Using the Sena Device Manager

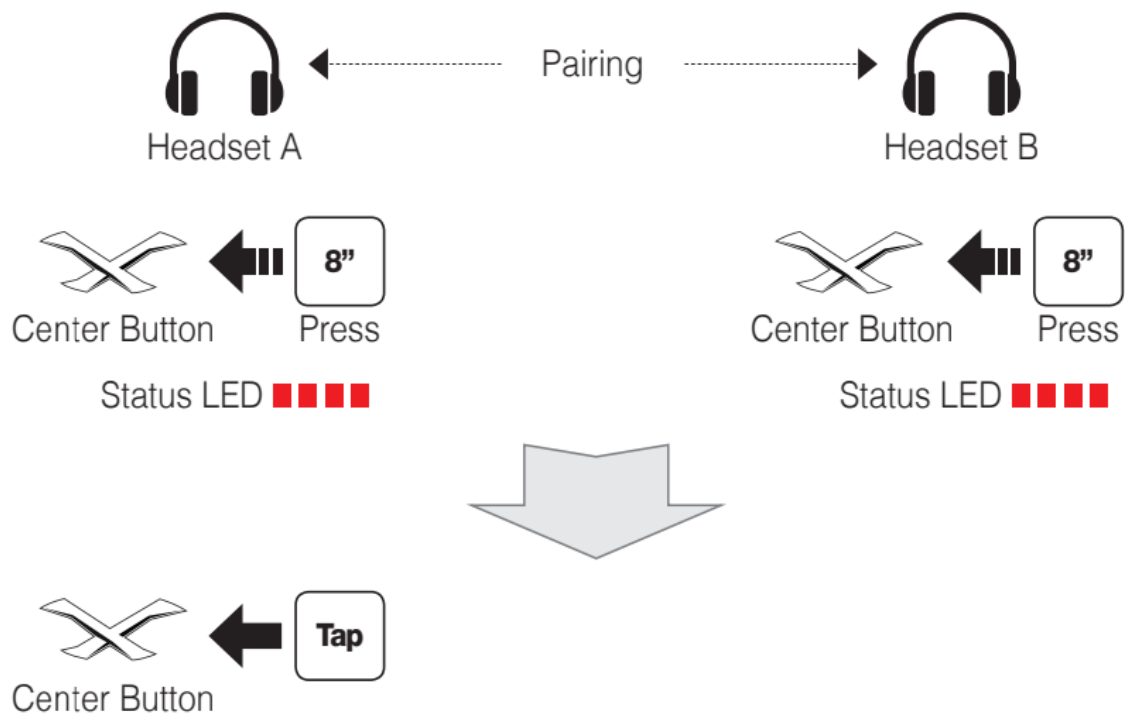

Connect the headset to your computer via a USB cable. Launch the Sena Device Manager and click DEVICE SETTING to configure the headset settings. For more information on downloading the Sena Device Manager, please visit www.sena.com.

