Camera Structure

Read Before Installing

1. Keep Home Cam 2 and all accessories out of reach of children and pets.
2. Home Cam 2 comes with a power adapter. If you prefer other power adapters, please make sure that they

allow a DC5V power supply voltage, and an electric current not less than 1A .

3. Working temperature: -10°C to 50°C (14°F to 122°F) Working relative humidity: 0-95%

4. Please do not expose the camera lens to direct sunlight.

Note:

1. Netvue Home Cam 2 only works with 2.4GHz Wi-Fi.
2. Strong lights may interfere with the device's ability to scan QR code.
3. Avoid placing the device behind furniture or near microwaves. Try to keep it within range of your Wi-Fi signal.

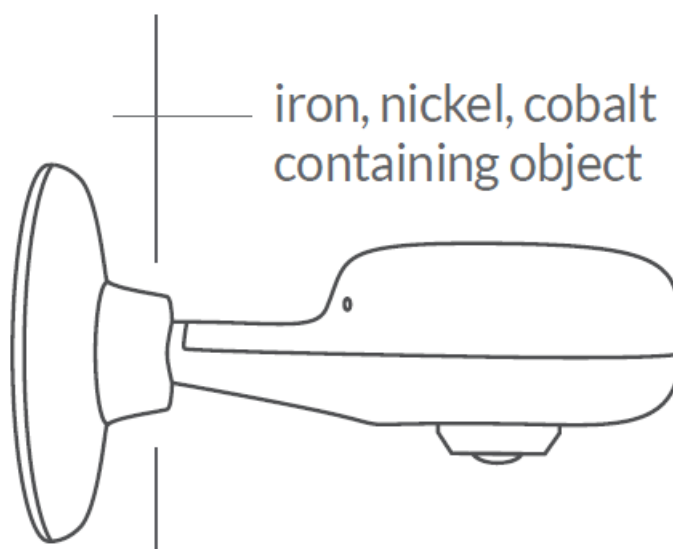

Set Up With Netvue App

Download Netvue App from App Store or Google Play. Follow the in-app instruction to complete the entire set up process.

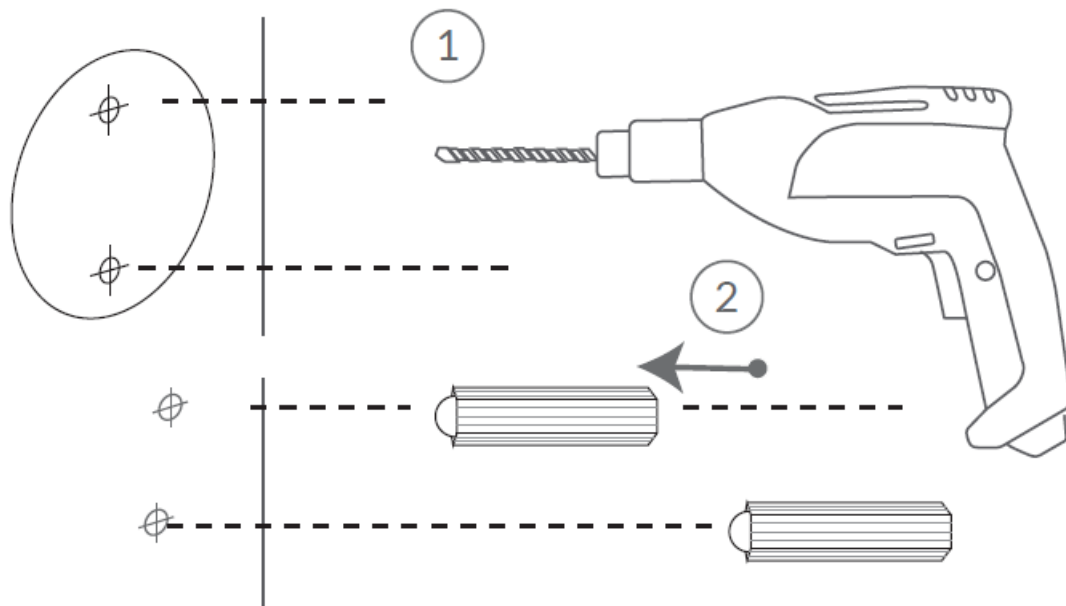

Mount Your Home Cam 2

Put your Home Cam 2 just anywhere you want on the wall, under the ceiling, or directly on the desktop.

