NETGEAR EX3110 WiFi Range Extender

Specifications:

- Model: EX3110
- WiFi Standard: 802.11ac
- WiFi Bands: Dual Band (2.4GHz & 5GHz)
- WiFi Speed: Up to 750Mbps
- Technology: FastLaneTM Technology
- Security: WPS (Wi-Fi Protected Setup)
- Usage: Indoor use only

Product Information

The AC750 WiFi Range Extender EX3110 boosts your existing WiFi signal and creates a stronger signal in hard-to-reach areas. It supports newer WiFi standards, including 802.11b/g/n & ac, and utilizes FastLaneTM Technology to provide high-speed connections ideal for HD streaming and gaming. The range extender extends both 2.4GHz and 5GHz WiFi up to 750Mbps, reducing interference for a better WiFi experience.

Product Usage Instructions

Package Contents

- AC750 WiFi Range Extender (EX3110)
- Quick start guide

Setup:

1. Plug the range extender into a power outlet within the range of your existing WiFi network.
2. Wait for the Smart LED indicators to help you find the best location for the extender.
3. Connect to the extender's WiFi network using the provided credentials.

Security (WPS):
To establish a secure connection using WPS, press the WPS button on your router and then on the extender within 2 minutes to sync them.

System Requirements:
This range extender is compatible with devices supporting WPS for easy setup.

Troubleshooting:
If you experience any issues during setup or usage, refer to the user manual or visit www.netgear.com/support for assistance.

FAQ

Q: Can I use the range extender with routers from other brands?
A: The product may not be compatible with routers or gateways with altered firmware, open-source programs, or outdated firmware.

Q: What is the coverage area of the extender?
A: Data throughput, signal range, and coverage may vary based on environmental factors such as building materials and wireless interference.

Boost your existing WiFi

- Dual-band WiFi up to 750Mbps
- Supports new 802.11ac & b/g/n WiFi devices
- FastLane™ Technology for high-speed connections

Overview

NETGEAR AC750 WiFi Range Extender boosts your existing network range, delivering AC dual-band WiFi up to 750Mbps. It works with any standard WiFi router & is ideal for HD video streaming & gaming. Get the connectivity you need for iPads®, smartphones, laptops & more.

Newer WiFi Standards
Create stronger WiFi access for 802.11b/g/n & ac WiFi devices.

FastLane™ Technology
Use both WiFi bands to establish one high-speed connection; ideal for HD streaming & gaming.

Simultaneous Dual Band WiFi

Extend 2.4 & 5GHz WiFi up to 750Mbps & reduce interference.

Easy Setup

Smart LED indicators fi nd the best location for your range extender.
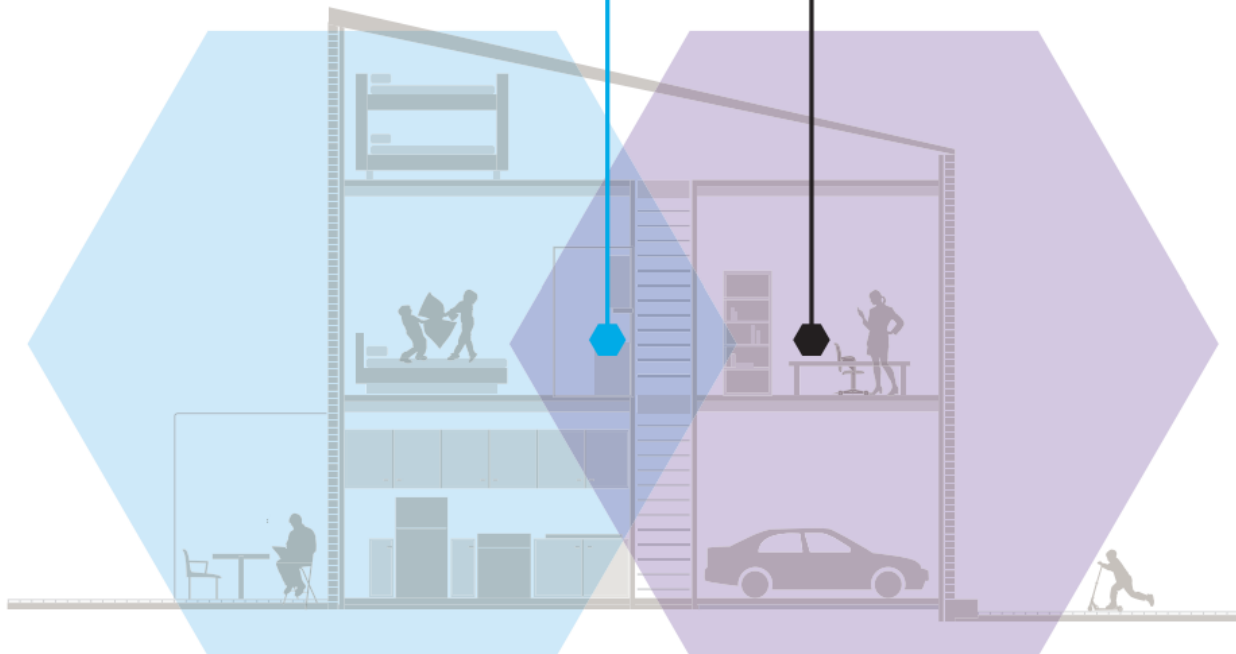

