IMPORTANT

1. Do not tighten bolts / screws completely until all bolts / screws are lined up and inserted into holes.
2. Do not over tighten screws and bolts to avoid stripping.
3. Please use hand tools to assemble this product. Do not use power tools.

Step 1

Let's get this thing fired up! The first step is attach the Straps (B) to the wall using screws and anchors. See the following pages for detailed instructions on how to do this.

Please note...

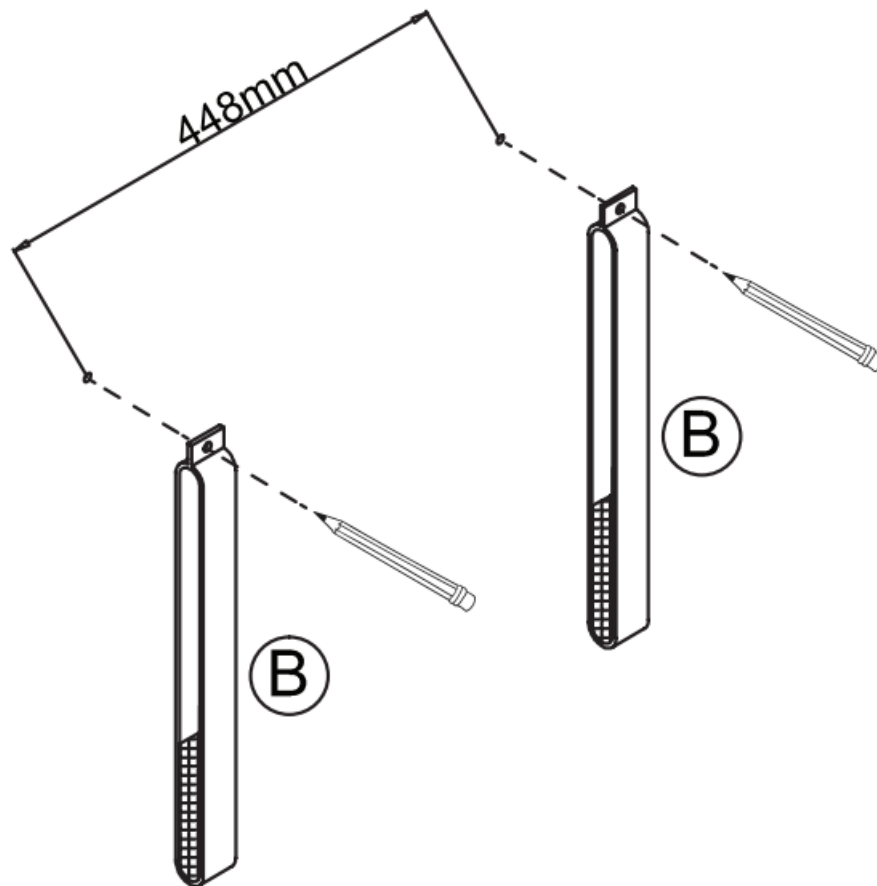

Parts 3 & 5 are for non-drywall applications. Parts 4 & 6 are for drywall applications.

See following pages for more detailed instructions.

Non-drywall application

Mark it

Chose your desired location on the wall then use a pencil to mark where the anchors will go.

