next level RACING F-GT Elite Keyboard and Mouse Tray Instruction Manual

SIM RACING JOURNEY STARTS HERE

We know you're eager to start racing! Take your time with the instructions and follow this guide to assemble your product.
You'll be setting yourself up for success with following the instruction booklet to fully optimize your product.

PRE-RACE CHECKS

WARNING

- Please do not use power tools for assembly as over tightening can damage your frame
- Please ensure T-Nuts are correctly placed within the extrusion
- Do not force parts together
- Avoid cross threading bolts
- If in doubt consult the installation video or contact us on support@nextlevelracing.com
- Beware of sharp edges on the extrusion pieces

 If you require any support with your product please contact our friendly team at: support@nextlevelracing.com