Using the Sena Smartphone App

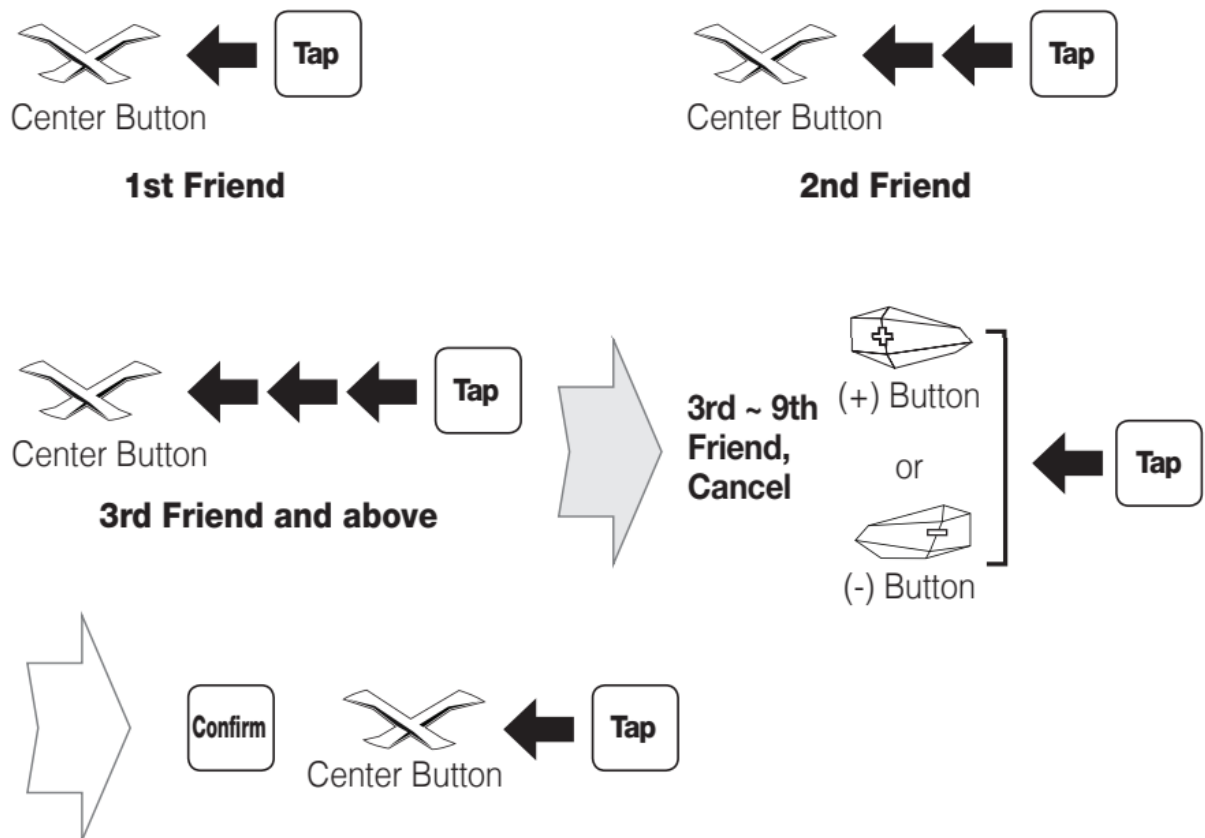

1. On your smartphone, download the Sena Smartphone App for Android (Google Play) or iPhone (App Store).
Please refer to www.sena.com/headset-app/ for more details.
2. Pair your smartphone with the headset.
3. Run the Sena Smartphone App. Swipe the screen to the right and tap SETTING to configure the headset

settings.

