**miuoo Linux Games**

## Product Information

### Specifications:

- Volume Adjustment
- MENU Arrow keys
- Indicator light power button
- **5 buttons:** Y, X, A, B, START
- Select button
- Horn
- 3.5mm audio port
- TF card slot
- TypeC charging port
- Battery compartment

## Product Usage Instructions

### Start using:

1. Insert the TF card that has been installed with the game into the TF card slot.
2. Charge the equipment to ensure normal startup.
3. **Start-Up:** Press the power key for 1 second.

### How to install games:

1. Take the TF card out of the machine.
2. Insert the card reader to connect it to the computer.
3. Copy the Game ROM to the folder of the corresponding game type in the TF card.
4. Insert the TF card into the TF card slot.

5. Press [MENU] to open the MENU.
6. Select Refresh ROM.

#### **On-off:**

- **Boot:** Long press the power supply for 1 second.
- **Shutdown:** Press the power supply for 3 seconds to open the shutdown menu, and press [A] to shut down.

#### **Idle mode, sleep mode, and wake-up:**

- After 60 seconds of no operation, the device enters idle mode, and the screen becomes dark.
- In idle mode, press any button to wake up.
- If there is no operation for 5 minutes or a short press of the power key, the device enters sleep mode. In sleep mode, the screen and sound are closed. The device automatically shuts down after 10 minutes without operation. You can set the sleep time or disable sleep in the settings options.  
In sleep mode, press the power key to wake up.

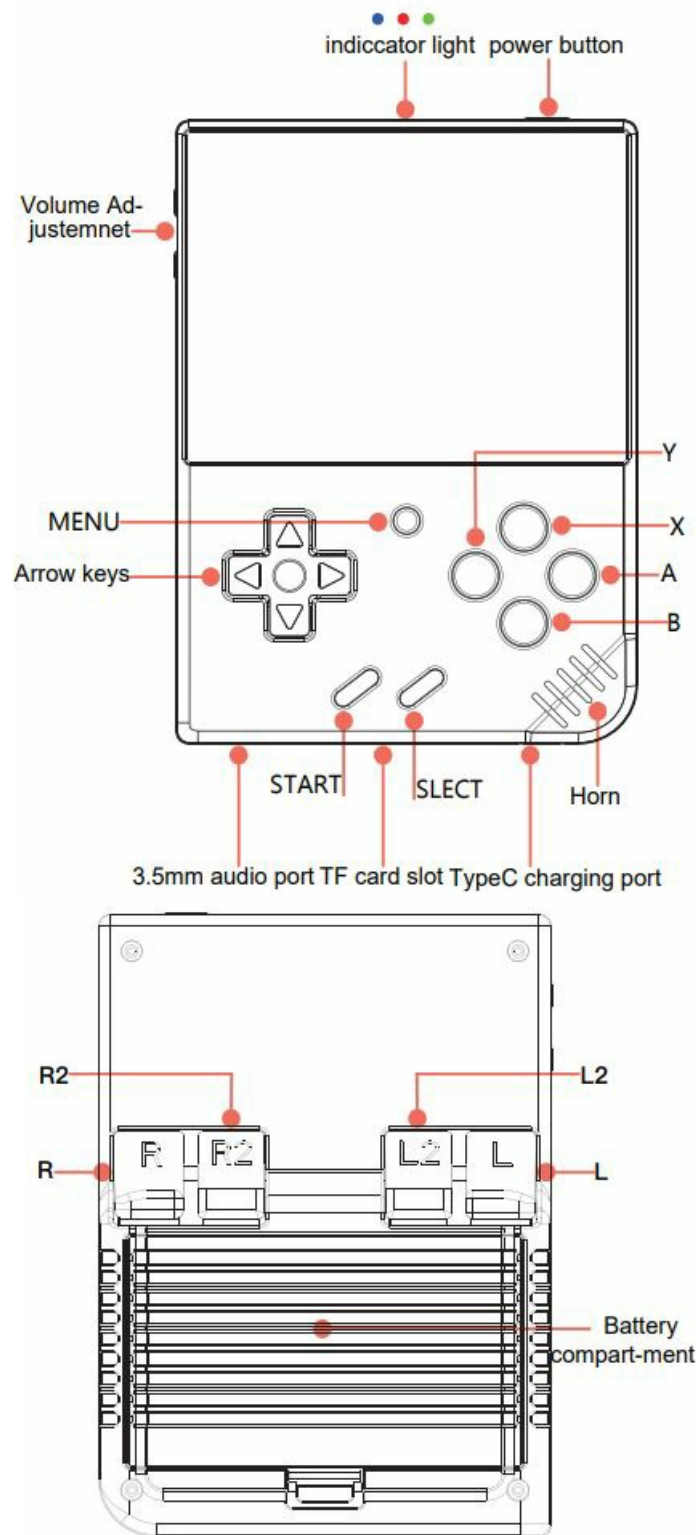

#### **Firmware Upgrade:**

1. Shutdown status
2. Place the Mirror file in the root directory of the TF card.
3. Insert the TF card into the TF card slot.
4. Connect the charging line to enter the charging mode.
5. The device will automatically start up and upgrade.

#### **FAQ:**

- **Q: How do I adjust the volume?**  
A: Use the Volume Adjustment feature on the device.
- **Q: Where is the power button located?**  
A: The power button is indicated by a light and can be found on the device.
- **Q: How do I exit a game?**  
A: Press the [GB] button.
- **Q: What is the purpose of the TF card slot?**  
A: The TF card slot is used to insert a TF card with game ROMs for playing games on the device.
- **Q: Can I charge the device using a TypeC charging port?**  
A: Yes, the device can be charged using the TypeC charging port.
