7. 3.5mm Audio Cable

8. USB Cable

Setting up hands-free kit

1. Fix the receiver on the best position of the car.
2. Connect the receiver to the AUX-in jack of the car stereo system.
3. Connect the receiver to the car charger.
4. Plug the car charger into the cigarette socket.
5. Pair the receiver to your smart device.
6. Adjust the car radio to AUX in mode.
7. Now you can enjoy your music through the car stereo system.

   Note: In most cases, the sound quality is excellent. But, if you experienced background noise, you can use the noise isolator to avoid it. Just plug the audio cable of the product into one port of the isolator, and then use the single 3.5mm audio cable to connect the other port of the isolator with your car AUX input.

Power on/off the receiver

Power on: Connect the receiver to the car charger, plug the car charger into the cigarette socket, the blue light indicator flashes quickly.
Power off: Pull the car charger out of the cigarette socket.

Pair to your smart device

1. Before using the receiver for the first time, you must pair it with your smart device.
2. Connect the receiver to the car charger, plug the car charger into the cigarette socket, the blue light indicator flashes quickly.
3. Turn on the Bluetooth function of your smart device.
4. Search for the Bluetooth devices and select "MPOW"
5. Enter the code "0000" if needed.
6. If paring is successful, the blue light indicator will be on all the time.

   Remark: It will connect to the last paired smart device automatically when turned on next time. (Please make sure the Bluetooth function of your smart device is on before turning on the receiver.)

Connect two Bluetooth devices at the same time

1. Pair the Bluetooth receiver to the first smart device.
2. After pairing successfully, turn off the Bluetooth function of the first smart device. It will enter pairing mode again.
3. Pair the Bluetooth receiver to the second smart device.
4. After pairing successfully, turn off the Bluetooth function of the second smart device.
5. Turn on the Bluetooth function of the first smart device. Select the "MPOW" and connect.

6. Turn on the Bluetooth function of the second smart device. Select the "MPOW" and connect.
7. Both of the two smart devices will connect with the Bluetooth receiver at the same time.

   Remark: If you want to switch different smart device to listen music, please pause the music of the first smart device, and then play the music on the second smart device, it will switch to the music of the second smart device after a few seconds.