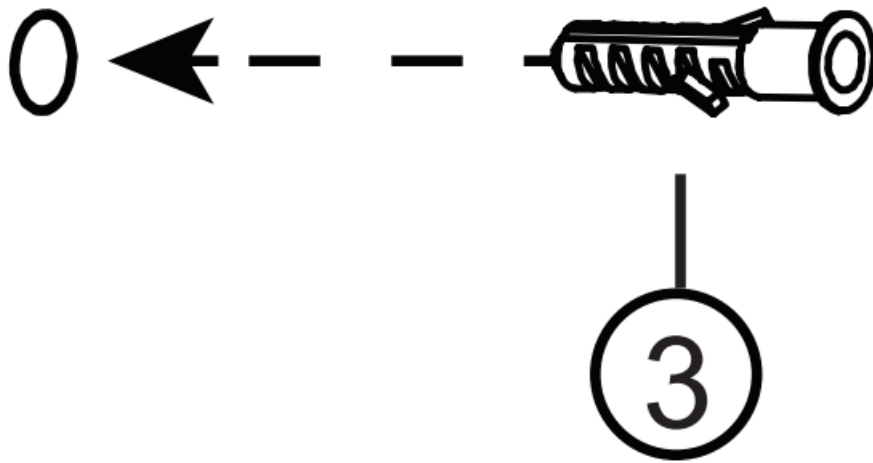

1/4" Drill bit

Following the marks you just made, with a 1/4" drill bit, drill 2 holes into the wall.

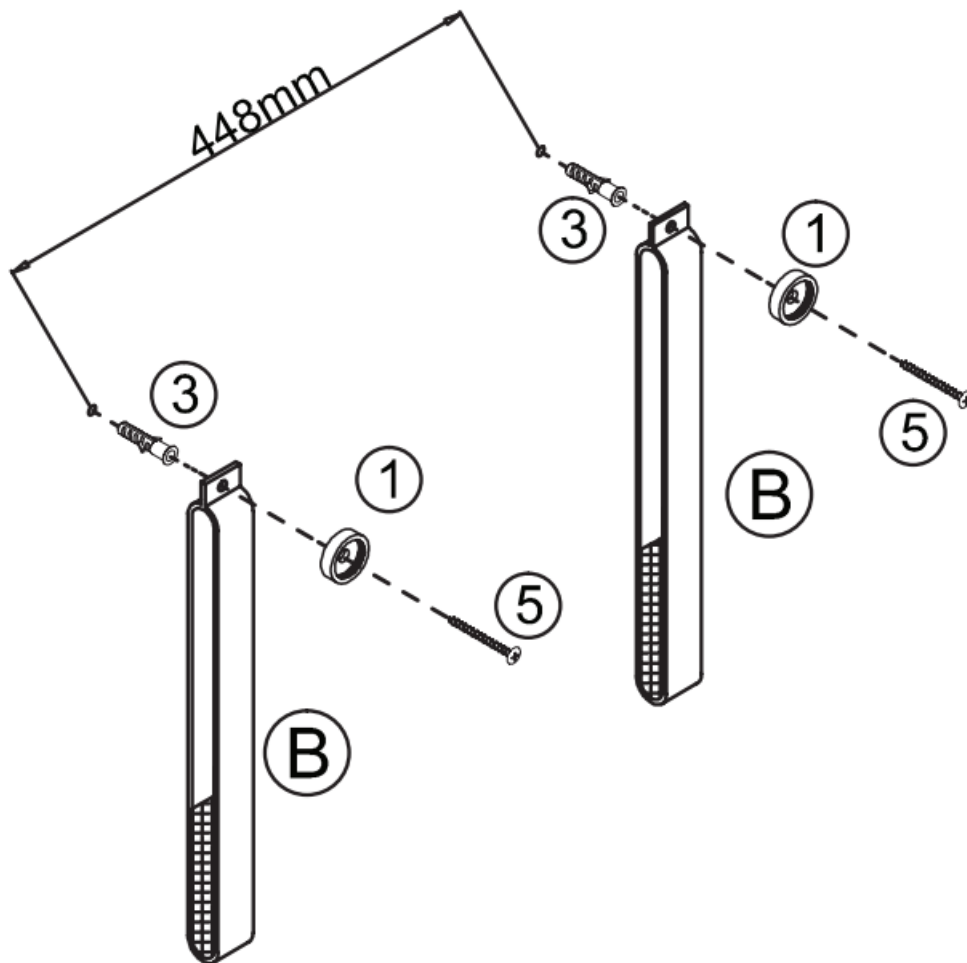

Insert the anchors

Go ahead and tap the wall anchors into place in the new holes that you just drilled. If you're feeling strong, just go ahead and push it in.

