NIGHTHAWK®

NETGEAR RAX36 Nighthawk WiFi 6 Router

Product Information

Specifications

- **Model:** Nighthawk
- **Manufacturer:** NETGEAR, Inc.
- **Features:** NETGEAR ArmorTM, Parental Controls, Network Map, WiFi Settings
- **Components:**
    1. Router
    2. Ethernet cable
    3. Power adapter (varies by region)
- **Indicators:**
    - Power LED
    - Internet LED
    - WiFi LED
    - Ethernet LED
    - WPS LED

Product Usage Instructions

Setup

1. Scan the QR code on your mobile phone to download the Nighthawk app and follow the setup instructions.
2. If you have used the Nighthawk app before, go to the dashboard, tap the top left menu, then select "SET UP A NEW NIGHTHAWK SYSTEM."

Network Security

Check your network security with NETGEAR ArmorTM. NETGEAR Armor provides automatic security across your connected devices. Tap the SECURITY tile in the Nighthawk app to explore your complimentary Armor trial and protection score.

App Features

Explore the features of the Nighthawk app, such as pausing the Internet, running speed tests, setting parental controls, and more.

(Availability of software services can vary by region.)

Troubleshooting

If you encounter installation issues, consider these tips. Additionally, you can find more setup help online at **netgear.com/routerhelp**

FAQ

- **Q: Where can I get support for my Nighthawk router?**
  - A: You can get your questions answered and access the latest downloads at netgear.com/support. You can also visit the NETGEAR Community at community.netgear.com for additional assistance.
- **Q: Are there any regulatory restrictions for using the Nighthawk router?**
  - A: Applicable to 6 GHz devices only, ensure that you only use the device indoors. The operation of 6 GHz devices is prohibited on oil platforms, cars, trains, boats, and aircraft, except for large aircraft flying above 10,000 feet. Additionally, the operation of transmitters in the 5.925-7.125 GHz band is prohibited for controlling or communicating with unmanned aircraft systems.
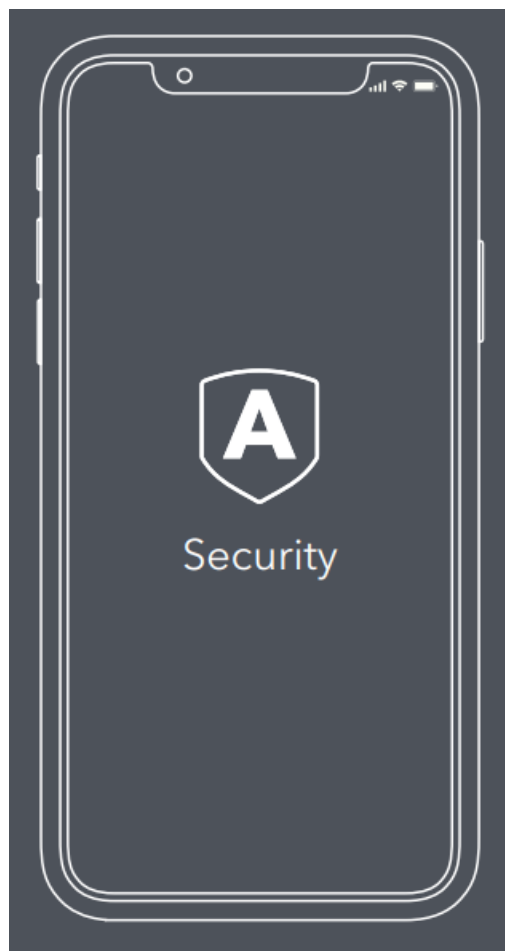

Quick Start

1. On your mobile phone, scan the QR code to download the Nighthawk app and follow the setup instructions If you used the Nighthawk app before, go to the dashboard and tap the top left menu, then SET UP A NEW NIGHTHAWK SYSTEM.
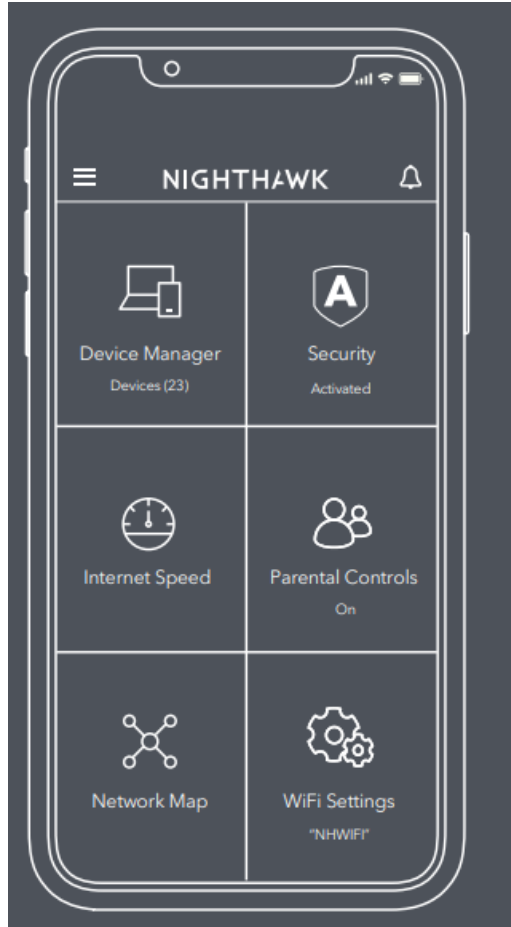

2. Check your network security with NETGEAR ArmorTM

   NETGEAR Armor protects your family's WiFi with an automatic shield of security across your connected devices. Tap the SECURITY tile in your Nighthawk app to explore your complimentary Armor trial and protection score.
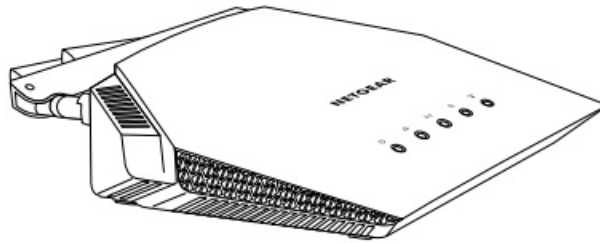

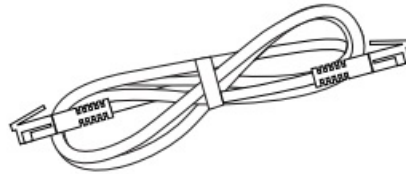

3. Do more with the app

Check out everything you can do on the Nighthawk app! Pause the Internet, run a speed test, set smart parental controls, and more. (Availability of software services can vary by region.)

3. WiFi LED
4. Ethernet LED
5. WPS LED

Troubleshooting

If you're having problems with the installation, you can try these tips:

- Turn off your modem and router and disconnect them. Reboot your modem. Reconnect your router to your modem and try installing the Nighthawk app again.
- If you're still unable to install your router using the Nighthawk app, install it using the router web interface. Visit routerlogin.net to access the router web interface.

You can also find more setup help online at **netgear.com/routerhelp**.
