10. **Aux**

3.5mm audio jack

11. **MicroSD**

External storage for music. Supports up to 32gb

12. **Speaker**

13. **Micro USB charging port**

Connecting via Bluetooth

The Bluetooth is automatically activated when the device is switched on.

If you are pairing it for the first time, open your smartphone's Bluetooth settings app and connect to the device. When prompted for a password, enter "0000". Navigate using the 'previous' and 'forward' buttons.

Playing music through MicroSD

Insert a MicroSD card into the MicroSD card slot and switch on the device. The music should start playing automatically. Otherwise, navigate using the 'previous' and 'forward' buttons.
