Mounting Bracket

Drilling Template

Ejector Pin

Hex Bolt

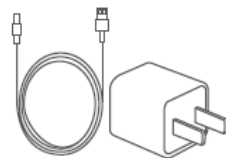

X 2

Anchors

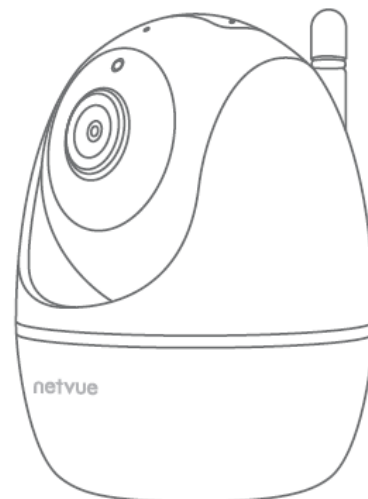

X 2

Mounting Screws

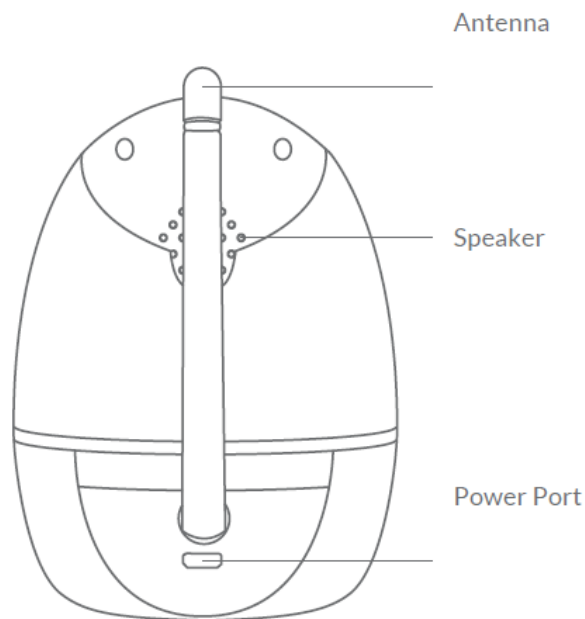

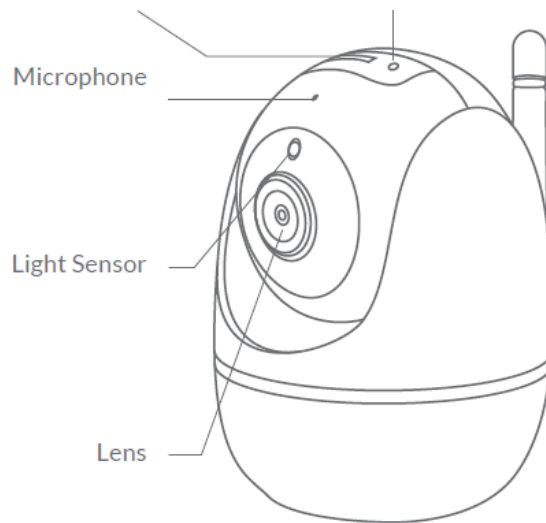

Power Adapter

Camera Structure

Micro SD Card Slot

Wi-Fi Configuration Hole

Read Before Installing

1. Keep Orb Cam Mini and all accessories out of reach of children and pets.
2. Orb Cam Mini comes with a power adapter. If you prefer other power adapters, please make sure that they allow a DC5V power supply voltage.
3. Working temperature: -10°C to 50°C (14°F to 122°F) Working relative humidity: 0-95%
4. Please do not expose the camera lens to direct sunlight.

Note:

1. Netvue Orb Cam Mini only works with 2.4GHz Wi-Fi.

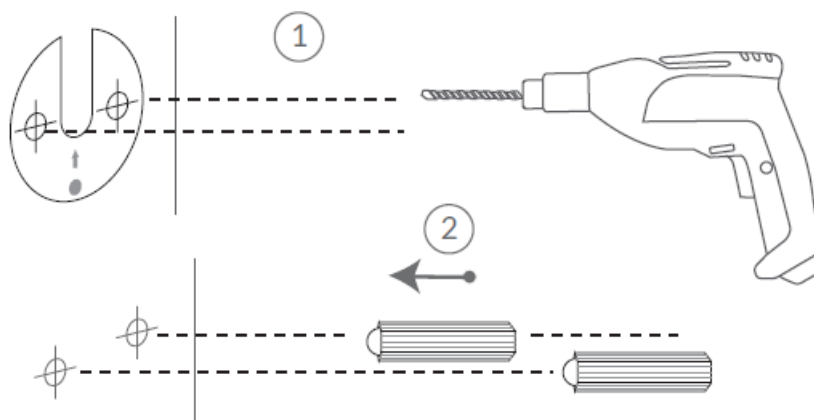

2. Strong lights may interfere with the device's ability to scan QR code.
3. Avoid placing the device behind furniture or near microwaves. Try to keep it within range of your Wi-Fi signal.

