niko 226-56955 Rocker Threefold Vertically Oriented Faceplate

The Niko Rocker threefold vertically oriented faceplate clicks onto a single switch and two 45 x 45 mm functions that have been vertically installed on top of each other with a center distance of 71 mm. The faceplate combines with any available Niko Rocker for single switch functions and a Niko 45 x 45 mm finishing set. It consists of an upper frame, a light guide, and a lower frame that are mechanically interconnected. The upper frame is made of anodized brushed aluminum (alu blue-grey). The lower frame is made of dark grey polycarbonate (PC) + acrylic-styrene-acrylate (ASA), blue-grey coated. The upper frame is 6 mm thick and the lower frame 2 mm.

Niko recommends a design combination with a finishing set in the following color: alu blue grey.

- Exclusive materials
- Authentic vintage design
- Belgian design & craftsmanship
- The design matches Niko Pure's portfolio
- Proven Niko quality
- Unique illuminated switch design (by adding feedback LED)
- Designed to fit any available 45 x 45 mm function

Specifications

- **Product Name:** Threefold Faceplate
- **Orientation:** Vertical
- **Centre Distance:** 71 mm
- **Functions:** Single switch and two 45×45 functions
- **Color:** Niko Rocker Alu Blue Grey Brushed
- **Model Number:** 226-56955

FAQs

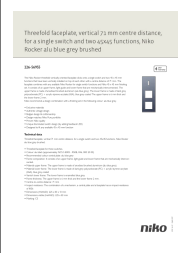

Q: How do I clean the Niko Rocker Alu Blue Grey Brushed faceplate?

A: Use a soft, dry cloth to gently wipe the faceplate. Avoid using harsh chemicals or abrasive materials to prevent damage to the finish.

Q: Can I paint over the faceplate to match my wall color?

A: It is not recommended to paint over the faceplate as it may affect the functionality and appearance of the product. It is best to select a faceplate color that complements your wall color.
