## Upgrade Your Mattress Upgrade Your Life

Congratulations on your new Newentor Life® Mattress Topper! Thank you for your purchase and for being one of our valued customers.

## About Newentor Life® Mattress Topper

Newentor Life® mattress toppers are crafted with the utmost care and quality. We've been providing our customers with years of comfort and support by designing high-quality, reliable mattress toppers.

## Before the first use

You may experience some initial discomfort. Please allow 2 to 4 weeks for the topper to gradually adjust to your body shape.

The topper will fully expand within 1 to 2 days after opening. Foam naturally has a slight odor, which is completely harmless and will dissipate over time. Place the topper in a well-ventilated area, and using a vacuum cleaner can help reduce the odor effectively. This topper is designed to provide a balanced combination of softness and support for a comfortable night's sleep. If you feel that it does not meet your preferences initially, simply adjust your sleeping position or give it more time to mold to your body.

## Maintenance and cleaning

The topper includes a removable cover; please refer to the cleaning instructions on the inner side of the cover before washing. To remove dust and dust mites, it is recommended to use a vacuum cleaner.

Please avoid bending the topper, as it could damage its internal structure.

To maintain optimal comfort and hygiene, it's recommended to replace the topper every 8 to 10 years, as dust and dust mites can accumulate over time.

### Batch no.

 Keep the topper away from fire. Keep plastic packaging away from children.
