7. LED Indicator

Features

USB 3.1

1. Supports USB3.1 (10Gbps), UASP enable. Backward compatible with USB3.0(5Gbps), USB2.0 (480Mbps), USB1.1 (12Mbps).

2. Supports UASP mode, perfect for data transmission.

3. Max. output 5V@0.9A.

4. Compliant with large capacity hard disk.

HDMI
Supports 4K@60Hz
SD/Micro SD Slot
Supports UHS-I, Read/ Write: 104MB/s; Read/ Write: 104MB/s; USB3.0 rate, supports simultaneous SD/Micro SD

read and write operations(Data transfer rates are subject to the speed of the memory card.)

Connection

FAQ

Q1: The connected device can't be used.

This hub is powered by host device, it can't support two or more high consumer devices.

Q2: The charging speed is slow.

This hub doesn't have any charging protocol, it is just suitable for data transmission.

Q3: Why there is no video output?

1. Pls check the input and output device connection is alright , the HDMI cable is alright and the HDMI cable connection is alright. 2. Pls use standard HDMI cable.

Q4. Why there is no audio output from HDMI port?

1. Pls make sure that there is audio output function on the monitor. 2. Pls set the external monitor as default audio output device.

Q5. The video format is 4K@60Hz as promoted, but why does my computer video format is ONLY 4K@30Hz in practice?

Pls check whether your computer supports DP1.4 or not, if yes, its video format is 4K@60Hz(Max.), If the computer ONLY supports DP1.2, its video format is 4K@30Hz in real use.

Q6. When connecting a wireless mouse or keyboard, it may not work properly?

Pls add a USB 2.0 extension cable between the hub and the receiver. Because most wireless device like mouse, keyboard, and Bluetooth device work in the 2.4 Ghz wireless band. USB 3.0 port has potential for interference that can affect the device' s performance.
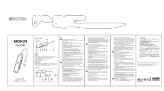

The tips can't solve my problem, or I have more questions.
If you encounter any problem during using our product, please contact us through amazon' s after-sale service or our e-mail : **support@mokintech.com** we will help you solve any problem.