Don't forget Part 1

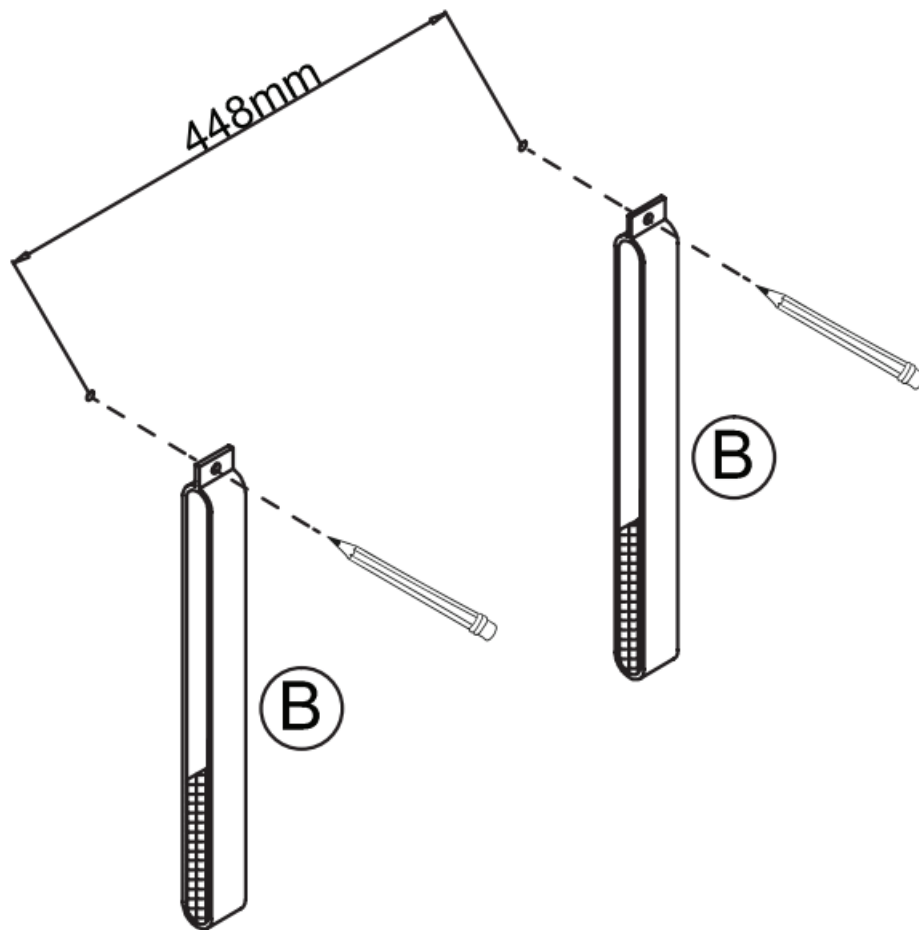

When inserting your screw into the wall anchor, do not forget to use Part 1 between the screw and the strap as this will help disguise the hardware when installation is complete.

Drywall application

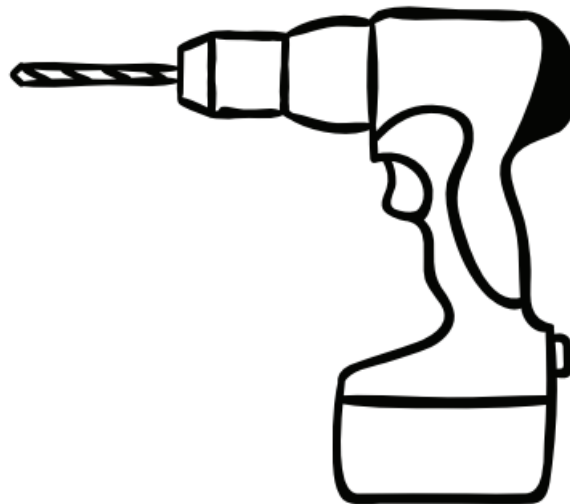

Mark it

Chose your desired location on the wall then use a pencil to mark where the anchors will go.

