NICREW

NICREW Hyper Reef Controller

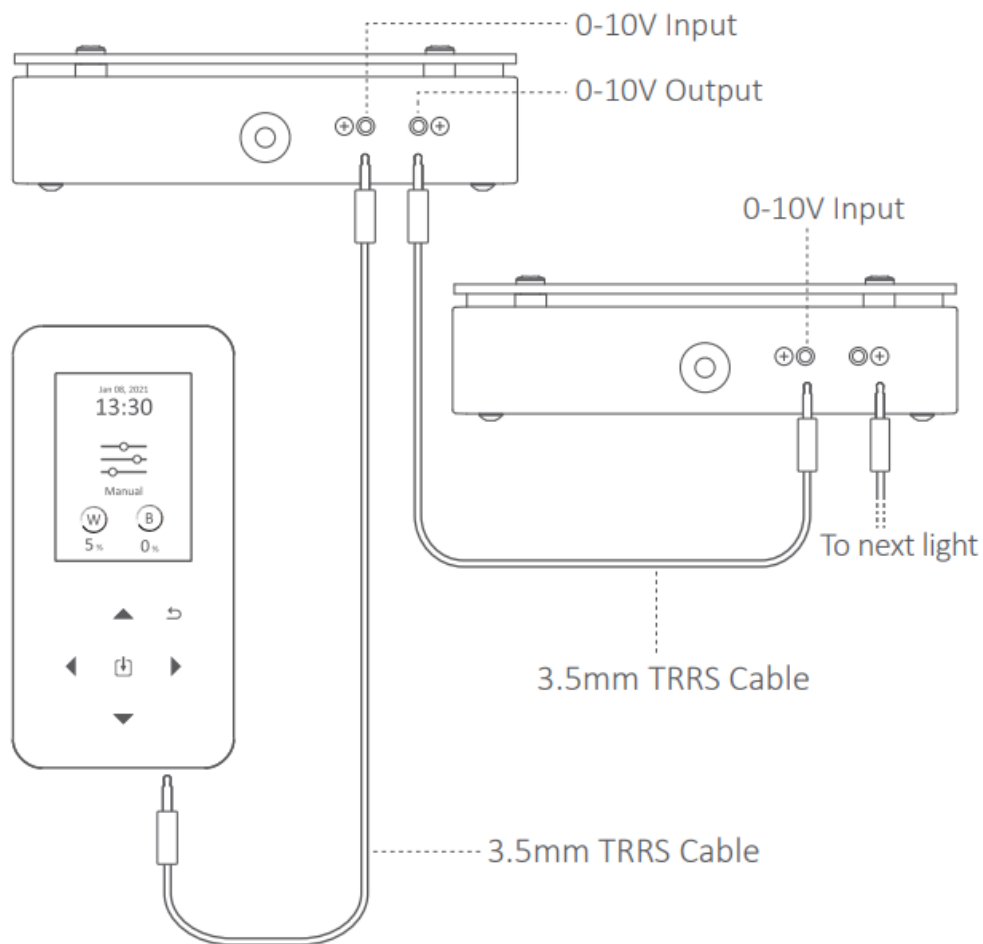

Safety Instructions

- DO NOT use a power supply outside the specifications.
- DO NOT use outdoors. This unit is intended for indoor use only.
- DO NOT expose the unit to an extremely humid environment or submerge the unit in water. This may lead to unit failure.
- DO NOT mount over open water.
- ENSURE that the back plate is correctly mounted to a steady surface. Incorrect mounting can result in detachment of the plate and controller.

What's in the Box

- 1 x HyperReef Controller
- 2 x Screws
- 2 x Nylon Anchors
- 1 x Magnetic Back Plate
- 2 x 3.5mm TRRS Cables

Navigation

Get Started

Step 1: Power

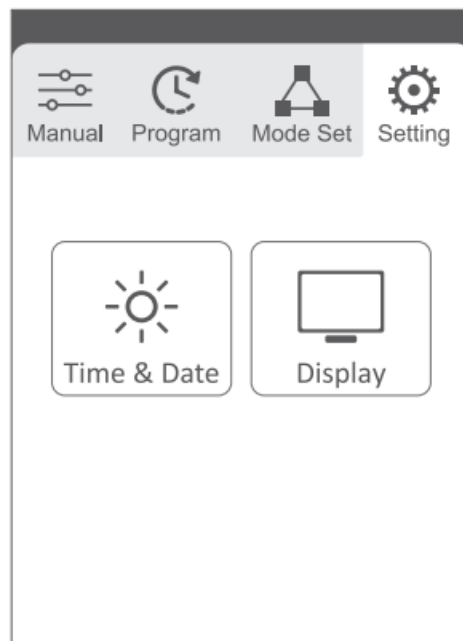

- Insert the 3.5mm TRRS cable into the light fixture.
- Plug the other end to the controller port.

Alternative

- For third-party light fixtures, plug the Type-C cable into the USB Type-C slot and a 5V/1A USB power adapter. (USB power adapter and Type-C cable are not included.)
- The HyperReef controller can be powered off through HyperReef 50, 100, and 150 if the controller is not connected to a 5V/1A USB power adapter.

