Supports fast charge for compatible devices.	

SAFETY AND MAINTENANCE

- Before using your Nautica Cable, read the following precautions carefully to ensure optimal product performance.
- Do not modify, disassemble and attempt to repair this product. Repairs to electrical equipment should only be performed by a qualified electrician. Improper repairs may place the user at serious risk.
- Do not use your charging cable for any other purpose than intended.
- Do not twist or squeeze the product too heavily as it may cause damage to its material.
- Keep the device away from dust and any kind of physical hit and avoid dropping it.
- Do not handle this product with wet hands and do not clean it with water or chemicals. Only use dry cloth for cleaning.
- This product is not a toy – never allow children / pets to play with this product. Always store the product out of reach from children / pets.

WARRANTY INFORMATION

- We do our best to make sure that this product is free from defects in materials and workmanship for a period of 1 year.
- The following conditions must be met for your warranty claim to be approved:
- You must have purchased the product from a Nautica or Technofashion authorized dealer.
- You must provide proof as to the date of purchase from the Nautica or Technofashion authorized dealer.
- You must have used the product only as intended and in accordance with the product's care instructions.
- Within 12 months after the purchase, in case of the product is determined to be defective (at the date of original purchase) due to improper materials or workmanship, you are entitled to free repair or exchange of goods.
- The product should be returned to Technofashion.
- The warranty does not cover defects caused by third-party modifications, repairs or replacement parts.
- Punctures, scratches, normal wear and tear and the natural breakdown of colors and materials over extended time and use are not warranted.
- Warranty applies to the USA only. We will make every effort to replace limited edition or discontinued products but cannot guarantee availability for replacement.
- Any limited edition or discontinued product still under its applicable warranty that cannot be replaced with an identical product will be replaced with the equivalent model based on availability.

- We may make changes to products and designs in the time you purchased your product and submitted a warranty claim.
- Products repaired or replaced under this warranty may or may not incorporate these changes.

SUPPORT

For any questions, email us at support@technofashion.com

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This device has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This device generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this device does cause harmful interference to radio or television reception, which can be determined by turning the device off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the device and receiver.
- Connect the device into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

The distance between user and products should be no less than 20 cm.