Set Up With Netvue App

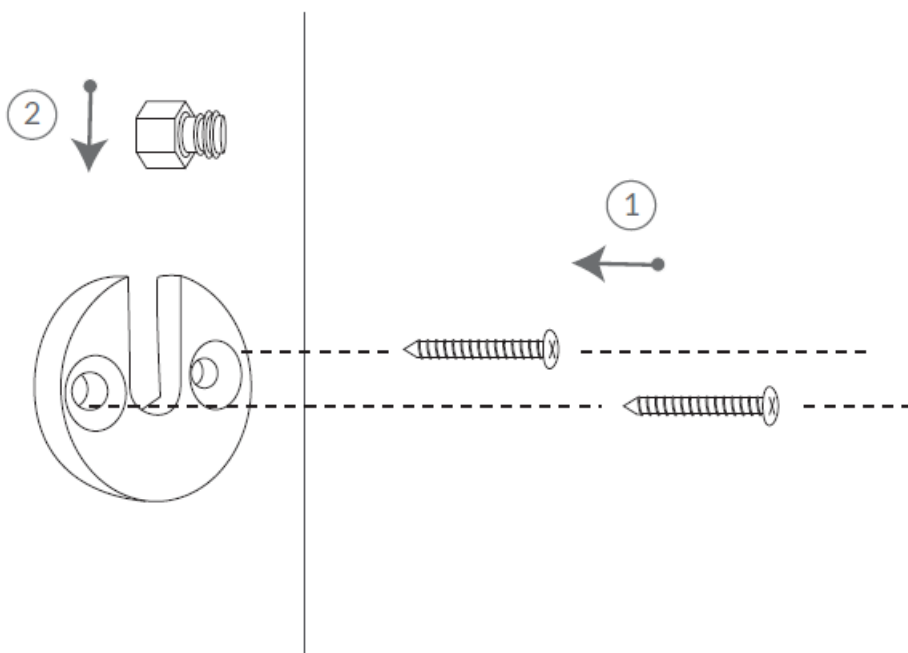

Download the Netvue App from App Store or Google Play. Follow the in-app instruction to complete the entire set up process.

Installation

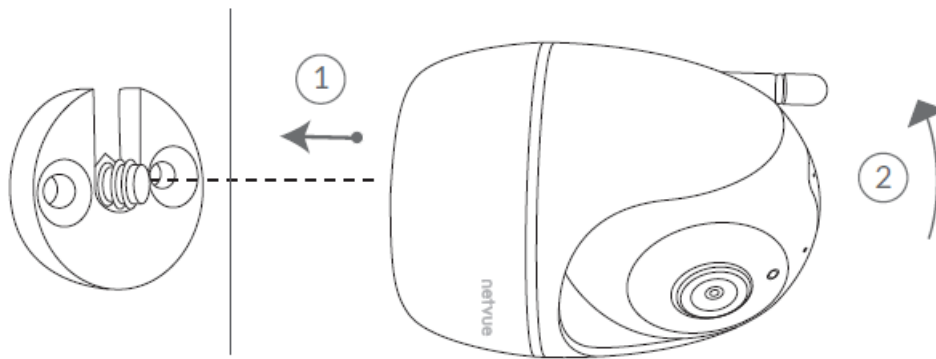

If you are going to install camera on wood, just skip this step. If you are going to install camera on concrete or brick:

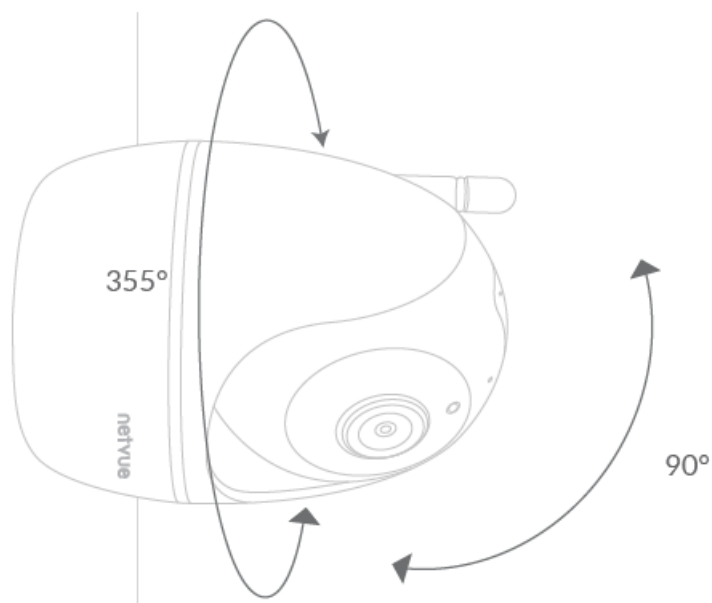

Step 1: Use the provided drilling template to mark the position of holes on your wall. Use drill bit (15/64", 6mm) to drill two holes, and then install anchors to hold screws.

Step 2: Install the Mounting Bracket with the Screws provided. And then place the Hex Bolt into the Mounting Bracket.

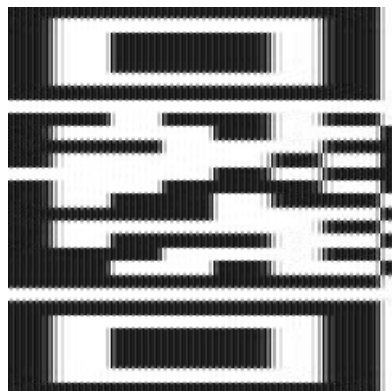

Step 3: Tighten the Orb Cam clockwise to the Hex Bolt.

Step 4: Now you can turn around your Orb Mini horizontally and vertically using Netvue App.

Netvue Protect Plan

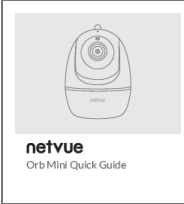

Netvue Protect Plan provides optional advanced features for those with higher security needs, and each plan supports multiple devices.