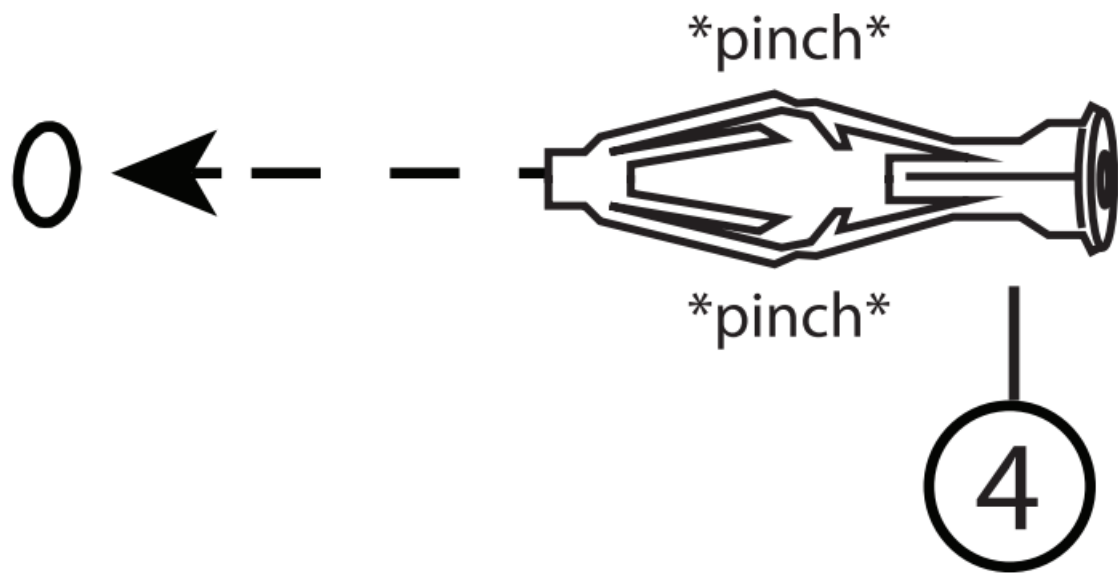

5/16" Drill bit

Following the marks you just made, with a 5/16" drill bit, drill 2 holes into the wall.

