MONNIT Remote Monitoring for Business

INSTALLATION INSTRUCTIONS

1. Use the QR code to the right of the phone image above to download the iMonnit app. Alternatively, you can search for “iMonnit” in Google Play or the Apple Store.

2. Follow the in-app instructions to add devices to your account.

3. Connect your Ethernet cord to the front and antennas to the back of the gateway as seen in the diagram.

4. iMonnit is the easy way to view your sensor data and customize your sensor settings in the app or online at imonnit.com.

For more detailed instructions, documentation, how-to guides and video demonstrations on using Monnit wireless sensors, wireless gateways and iMonnit software, visit our support page at monnit.com/support/.
