Shell	O	O	O	O	O	O
Internal Circuit Board	×	O	O	O	O	O
Battery	×	O	O	O	O	O
Speaker	O	O	O	O	O	O
Ear Tips	O	O	O	O	O	O

This table is prepred in accordance with the provisions of SJ /T11364.
O: In dates tha t this toxic or hazardous su bstnce contained in all of the homogeneous materials for this part is below the l ini te qirement GBT 26572.
X: Indicates that this toxic haza rdosubstance contained in at least one of the homogeneous materials used for tlfc isart is above the lim requirement o 6B/T 26572.
⑤ Thi issimbol means the electronic product contains some hazardous substances, it is safe to use under the time limit for the usage, prope disposa land rec :yirg are s ggested when exceeded the time limit for the usage.

FCC STATEMENT

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not

installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

RF waming for Portable device: The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