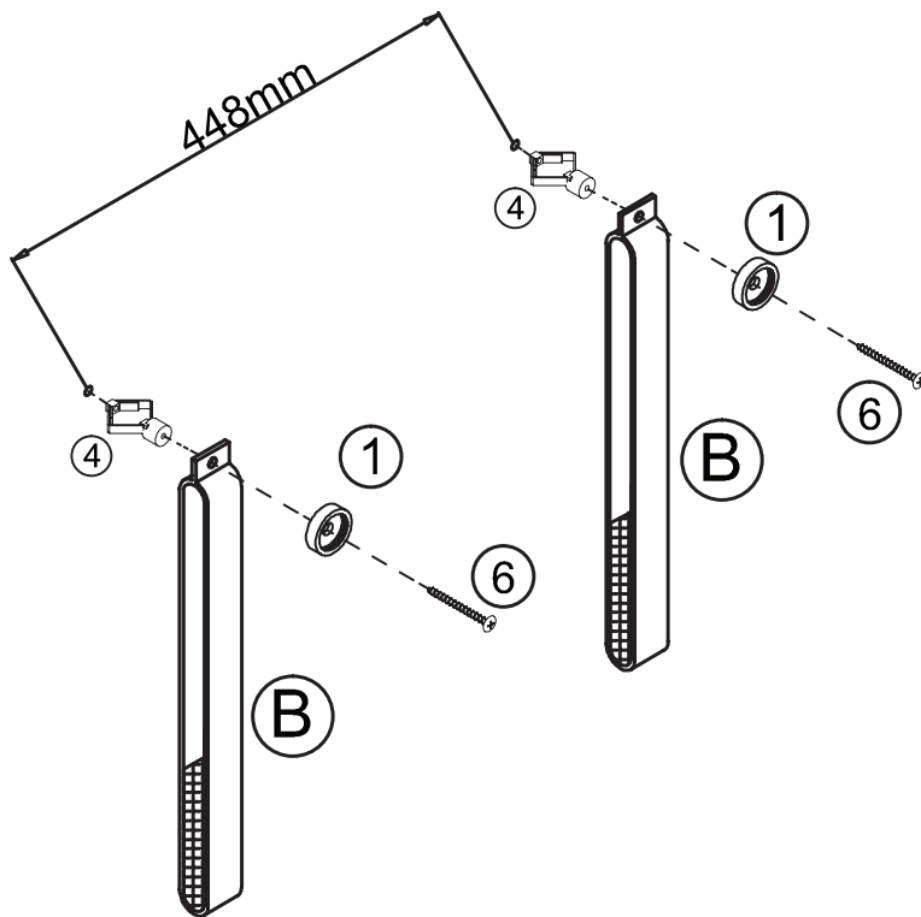

Insert the anchors

Go ahead and tap the wall anchors into place in the new holes that you just drilled. If you're feeling strong, just go ahead and push it in.

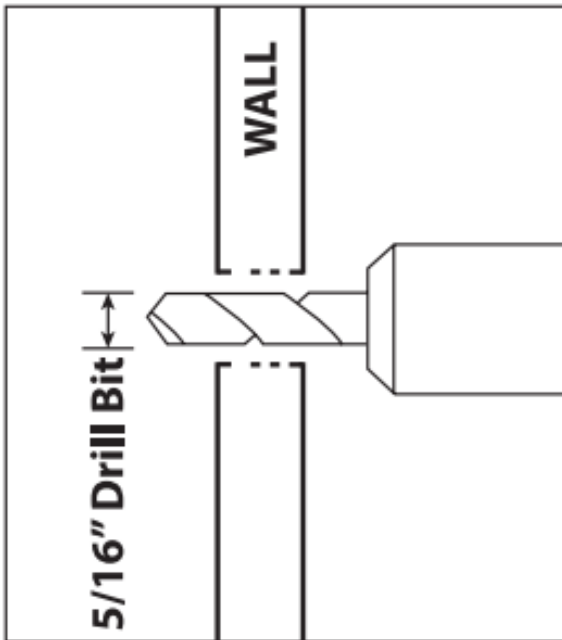

Don't forget Part 1

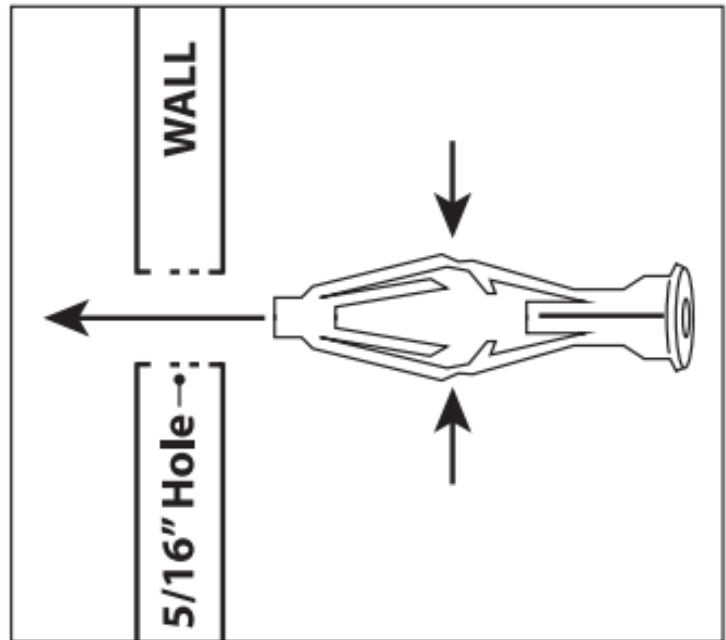

When inserting your screw into the wall anchor, do not forget to use Part 1 between the screw and the strap as this will help disguise the hardware when installation is complete.

