## Monstake W1 Automatic Soap Dispenser

## Introduction

The Monstake W1 Automatic Soap Dispenser is a touchless, innovative solution that is intended to enhance convenience and hygiene in any environment. This rechargeable dispenser is priced at **\$23.99** and boasts an elegant black foam design that is crafted from premium ABS and PP plastic. It is equipped with a 2000 mAh rechargeable battery that can operate for up to four months following a mere 2-3 hours of charging. The dispenser is designed to be user-friendly, featuring a user-friendly LCD screen that displays the clock, gear position, and battery level, as well as an enhanced waterproof touch button. It is compatible with a wide range of detergent types, including foaming soap, shampoo, and dishwashing liquids, making it suitable for both residential and commercial kitchens. This soap dispenser, which was recently introduced by Monstake, is both practical and stylish. It seamlessly integrates modern aesthetics with functionality, rendering it an ideal addition to a variety of settings, including residences, offices, and restaurants.

## Product Function Diagram

## Troubleshooting

Issue	Possible Cause	Solution
Dispenser is not dispensing soap	Battery low or dead	Recharge battery fully
sensor not working	Sensor dirty or blocked	Clean sensor area
Soap dispensing unevenly	Incorrect gear setting	Adjust gear to desired dispensing level
Touch button not responsive	Water or debris on button	Wipe clean and dry the touch button
Soap clogs in dispenser	Using gel soap without dilution	Dilute gel soap with water before use

Issue	Possible Cause	Solution
LCD screen not showing	Battery dead or malfunction	Recharge battery; reset dispenser
Dispenser leaks soap	Overfilled container or loose parts	Refill properly and tighten all parts
Soap runs out quickly	Dispensing gear too high	Lower the dispensing gear setting
False triggering	Installed too low or sensor sensitivity	Install dispenser 20 cm above counter
Battery not charging	Faulty charging cable or port	Check cable and charger, replace if needed

## FREQUENTLY ASKED QUESTIONS

How to turn on and off Monstake W1 Automatic Soap Dispenser Soap Dispense?

Press and hold the push button for 3 seconds to power on, and in the power-on state, press and hold the push button for 3 seconds to power off.

How to switch the Monstake W1 Automatic Soap Dispenser Soap Dispenser temperature?

In the power-on state, press the push button twice to switch the temperature. There are two types: Fahrenheit and Celsius.

How to adjust the Monstake W1 Automatic Soap Dispenser Soap Dispenser gear?

There are three gears in total, and the default is one gear when booting. Click the push button to adjust the grade, and the screen will display the 1st, 2nd, and 3rd grades accordingly.

How to install Monstake W1 Automatic Soap Dispenser Soap Dispenser?

1 Keep the walls dry and clean, suitable for installation on smooth surfaces such as tiles, marble, mirrors, etc. 2 Tear off the adhesive protective film, stick it to the wall, and press firmly for 30 seconds to ensure that the adhesive is firmly attached. 3 It will be better to hang the soap dispenser after sticking the adhesive on the wall for 24 hours. 24 hours is the best stable state. 4 The adhesive cannot be used repeatedly.

Can I use foam hand sanitizer directly?

This is the best option.

How should ordinary gel/liquid soap be mixed in Monstake W1 Automatic Soap Dispenser Soap Dispenser?

\*The ratio of water to ordinary gel/liquid soap is 3:1. \*Please add water first. Then add ordinary gel/liquid soap for blending. \* It's better to mix it with a container and then pour it in. \*If you want the foam to be thicker, you can add a little more ordinary gel/liquid soap.

How to use the automatic cleaning function of Monstake W1 Automatic Soap Dispenser Soap Dispenser ?

In the off state, press the push button 3 times to turn on the automatic cleaning function.

How to charge Monstake W1 Automatic Soap Dispenser Soap Dispenser ?

\* It can be charged using a USB cable, and it takes 3-4 hours to fully charge. \*

When the product is charging, the screen is on, and the power will increase by 0%-100% from the charging symbol.

How to clean Monstake W1 Automatic Soap Dispenser Soap Dispenser ?

If the surface of the product is dirty, please do not directly rinse or soak it with water, it will easily cause damage to the product, please simply wipe it with a rag.