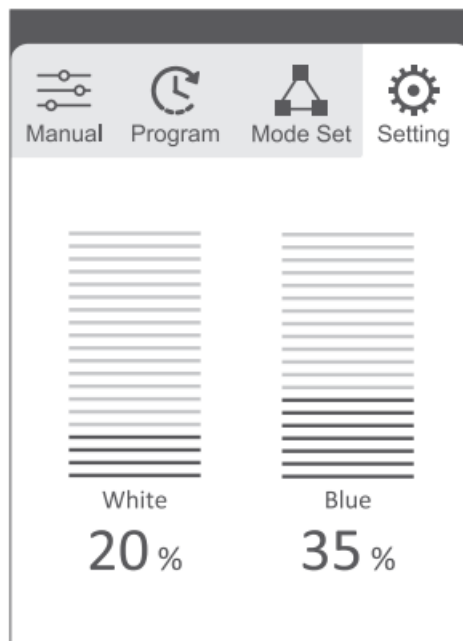

Step 2: Set Up

- Use the Direction Pad to navigate to the Setting tab.
- Press  to access the setting.
- Press  to return to the Dashboard.

Step 3: Manual Configuration

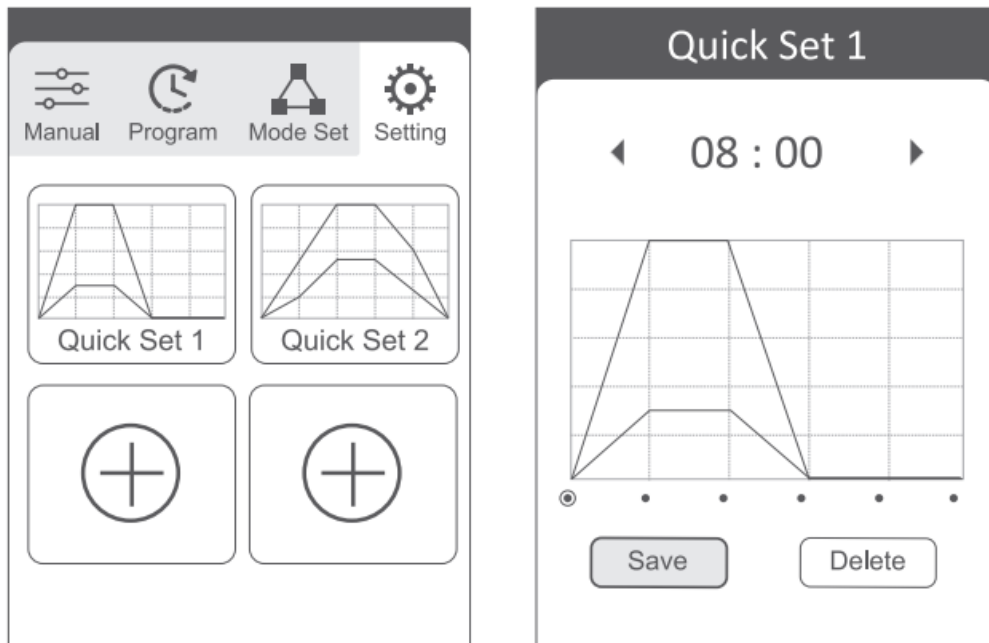

- Navigate to the Manual tab by pressing ◀▶ the button.
- Press ⏴ to access manual mode.
- Press ◀▶ to select the lighting bar, and press to set the light intensity.
- Press ⏴ to return to the tab options.

Step 4: Program

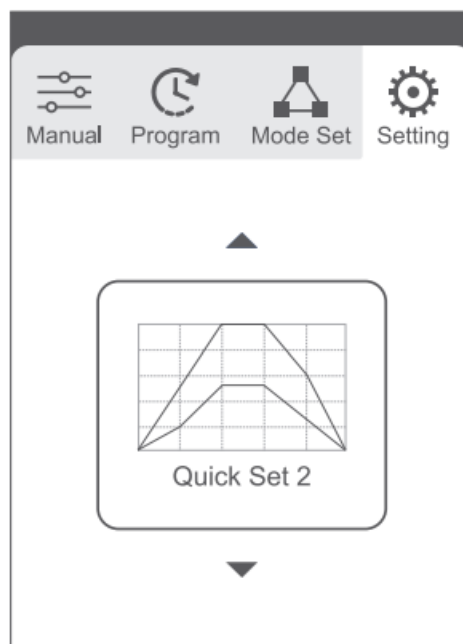

- Navigate to the Program tab.
- Press ⏴ to access the program's settings.
- Press ◀▶ ⏴ to navigate between preset programs or new programs and press ⏴ to enter.
- Press ◀▶ to choose the time point and press ⏴ to enter for detail settings.

- Press  to navigates between functional settings.
- Press  and then press  to adjust the value.
- Press  to returns to the tab options.
- **NOTE:** Make sure to save when finished.

Step 5: Mode Set

- Navigate to the Mode Set tab.
- Press  to access the lighting mode selection.
- Press  to select the desired lighting schedule.
- Press  to return to the tab options.

Step 6: Mounting

- Use the screws provided to mount the magnetic back plate to a wooden surface.

- If mounting to a wall, pre-drill two 6mm holes and insert nylon anchors before screwing the plate in.
