## INSTALLATION INSTRUCTIONS:

This Mist-On-Demand (MOD) kit is designed for home & garden and can be used on patios for air temperature cooling in the heat. To install hang tubing with provided cable ties on the desired structure. Run the tubing back to an outdoor garden hose faucet. Attach the GHT thread adapter and push in tubing, pull slightly to ensure properly attached. Use the mini tube cutter to cut tube where nozzle is desired. Use a mist nozzle fitting to couple tubing back together, pull tubing slightly to ensure properly attached. Use provided plug at the end of tubing on last nozzle to seal the system. You will need hardware and hand tools for mounting.

**WARNING:** Please note this product is intended for outdoor use. Do not use electronics in range of mist.