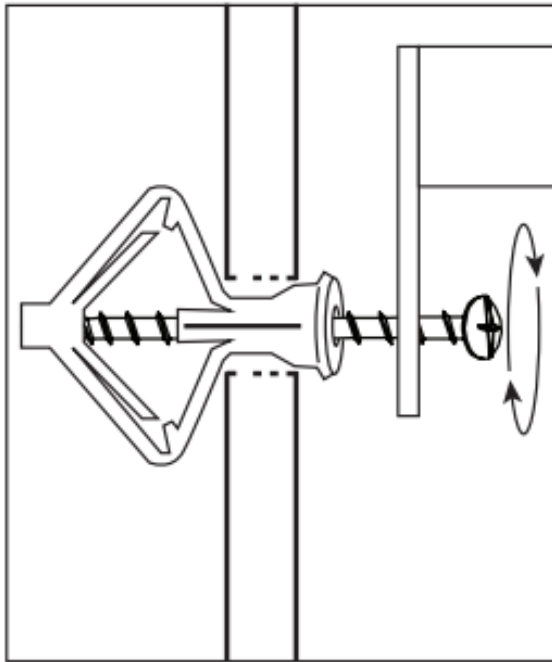

How to use drywall anchors

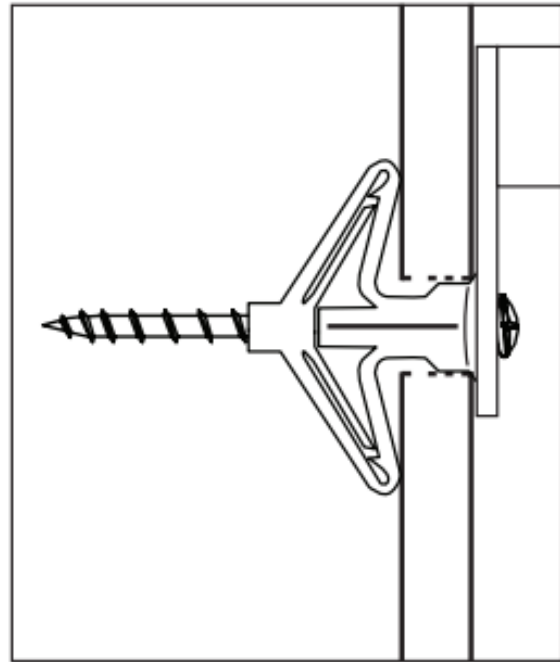

1. Drill hole with 5/16" bit

2. Pinch and insert

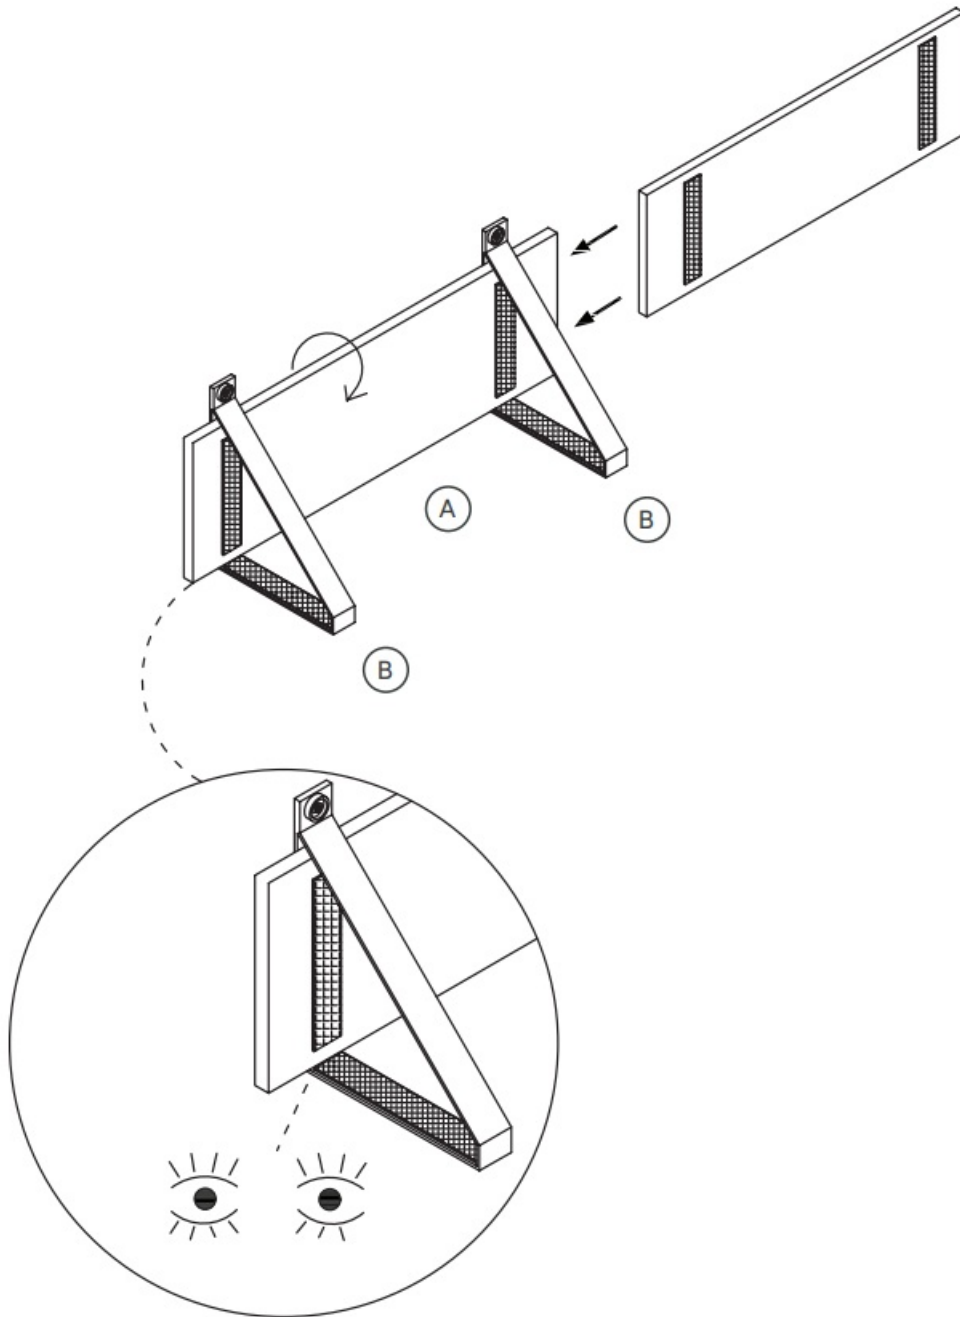

3. Begin tightening

4. Tighten to 100%

Step 2

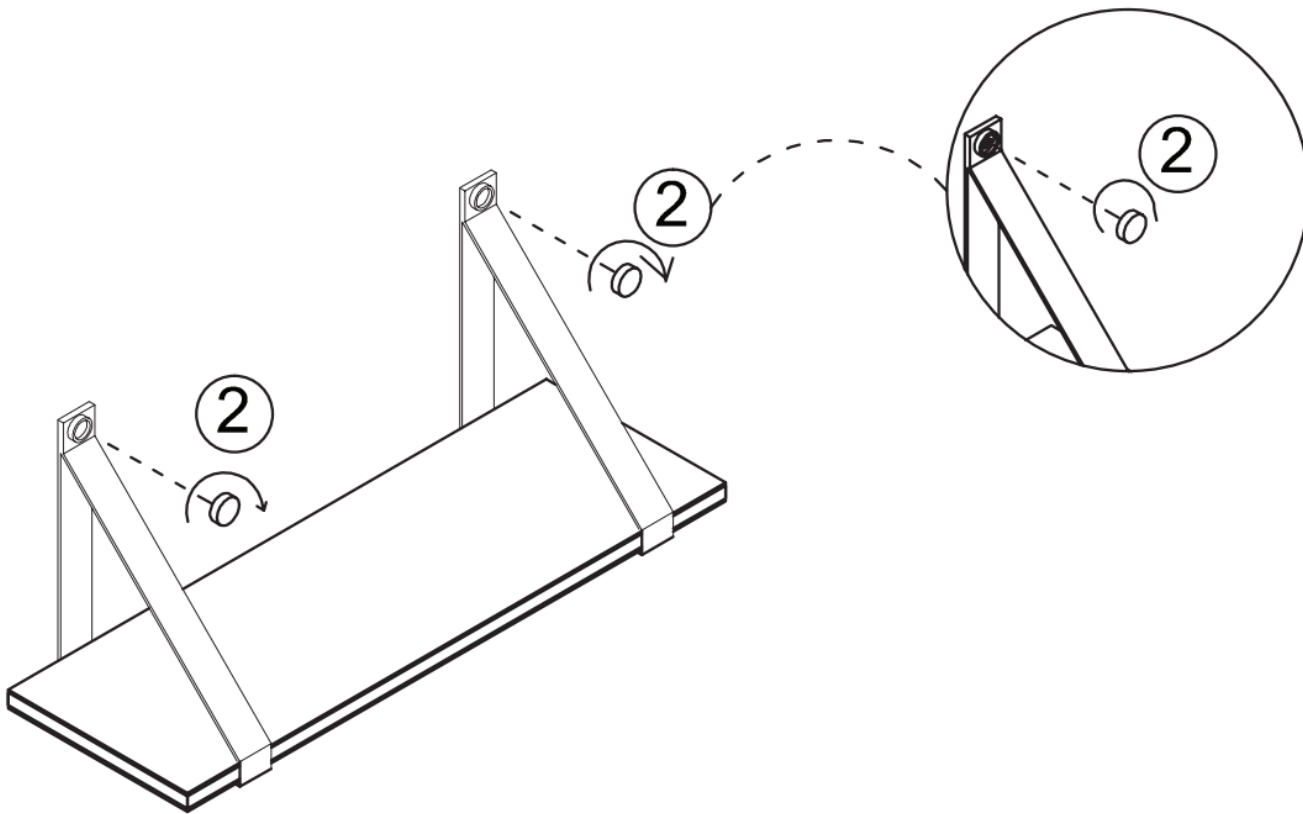

Slide the Shelf (A) into the Straps (B) and rotate to flat position. Be sure to center the shelf and align to marks on bottom of shelf for stability.

Step 3

Twist on the Decorative Hardware Caps (2) to hide those screws.

Repeat this process again for the second shelf. And that's it! We can't wait to see all the great new shelfies you're gonna take once these are decorated!

No heartburn, when we handle the return

Give us a call 1-866-619-1004 or shoot us a message at help@nathanjames.com we will issue you a free replacement with zero hassle.

