#### MAKE

Using your paint pens, cover your entire paper in abstract lines, doodles, or whatever floats your boat! Cut out random shapes. This one is just for fun, so don't take it too seriously! Feel free to go wild with it.

## BAKE

Set your oven to 275°F (you can also use a toaster oven on the “warm” setting. This is slightly easier because you are opening the door so much). Baking requires adult supervision. Bake pieces one at a time. When your piece begins to curl, quickly remove it from the heat. Pieces will harden and hold shape after about 10 seconds.

## ASSEMBLE

Use glue dots to build your acrylic sculpture on the acrylic disc. Take apart and rebuild endlessly