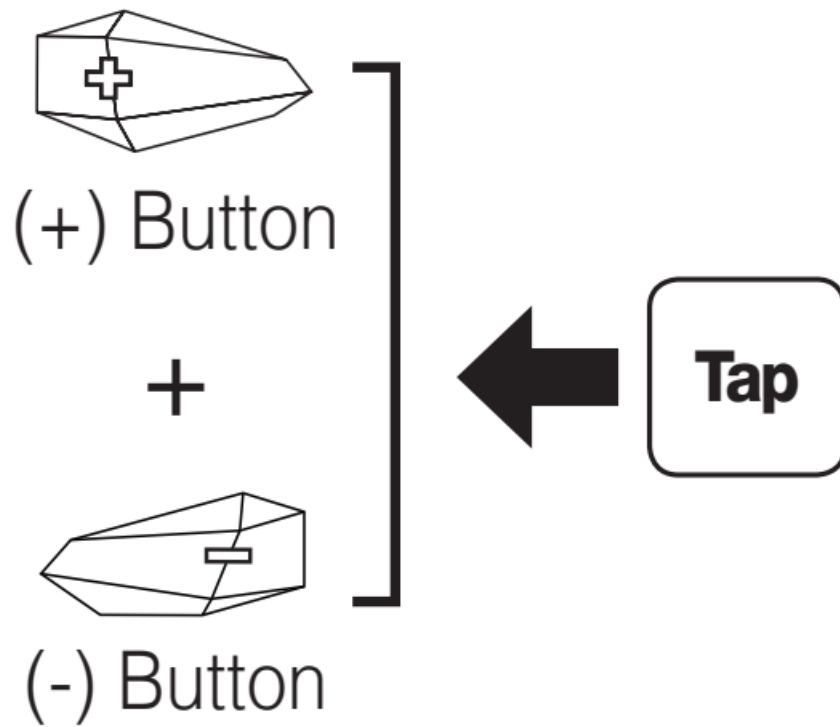

Intercom Pairing

Start / End Intercom

Start / End Group Intercom

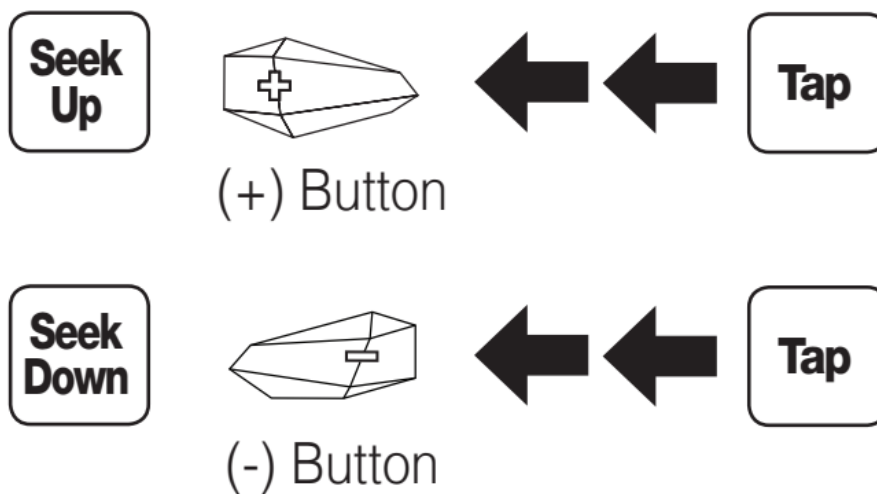

Note:

You can use Group Intercom after saving your own group in the Sena Smartphone App.
Please refer to the X-COM2 User's Guide in more detail.

“FM radio”	FM Radio on/off
“Intercom [one, two, ..., nine]”	Start/End each intercom
“Speed dial [one, two, three]”	Speed dialing

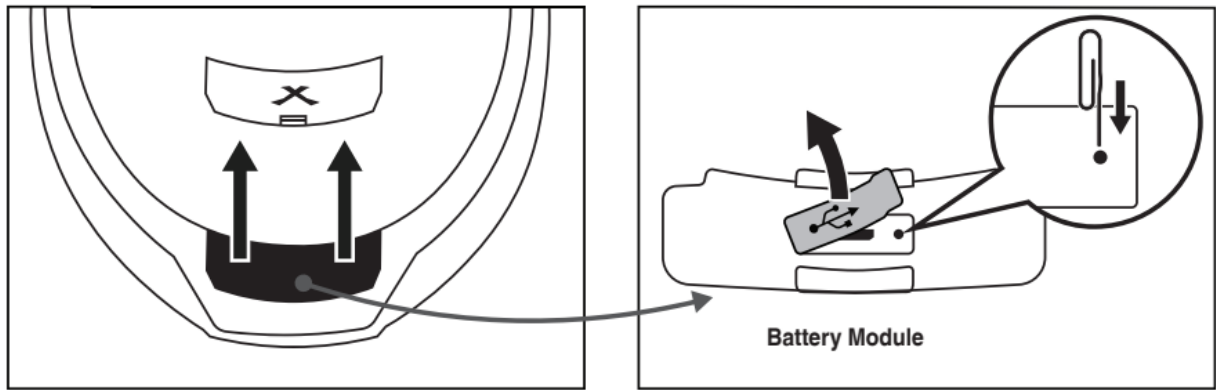

Troubleshooting

Factory Reset

If you want to restore the X-COM2 to factory default settings, use the Factory Reset in the configuration menu. The headset automatically restores the default settings and turns off.

Fault Reset

If the X-COM2 is not working properly for any reason, reset it by gently pushing the pin-hole reset button located next to the Micro USB Power Charging & Firmware Upgrade Port.

A full version of the manual is downloadable at www.nexx-helmets.com.
