)
- **Charging Time:** Less than 2H

Product Overview

1. Power Button
2. USB-C Charging Port
3. TWS Button
4. Indicator Light

Bluetooth Disconnection	Press TWS button to disconnect Bluetooth connection with phone/computer

Accessories

Speaker*2, USB-C Charging Cable*1, User Manual*1

Troubleshooting

1. The wireless speaker is unable to be paired with the cell phone.

Solution: Confirm if the wireless speaker is in pairing mode and if the Bluetooth on your phone is toggled on. Then delete the product in the list, and pair it with your phone again according to the User Manual.

2. The wireless speaker is unable to be turned on.

Solution: Confirm the battery level. Charge the speaker if it is needed.

3. Can the battery of the wireless speaker be replaced?

Solution: No, this is a lithium polymer battery, which is irreplaceable.

4. Can I use the wireless speaker at a high volume for a long time?

Solution: To extend the lifespan of the wireless speaker, it is not recommended to play it at a high volume for a long time.

5. The link between the wireless speaker and the cell phone has been disconnected within 10 meters.

Solution: Bluetooth is wireless so it is very sensitive to objects between the speaker and the connected device. Check if there are any metal or other objects that may affect connection within the effective distance.

6. Cannot hear audio playing when the speaker is connected to the computer or phone.

Solution: Check whether the computer's audio output is already connected to the wireless device and whether the Bluetooth in the computer supports the A2DP protocol. Make sure the volume is up on your phone or computer.

7. Can I operate the Apps on my phone through the speaker after pairing the wireless speaker with the phone?

Answer: Some apps may not support being operated through the speaker due to their settings.

FCC

FCC Warning

This device complies with Part 15 of the FCC Rules, Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

Caution: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, under Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used by the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement:

- This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.
- The device can be used in portable exposure conditions without restriction.

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

FCC ID: 2BGRI-BT2026