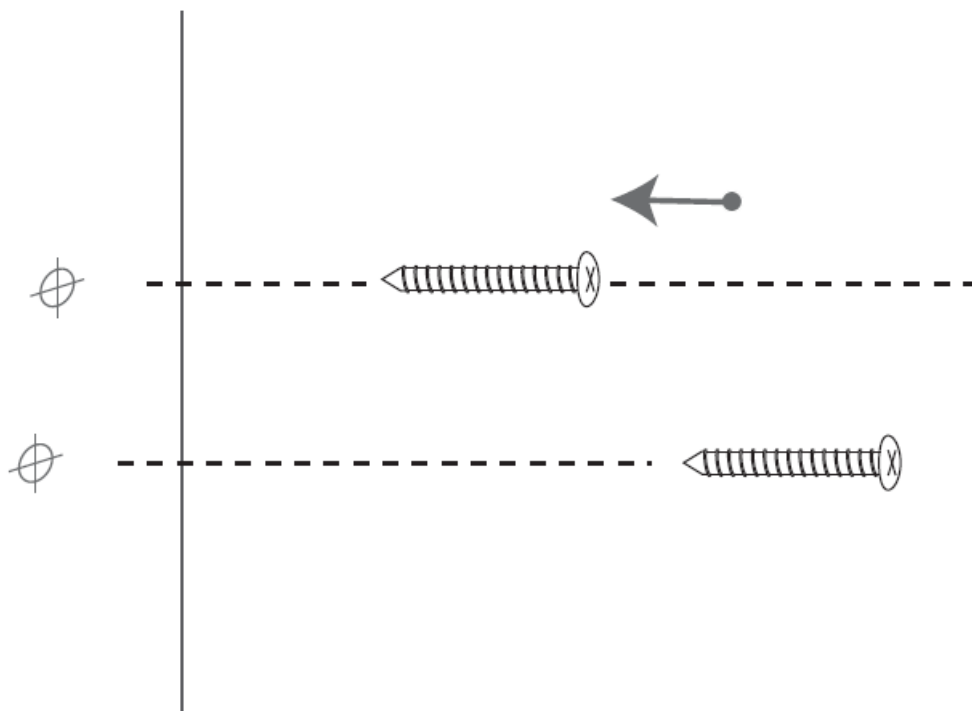

With the magnetic base, Home Cam 2 can be attached to the surface of any iron, nickel, or cobalt-containing object, such as a refrigerator,

