Product Specifications

working voltage	DC 3V
standby current	≤10uA
alarm current	≤20mA
communication	Zigbee
transmission distance	10~30 meters (no obstruction indoor)
LED indicator	YES
installation	3M adhesive tape or screw
battery	1.5V AAA dry battery*2
working temperature	-10°C~50
working humidity	≤95%(no condensation)
update frequency	half an hour

Packing List

vibration sensor × 1
user manual × 1
1.5V AAA dry battery × 2 (optional)

Product Description

Used with smart gateway; when device status changes, such as vibration, motion, hit, drop and so on, mobile App will push an alarm notification or work with another smart device for home automation.

Preparation For Use

Mobile phone is connected to 2.4GHz Wi-Fi

Ensure that the smartphone is within the same Wi-Fi network of the Smart Gateway to ensure an effective connection between the smartphone and the Smart Gateway.

Preparation For Use

Download and open the App

In the App Store, search for the relevant App or scan the QR code on the package/manual to download.

If you are downloading the App for the first time, please tap “Register” to register your account. If you already have an account, please click the “Login” button.

<https://smartapp.tuya.com/smartlife>

Network Settings

- open mobile App, click “Add subdevice” on Zigbee gateway screen; press reset button until indicator blinks, then click “LED already blink” for adding device; after adding device is successful, it is able to find device on the “Home” screen.
- note: if time is more than 2 minutes, will exit from matching.
please tap “Register” to register your account. If you reset: press the reset button until the indicator blinks.
- update device status: press the reset button one time, the indicator blinks one time.

Installation

1. chooses a suitable place for installation.
2. fix via 3M adhesive tape or screw.

3. install and change the battery: Press the button cover and push it up in the opposite direction of the reset button to open the bottom cover.

Electronic Information Products Toxic And Hazardous Substances Declaration

Part name	Toxic or harmful substances or elements				
	Lead Pb	Mercury Hg	Cadmium Cd	Hexavalent chromium Cr(VI)	Polybrominated biphenyl PBB
PCB board	0	0	0	0	0
Housing	0	0	0	0	0
Cable	C	0	0	0	0

0: Indicates that the content of this toxic and hazardous substance in all homogeneous materials of this part is below the maximum limit specified in SJ/T1163-2006 Requirements for Concentration Limits for Certain Hazardous Substances in Electronic Information Products;

X: Indicates that the toxic or hazardous substance contained in at least one of the homogeneous materials of the part exceeds the maximum limit specified in the SJ/T1163-2006 standard.

The figures in this label indicate that the product has an environmental protection use period of 10 years under conditions of normal use, and some parts may also have an environmentally friendly use period mark. The environmental protection use period is based on the number indicated by the mark.

Thank you for your support and purchase at we Moes, we are always here for your complete satisfaction, just feel free to share your great shopping experience with us.

If you have any other need, please do not hesitate to contact us first, we will try to meet your demand.
