QUICK START GUIDE

are you or considering **myCharge UNPLUGGED8K**

REGISTER your product at myCharge.com You will be entered to win one of our amazing gifts!

IN THIS PACKAGE:

- UNPLUGGED8K
- Recharging cable

- Quickstart guide

RECHARGING UNPLUGGED8K

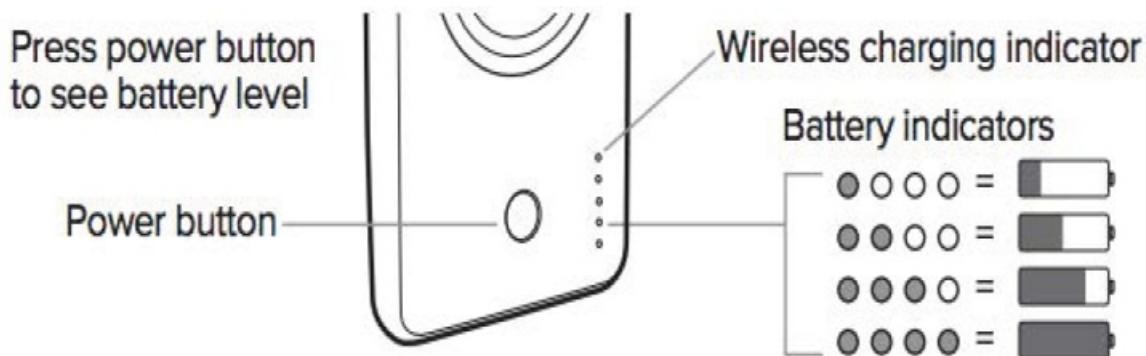

Connect the included recharging cable to any USB power source. Fully charged unit shows 4 solid, non-blinking LEDs.

3 ways to recharge: From wall outlet, car, computer

LED INDICATORS

Press power button to see battery level

CHARGING DEVICES

WIRELESS CHARGING (for enabled devices)

- Press power button on UNPLUGGED
- Center device on UNPLUGGED
- Wireless charging indicator lights up when charging begins

USB CHARGING

Using your own cable, plug the USB end into UNPLUGGED and the other end into your device.

Charging should begin automatically —if it doesn't, press the power button.

Simultaneously charge up to 3 devices via USB ports and wirelessly.