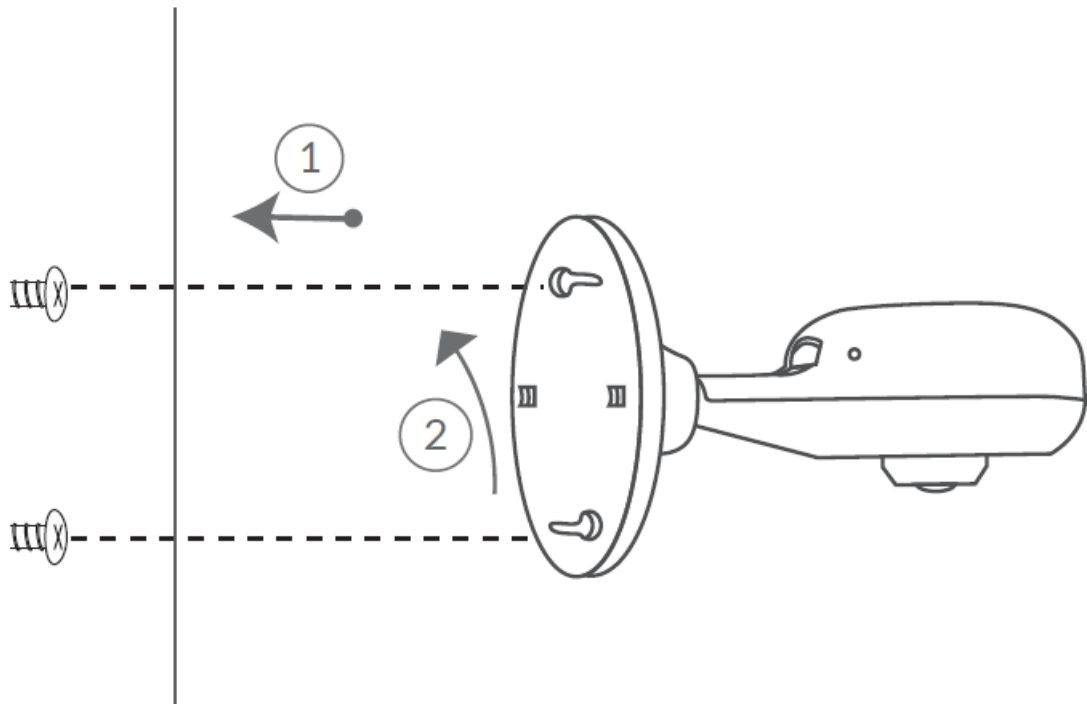

Install on the Wall

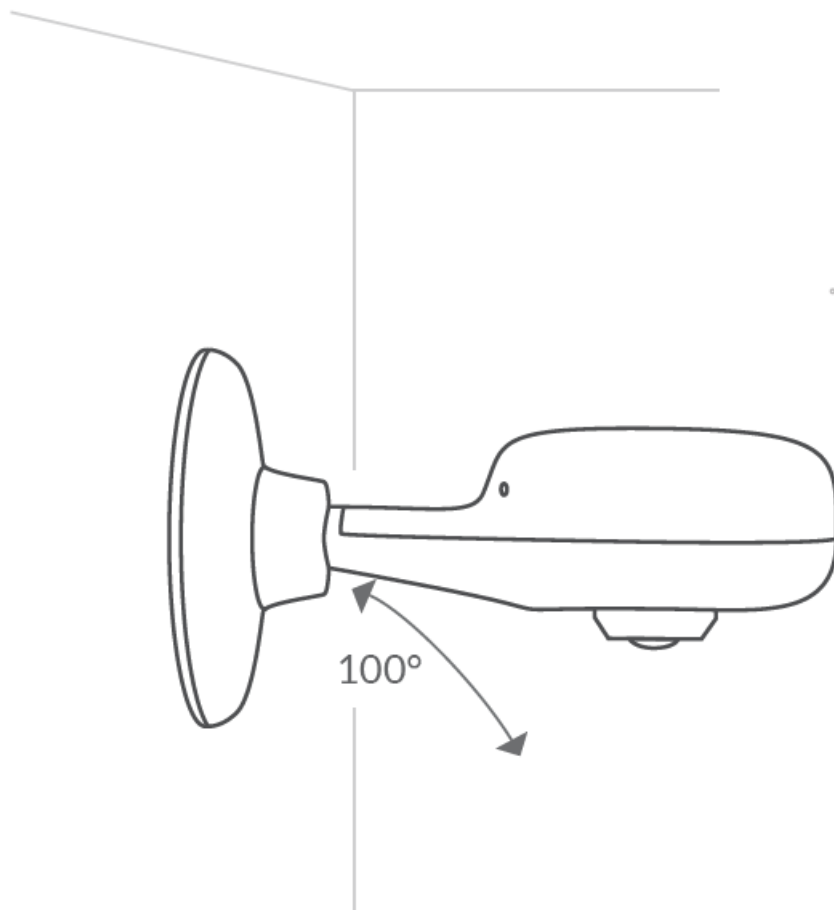

1. Use the provided drilling template to mark the position of holes on your wall. Use drill bit (15/64", 6mm) to drill two holes, and then install anchors to hold screws.

2. Install the Mounting Bracket on your wall with the Screws provided.

3. Point the hole at the bottom to the nail and turn it counterclockwise.

4. Now it is all set, you could rotate it 100 degrees up and down.

Netvue Protect Plan

Netvue Protect Plan provides optional advanced features for those with higher security needs, and each plan supports multiple devices.