WiFi Range Extenders boost your existing WiFi & deliver greater wireless speed where the signal is intermittent or weak, improving range & connectivity you desire for iPads®, smartphones, laptops & more.
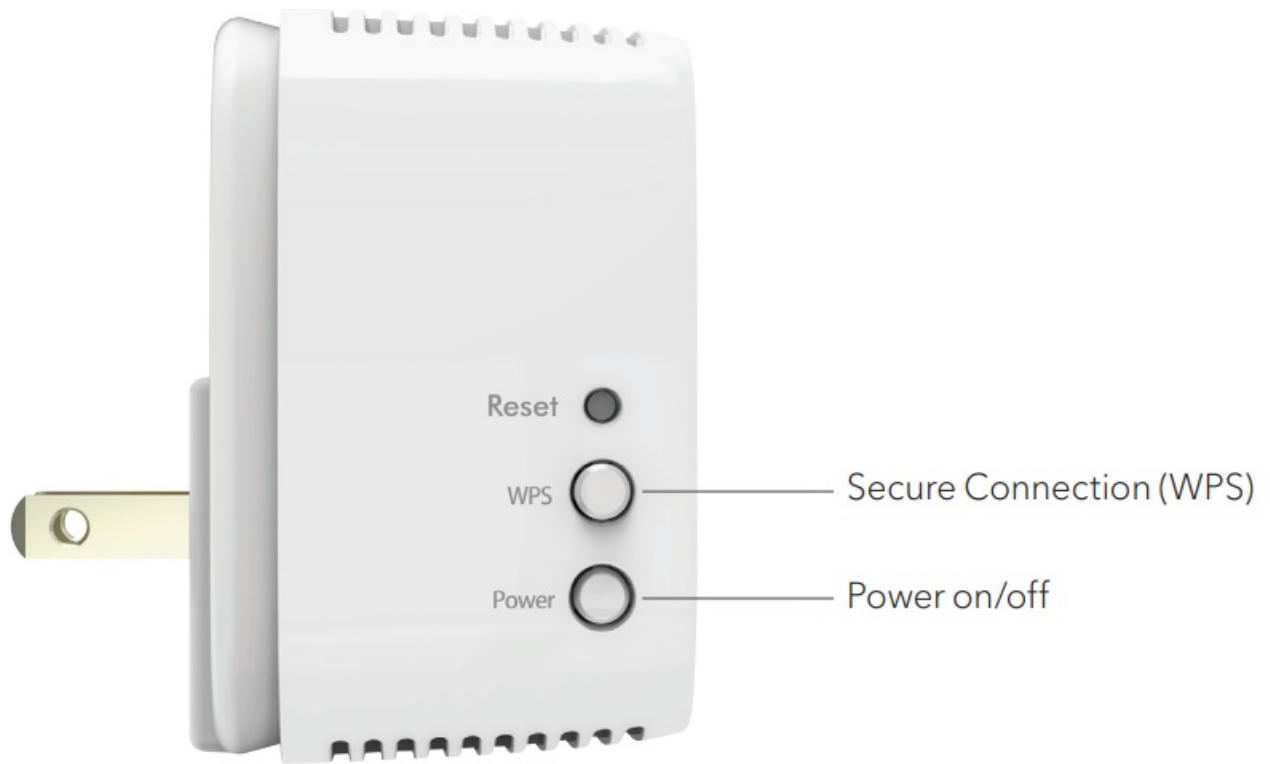

WiFi Range Extender

Boosts the range of your existing WiFi & creates a stronger signal in hard-to-reach areas.

Existing WiFi

Sometimes your router does not provide the WiFi coverage you need.

Package Contents
