- Sync/WPS button LED on/off button
- Power adapter*
- Ethernet cable
- Reset button
- Power on/off button
- 10G LAN port
- Gigabit LAN ports
- USB port
- 10G Internet port
- Power connection

Product Usage Instructions

Initial Setup:

Scan the QR code on your mobile phone to download the Nighthawk app and follow the setup instructions. If you have used the app before, go to the dashboard and tap the top left menu, then SET UP A NEW NIGHTHAWK SYSTEM.

Network Security:

Check your network security with NETGEAR Armor™. Tap the SECURITY tile in your Nighthawk app to explore your complimentary Armor trial and protection score.

App Features:

Explore the Nighthawk app functionalities such as pausing the Internet, running speed tests, setting parental controls, and more.

Troubleshooting:

If you encounter setup issues, try turning off your modem and router, rebooting your modem, and reconnecting your router using the Nighthawk app. If that doesn't work, access the router web interface at routerlogin.net for installation.

FAQ

- **Where can I find additional setup help?**

For more setup assistance, visit netgear.com/routerhelp or contact Netgear support at netgear.com/contact.

- **How can I ensure network security?**

Utilize NETGEAR Armor™ to protect your family's WiFi and connected devices with automatic security shields.

- **What should I do if I still face installation problems?**

If you're unable to install using the Nighthawk app, try accessing the router web interface at routerlogin.net as an alternative method.

LET'S GET STARTED

1. **On your mobile phone, scan the QR code to download the Nighthawk app and follow the setup instructions**

If you used the Nighthawk app before, go to the dashboard and tap the top left menu, then SET UP A NEW NIGHTHAWK SYSTEM.

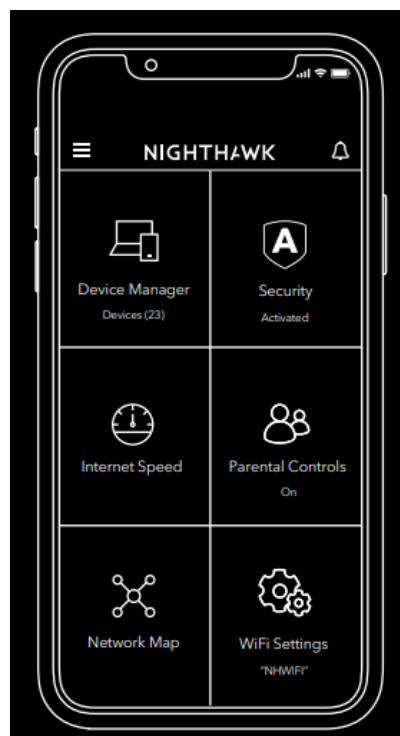

2. Check your network security with NETGEAR Armor™

- NETGEAR Armor protects your family's WiFi with an automatic shield of security across your connected devices.
- Tap the SECURITY tile in your Nighthawk app to explore your complimentary Armor trial and protection score.

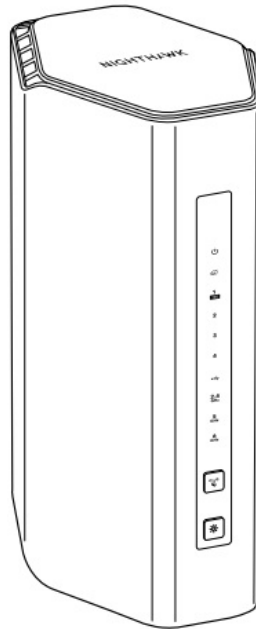

3. Do more with the app

Check out everything you can do on the Nighthawk app! Pause the Internet, run a speed test, set smart parental controls, and more.

CONTENTS

Router

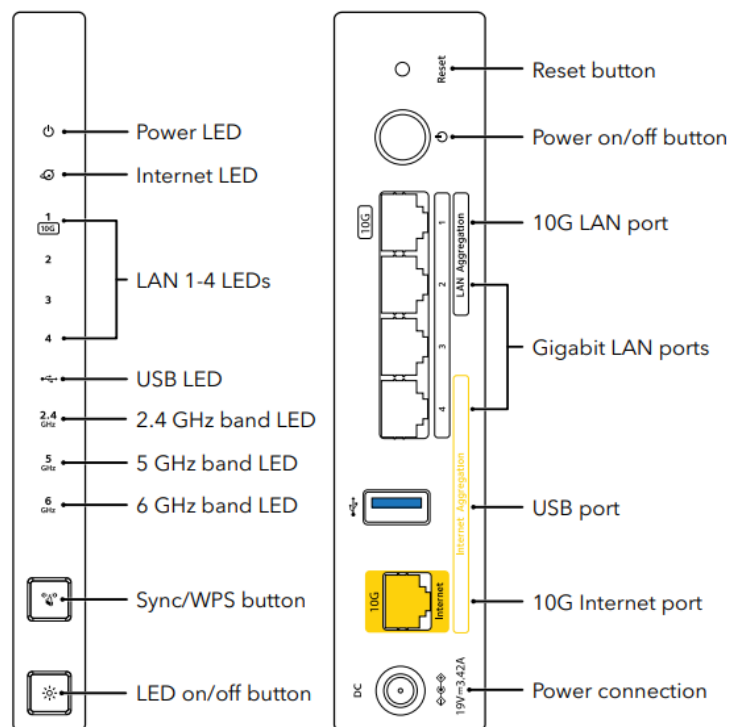

Power adapter*

Ethernet cable

OVERVIEW

NEED HELP?

- We want you to have the best experience with your new Nighthawk router. If you need help with setup, or have any questions or concerns, visit netgear.com/contact to reach your local support team.

- If you prefer to troubleshoot before calling us, you can try these tips:
 - Turn off your modem and router and disconnect them. Reboot your modem. Reconnect your router to your modem and try installing with the Nighthawk app again.
 - If you're still unable to install your router using the Nighthawk app, install it using the router web interface. Visit routerlogin.net to access the router web interface.
- You can also find more setup help online at netgear.com/routerhelp.

SUPPORT AND COMMUNITY

Get your questions answered and access the latest downloads at netgear.com/support, and check out our NETGEAR Community at community.netgear.com.

REGULATORY AND LEGAL

- For regulatory compliance information including the EU Declaration of Conformity, visit netgear.com/about/regulatory. See the regulatory compliance document before connecting the power supply. For NETGEAR's Privacy Policy, visit netgear.com/about/privacy-policy.
- Applicable to 6 GHz devices only: Only use the device indoors. The operation of 6 GHz devices is prohibited on oil platforms, cars, trains, boats, and aircraft, except that operation of this device is permitted in large aircraft while flying above 10,000 feet. Operation of transmitters in the 5.925-7.125 GHz band is prohibited for control of or communications with unmanned aircraft systems.