Our way

  	Give us a call
	Replacement
	<div>You</div>

Their way

	Re-package item
	Schedule pick up
	Track package
	Replacement
	You

We really don't want you to go through the hassle of re-packaging your item and sending it back, because let's be honest....nobody has time for that.

Safety first, fun later

We want your Brandon Hanging Shelf to last as long as possible, so we recommend that you tighten the screws 2 weeks after assembly and for added safety check the tightness of all screws every 2 months.

For proper care and treatment of fabric & metal please check our website at NathanJames.com/products

Safe use of this product starts with you.

Use this shelf responsibly with the primary concern for your safety. Follow assembly instructions carefully and inspect product upon receipt and each use.

Nathan James and its parent companies cannot be held legally responsible for any injuries or death resulted from failure to follow instructions or improper use of this product.

Do not modify the structure of this product in any way.

Our products have been tested to meet specific safety measures as they were originally intended to be sold. Any modifications will present the risk of creating significant safety issues which NJ will not be responsible for.

Proper use

DO NOT	use for commercial purposes
DO NOT	use as a step-stool or stand on shelf
DO NOT	put hot serving liquid directly on shelf
DO NOT	leave spilled liquid on shelf
DO NOT	use if shelf is damaged or broken
DO NOT	make temporary repairs
DO NOT	use outdoors

We are only in business if you're happy

For starters, thanks for being you.
