# MODify

**MODify 01 Double Sided Kit**

## Specifications

- **Assembled unit dimensions:** 37.5W x 72H x 37.5D (952.5mm x 1828.8mm x 952.5mm)
- **Approximate Weight:** 103 lbs / 46.72 kg
- **Shipping dimensions:** (62L x 14H x 24D) (1574.8mm x 355.6mm x 609.6mm)
- **Approximate shipping weight:** 155 lbs / 70.3068 kg
- **Graphic material:** Dye-sublimated fabric

## Product Description

MODify Double-Sided Kit 01 is a versatile Modular Merchandising System designed for easy assembly and customization. It features a two-sided slatwall design with push-fit fabric headers for branding and promotions. The kit includes various accessories such as casters, shelves, U bars, and Slatwall hooks for flexible display

configurations.

## **Features and Benefits**

- Heavy-duty aluminum frame with steel base
- Double-sided slat wall display
- Easy to assemble and install
- Lifetime hardware warranty against manufacturer defects

## **Optional Accessories**

- Casters
- U bars
- Slatwall hooks
- Shelves
- Towel bars
- Faceout bars
- Waterfalls

## **How to Apply & Remove Graphics**

Installation and removal of SEG graphics is easy! To install, push the SEG bead into each corner of the frame and then into the middle of the run, working your way around the perimeter. To remove, gently pull the graphic from the frame using the pull tab located on the graphic.

## **Additional Information**

Powder coat color options are available for customization. Refer to graphic templates for specific graphic sizes and bleed specifications.

MODify™ is a one-of-a-kind Modular Merchandising System that is made up of interchangeable fixtures and accessories that can be easily assembled, disassembled, and rearranged to create a variety of different display configurations. The MODify system incorporates SEG push-fit fabric graphics that enable you to brand, promote and merchandise with ease.

MODify Double Sided Kit 01 provides ample retail merchandise display space with its two-sided slatwall design. The push-fit fabric header enables the display of branding, promotions, or product identification. Easily configure with casters, shelves, Ubars, slatwall hooks and other fixtures.

We are continually improving and modifying our product range and reserve the right to vary the specifications without prior notice. All dimensions and weights quoted are approximate and we accept no responsibility for variance. E&OE. See Graphic Templates for graphic bleed specifications

PHILLIPS SCREW DRIVER  
(NOT INCLUDED)

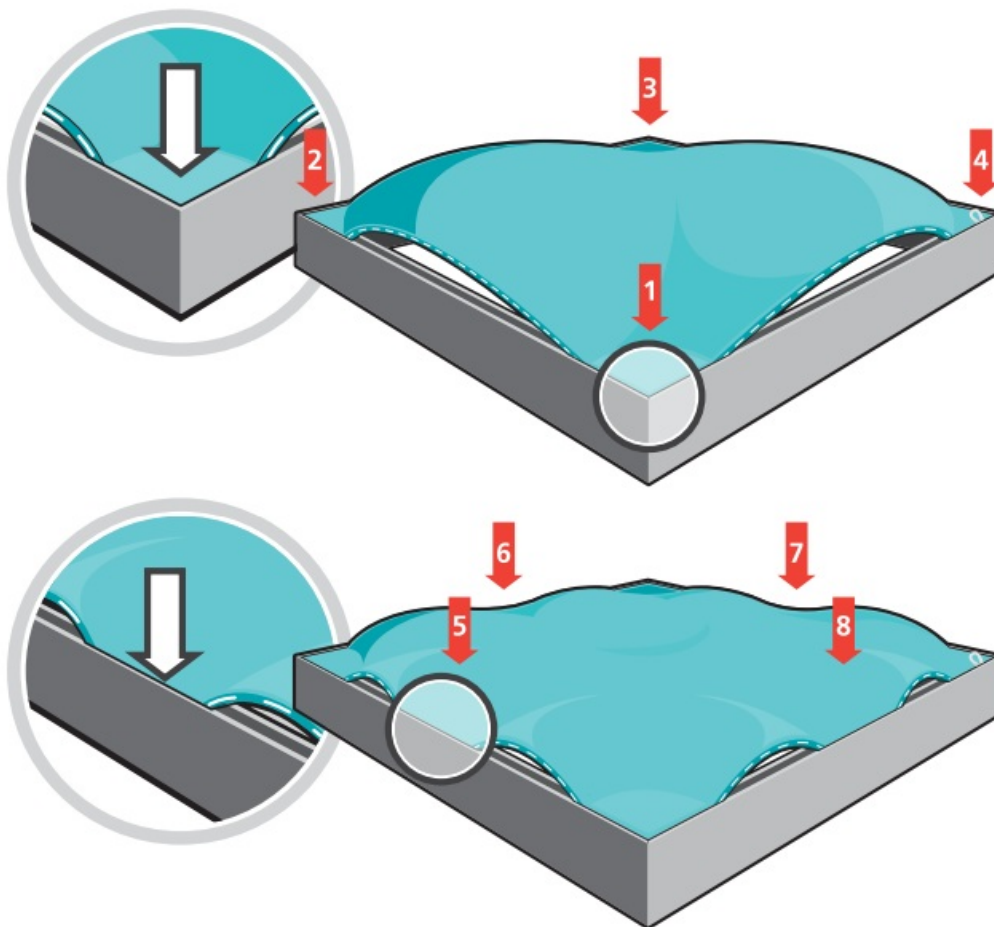

9/16" SOCKET WRENCH  
(NOT INCLUDED)

### How to Apply & Remove Graphics

Installation and removal of SEG graphics is easy!

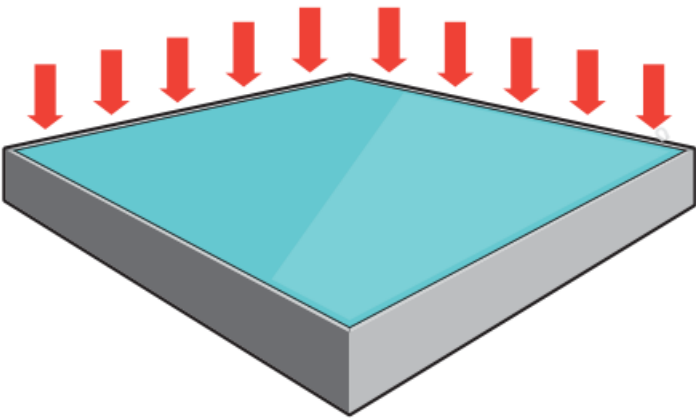

Installation: Push the SEG bead into each corner of the frame (1-4) with your thumb, then push the SEG bead into the middle of the run (5-8) and work your way around the perimeter of the frame until all beading is pushed in properly; if necessary, go around the perimeter again to ensure beading is secure in the extrusion profile.

**Note:** Keep the set up area clean by using a drop cloth, washing hands before set-up or by wearing gloves.

**Removal:** Use the pull tab located on the graphic and gently pull the graphic from the frame, going around the

perimeter.

Graphics Storage & Care

Graphics should be folded with the graphic facing inward and stored in a zip lock /sealable plastic bag. Spot clean by wiping with a damp white cloth. If washing is necessary, use a commercial-size front-loading washing machine, and gentle cycle with cool water. Line dry flat. Dry cleaning is NOT recommended to prevent shrinkage.
