- Main material: Steel
- Warranty: 5 year
- EAN code: 8717371446284

Please note

The inch sizes stated are just an indication, combined with the weight and VESA sizes. The maximum weight and VESA size are absolute restrictions for the products and should not be exceeded.

Description

Neomounts

Neomounts

The Neomounts by Newstar desk mount, model FPMA-D550DBLACK is a tilt-, swivel, and rotatable desk mount for 2 flat screens up to 32". This mount is a great choice for space-saving placement on desks using a desk clamp or grommet mount.

Neomounts by Newstar's versatile tilt (90°), rotate (360°) and swivel (180°) technology allows the mount to change to any viewing angle to fully benefit from the capabilities of the flat screen. The mount is manually height adjustable from 0 to 44 centimeters. Depth is adjustable from 4 to 46 centimeters. Innovative cable management conceals and routes cables from mount to flat screen. Hide your cables to keep the workplace nice and tidy.

Neomounts by Newstar FPMA-D550DBLACK has three pivot points and is suitable for screens up to 32". The weight capacity of this product is 8 kg for each screen. The desk mount is suitable for screens that meet VESA hole patterns 75×75 or 100×100mm. Different hole patterns can be covered using Neomounts by Newstar VESA adapter plates.

By using an ergonomic mount neck- and back complaints can be avoided. Ideal for use in offices and on counters or in a reception area.

All installation material is included with the product.

Frequently Asked Questions

What is the Neomounts FPMA D550DBLACK monitor desk?

The Neomounts FPMA D550DBLACK monitor desk is a desktop mount for flat-screen monitors. It allows you to adjust the height and angle of your monitor for optimal viewing and can free up desk space by mounting the monitor on a sturdy arm.

What size monitors does the Neomounts FPMA D550DBLACK support?

The Neomounts FPMA D550DBLACK supports monitors ranging from 10 to 27 inches in size, with a maximum weight of 10 kilograms.

How does the Neomounts FPMA D550DBLACK attach to my desk?

The Neomounts FPMA D550DBLACK attaches to your desk using a clamp system that secures the mount to the edge of your desk. The clamp can be tightened or loosened to adjust the position of the mount.

Can I adjust the height of the monitor using the Neomounts FPMA D550DBLACK?

Yes, the Neomounts FPMA D550DBLACK allows you to adjust the height of the monitor by up to 38 centimeters. The monitor can be positioned at any height within that range.

Can I adjust the angle of the monitor using the Neomounts FPMA D550DBLACK?

Yes, the Neomounts FPMA D550DBLACK allows you to adjust the angle of the monitor by up to 180 degrees. This means you can tilt the monitor forward or backward, as well as rotate it horizontally.

Does the Neomounts FPMA D550DBLACK come with a warranty?

Yes, the Neomounts FPMA D550DBLACK comes with a five-year warranty.

Is the Neomounts FPMA D550DBLACK easy to install?

Yes, the Neomounts FPMA D550DBLACK is easy to install. It comes with all the necessary hardware and instructions, and you should be able to install it within minutes.

How do you check if the monitor can be mounted?

To determine if your computer monitor complies with VESA standards, simply **check the back**. If it does comply, you should see the standard four-hole screw pattern on the back of your monitor. The most common pattern for the screw holes is either 75 x 75 mm or 100 x 100 mm, while larger monitors will be 200 x 100 mm.

Do all monitors have mounting holes?

The simple answer to this question is yes, all monitors can be mounted. The vast majority of monitors today come with a mounting plate on the back, which makes it extremely easy to use popular monitor mounting products. Even older monitors or old CRTs that don't have this setup can still be mounted.
