## NADEEM LIGHTS

### Nadeem Lights 221012 Shutter Box Adjustable Light

#### Specifications

- Model: 221012210222103
- Power Source: Electric
- Maximum Bulb Capacity: Refer to socket recommendations
- Mounting: Outlet box installation

#### Product Usage Instructions

##### Installation Instructions

1. Secure the mounting plate (1) to the outlet box with the outlet box screws (2).
2. Pull out the wires and ground wire from the Outlet Box.
3. Make wire connections:
  - White wire from light to White Wire from power source.
  - Black wire from light to Black Wire from power source.
  - Attach the Ground Wire to Mounting plate with a Green Screw.
4. Align the Back plate (5) to the Outlet box, then secure it to the mounting plate(1) with the mounting screws(3).
5. Attach the glass shades (7) to the fixture body (6), then secure them with the socket cup (8).
6. Install bulbs (9) (bulbs not included). Ensure not to exceed the maximum capacity recommended on the sockets.

Please read carefully and save these instructions as you may need them on a later date.

## CAUTION

**WARNING:** Risk of Fire. Consult a qualified electrician to ensure correct branch circuit conductor. Turn off the main power at the circuit breaker before installing the fixture in order to prevent possible shock.

## GENERAL

- All electrical connections must be by local and National Electrical Code (NEC) standards. If you are unfamiliar with proper electrical wiring connections, obtain the services of a qualified electrician.
- Remove the fixture and the mounting package from the box and make sure that no parts are missing by referencing the illustration.

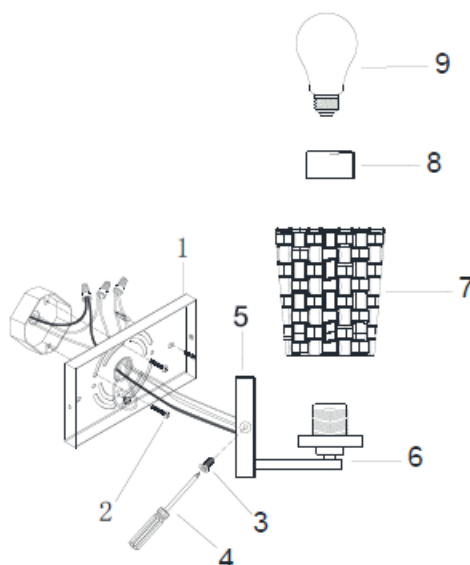

## ASSEMBLY AND INSTALLATION

1. Secure the mounting plate (1) to the outlet box with the outlet box screws (2).
2. Pull out the wires and ground wire from the Outlet Box.

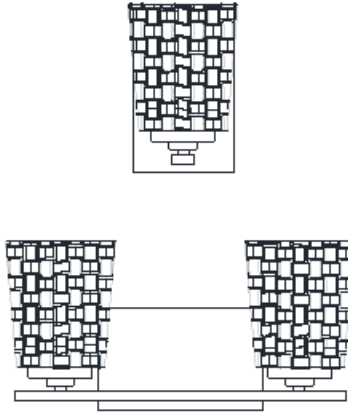

Make wire connections with a Wire nut:

- White wire from light to White Wire from power source.
  - Black wire from light to Black Wire from power source.
  - Attach the Ground Wire to Mounting plate with a Green Screw.
3. Align the Back plate (5) to the Outlet box, then use a screwdriver (4)(not included) to secure it to the mounting plate(1) with the mounting screws(3).
  4. Attach the glass shades (7) to the fixture body (6), then secure them with the socket cup (8).
  5. Install bulbs (9) (bulbs not included).

(Don't exceed the maximum capacity recommended on the sockets.)

## FAQS

- **Q: What should I do if I am unsure about electrical wiring connections?**

A: If you are unfamiliar with proper electrical wiring connections, it is recommended to obtain the services of a qualified electrician for assistance.

- **Q: Can I install bulbs that exceed the maximum capacity recommended on the sockets?**

A: It is not recommended to exceed the maximum capacity recommended on the sockets as it may pose a risk of damage or malfunction.
