PRE-RACE CHECKS

WARNING

- Please do not use power tools for assembly as over tightening can damage your frame.
- Do not adjust the hubs while user is sitting in cockpit. Make sure user is out of the cockpit before adjusting.
- Make sure the hubs are tightened fully before using the cockpit. (spin the hub clockwise to ensure it is fully tight)
- Make sure strap on wheel bar is tight when adjusting the hubs otherwise the wheel will fall when hubs are open.

If you require any support with your product please contact our friendly team at:
support@nextlevelracing.com

WARNING
