NETGEAR GS305 FE and GE Unmanaged Switches

Technical Specifications

- **Description:** Unmanaged Switches
- **Operating temperature:** Not specified
- **Power adapter:** Varies by region
- **5-Port Gigabit Ethernet Switch:** Yes
- **5-Port Fast Ethernet Switch:** Yes
- **8-Port Gigabit Ethernet Switch:** Yes
- **8-Port Fast Ethernet Switch:** Yes

Product Usage Instructions

• Step 1: Connect the Equipment

To set up your unmanaged switch, follow these steps:

1. Connect your computer to the switch using an Ethernet cable.
2. Connect the switch to your internet source (e.g., modem) using another Ethernet cable.
3. If desired, connect an optional modem or router to the switch using additional Ethernet cables.

• Step 2: Connect to Power and Power On

Make sure to use the correct power adapter for your region.

1. Locate the Off/On switch on your switch.
2. If your switch has an Off/On switch, move it to the “On” position to provide power to the device.

Note: The power adapter is not included in the box and must be purchased separately.

• Step 3: Check the Status

Check the status of your switch by looking at the LED indicators:

- **Power LED:** It should be “On” to indicate that the switch has power.
- **Port LEDs:** The Ethernet link LED should be “On” and the activity LED should be blinking to indicate an active connection. If there is no link, the LEDs will be off.

FAQ

• Where can I register my product for NETGEAR telephone support?

You can register your product at <https://my.netgear.com>. Make sure to locate the serial number on the label of your product before registering.

• Where can I find product updates and web support?

For product updates and web support, visit <http://support.netgear.com>.

• Where can I download the installation guide in multiple languages?

You can download the installation guide in multiple languages at <http://downloadcenter.netgear.com>.

• Where can I find the product specifications?

You can find the product specifications on the product page or download the data sheet at <http://support.netgear.com>.

• Where can I find the EU Declaration of Conformity?

For the current EU Declaration of Conformity, visit http://support.netgear.com/app/answers/detail/a_id/11621/.

• Where can I find regulatory compliance information?

For regulatory compliance information, visit <http://www.netgear.com/about/regulatory/>. Make sure to review the regulatory compliance document before connecting the power supply.

- **What should I do if I'm not sure which power adapter to use?**

For safety reasons, it is important to use only the power adapter that is sold with your product. If you are unsure, please contact NETGEAR technical support.

- **Step 1. Connect the equipment.**

- **Step 2. Connect to power and power on.**

Note: Power adapter varies by region.

If your product has an Off/On switch, move the Off/On switch to the on position to provide power to the device

- **Step 3. Check the status**

Technical Specifications

- **Operating temperature** 0°C to 40°C
- **Power adapter**
 - **5-Port Gigabit Ethernet Switch**
 - **Input.** 100–240 VAC, 50/60 Hz, 0.15A
 - **Output.** 5 VDC, 0.7A
 - **5-Port Fast Ethernet Switch**
 - **Input.** 100–240 VAC, 50/60 Hz, 0.15A
 - **Output.** 5 VDC, 0.7A
 - **8-Port Gigabit Ethernet Switch**
 - **Input.** 100–240 VAC, 50/60 Hz, 0.15A
 - **Output.** 12 VDC, 0.5A

- **8-Port Fast Ethernet Switch**

- **Input.** 100–240 VAC, 50/60 Hz, 0.15A
- **Output.** 5 VDC, 0.7A

Support

Thank you for purchasing this NETGEAR product.

- After installing your device, locate the serial number on the label of your product and use it to register your product at <https://my.netgear.com>.
- You must register your product before you can use NETGEAR telephone support. NETGEAR recommends registering your product through the NETGEAR website. For product updates and web support, visit <http://support.netgear.com>. NETGEAR recommends that you use only the official NETGEAR support resources.
- You can get this installation guide in multiple languages at <http://downloadcenter.netgear.com>. For product specifications, see the product page or download the data sheet at <http://support.netgear.com>.
- For the current EU Declaration of Conformity, visit http://support.netgear.com/app/answers/detail/a_id/11621/.
- For regulatory compliance information, visit <http://www.netgear.com/about/regulatory/>.
- See the regulatory compliance document before connecting the power supply.

WARNING: For safety reasons, it is important that you use only the power adapter that is sold with your product. If you are not sure what power adapter to use, contact NETGEAR technical support.
