**NETGEAR R7450 Smart WiFi Router**

## Product Information

The AC2600 Smart WiFi Router is a high-performance router designed to provide fast and reliable WiFi coverage for your home or office. With its advanced features and capabilities, it offers a seamless internet experience for multiple devices.

## Specifications

- **Model:** R7450
- **Wireless Standard:** 802.11ac
- **WiFi Speed:** Up to 2600Mbps
- **Number of Antennas:** 3
- **Ethernet Ports:** 4
- **USB Ports:** 1
- **Power Adapter:** Included (varies by region)

## Package Contents

- Router
- Ethernet cable
- Antennas (3)
- Power adapter (varies by region)

## Product Usage Instructions

### Step 1: Physical Setup

1. Unbox the router and locate the included accessories.
2. Connect one end of the Ethernet cable to the router's WAN port and the other end to your modem.

3. Attach the antennas to their designated ports on the router.
4. Connect the power adapter to the router and plug it into a power outlet.

## **Step 2: WiFi Network Setup**

1. Locate the sticker on your router that displays the preset WiFi network name (SSID) and password.
2. On your computer or mobile device, open the WiFi settings and connect to the router's WiFi network using the provided SSID and password.

## **Step 3: Configuration with Nighthawk App**

1. Download and install the Nighthawk App from [Nighthawk-app.com](http://Nighthawk-app.com).
2. Launch the app and follow the on-screen instructions to set up your router.
3. Use the app to manage and customize your WiFi network settings, view connected devices, and perform speed tests.

### **Note:**

For more detailed setup instructions and advanced configuration options, refer to the user manual available at [www.netgear.com/support](http://www.netgear.com/support).

## **FAQ (Frequently Asked Questions)**

- **How can I access support for my NETGEAR product?**

You can visit [www.netgear.com/support](http://www.netgear.com/support) for product registration, downloads, user manuals, and community support. We recommend using official NETGEAR support resources.

- **Where can I find regulatory compliance information for this product?**

You can find regulatory compliance information at <http://www.netgear.com/about/regulatory/>. Make sure to review this document before connecting the power supply.

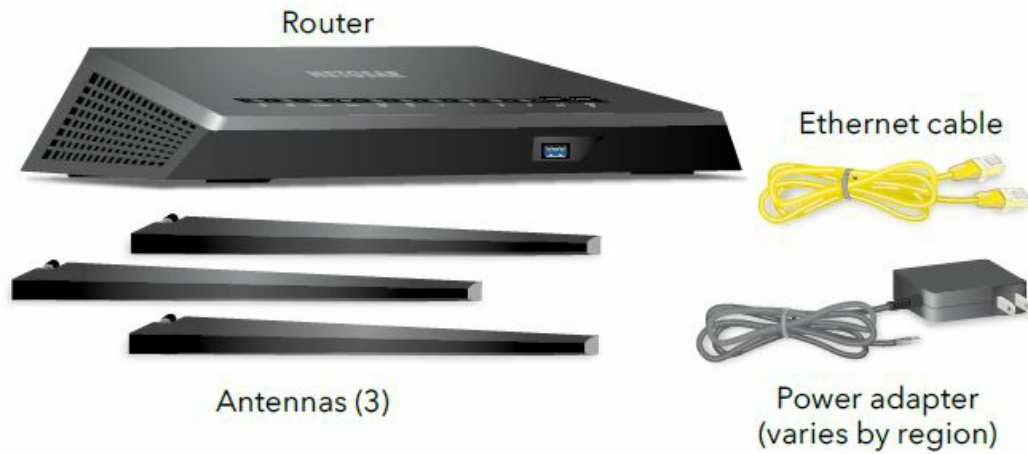

- **How can I change my WiFi network name and password?**

Using the Nighthawk App, you can easily change your WiFi network name and password. Simply launch the app, navigate to the settings menu, and select the appropriate options.

- **Can I connect multiple devices to my Nighthawk WiFi?**

**Absolutely!** The Nighthawk router supports multiple device connections. You can view a list of connected devices using the Nighthawk App.

## **Package Contents**

## Router WiFi Network Name and Password

A sticker on your router displays the preset WiFi network name, password, and QR code.

## Do More With the Nighthawk App

Now that your Nighthawk WiFi is set up, here are some more things you can do with the app:

-  View a list of devices that are connected to your network.
-  Change your WiFi network name and password.
-  Test your router's Internet connection speeds.

## Support

Thank you for purchasing this NETGEAR product. You can visit [www.netgear.com/support](http://www.netgear.com/support) to register your product, get help, access the latest downloads and user manuals, and join our community. We recommend that

you use only official NETGEAR support resources.

- (If this product is sold in Canada, you can access this document in Canadian French at <http://downloadcenter.netgear.com/other/>.)
- For the current EU Declaration of Conformity, visit [http://support.netgear.com/app/answers/detail/a\\_id/11621/](http://support.netgear.com/app/answers/detail/a_id/11621/).
- For regulatory compliance information, visit <http://www.netgear.com/about/regulatory/>.
- See the regulatory compliance document before connecting the power supply.

## Download the Nighthawk App to Get Started

- The Nighthawk app guides you through the installation.
- To download the app, visit [Nighthawk-app.com](http://Nighthawk-app.com).
