Multi Gage Reader APP Android

Quick Start

- Turn on WiMER1 and connect to Mitutoyo instruments.
- Plug in USB Bluetooth dongle if using Windows PC.
- Run one of the aforementioned apps/software.
- In the main page, tap Scan/+ button to bring up a new pairing page.
- Wait for the software to finish scanning nearby devices, select **WIMERXXX** to connect.
- Connection may take a few seconds, once paired, instrument reading shows in the software.
