## Package Contents

- Smart Label Printer \*1

- Label Paper Roll \*1

- USB Type-C Cable \*1

- Quick Start Guide \*1

## Installation

1. Press and hold the Power button for three seconds to switch on the printer.

2. Press down the Paper Compartment Open Button to open the paper compartment.

3. Push the paper compartment baffle to both sides and fit the label paper roll down into the compartment.

4. Fit the print paper into the compartment with the print side facing down, and the first label paper sticking out of the tear-off opening, and then close the compartment.  
After adjusting the paper compartment scale, the spindle must be securely toggled to prevent any misaligned printing.

**Note:** The print paper should be installed into the compartment with the print side facing down.

## Installing App

### Download App

Before using the printer, please install the NIIMBOT app from Google Play or the App Store

More information available on the NIIMBOT app.

### Download Desktop Version

You can download and install “NIIMBOT” Desktop version from our official website ( [www.niimbot.com](http://www.niimbot.com) ).

**Notice:** In case you need to connect your computer to the device, please use the original data cable or a data cable that supports data transfer.

## Connecting and Printing

1. After downing the APP, make sure your phone’s Bluetooth is on.

**Note:** For Android phones, location permission must be granted.

**Turn on Bluetooth** 

2. Open the APP, search and connect to the device through Bluetooth.

**Notice:** If a PIN code is required, input 0000 or 1234

3. After connecting, enter the “Canvas” page to edit.

### Special Notes

Images of products, accessories, and the app in this manual are for illustrative purposes only and may be different from actual products. Products are subject to change without prior notice.

### Specifications

Product	Label Printer	Model	NIIMBOT B3S_P
Dimensions	118*112*59mm	Weight	308g
Charging Time	3 – 4 hours	Input	5V DC, 2A
Battery Capacity	2000mAh	Printing Method	Thermal printing
Printing Resolution	203dpi	Printing Width	72mm
Connectivity	Bluetooth, Type-C	Charge	Type-C
Transmit Power	4dBm(Maximum)	Operating Temperature	0°C – 40°C

### Safety Precautions

Please read all the instructions and warnings in this manual carefully before using this product to ensure the proper functioning of the device and your safety.

### Warnings

		
<p>Don't disassemble the product without authorization. Disassembled products cannot be returned or exchanged.</p>	<p>Do not wipe the product with corrosive chemicals or cleaning agents.</p>	<p>Do not use the product near places with flammable products such as gas stations or fuel depots.</p>

1. Please keep the product and accessories out of the reach of children or they must be used under the supervision and guidance of a guardian;
2. Turn off the power immediately when water gets into the product;
3. Turn off the power immediately in case of any product malfunction;
4. If you want to use a power adapter, always use one that is safe, regulatory-compliant, and compatible;
5. Do not disassemble the product to replace the battery. Improper operation may cause an explosion;
6. The battery contains special protection circuit and device, please do not disassemble the battery without authorization, otherwise it may cause a short circuit or leakage. If electrolyte gets into your eyes, flush with water immediately and seek medical help;
7. Do not expose the product and the power adapter to high temperature or high humidity. Do not put them in water, otherwise a short circuit may occur and the battery may heat up, smoke, deform, damage, or even explode;
8. If smoke or smell comes from the product or the power adapter, please unplug the power adapter immediately and avoid any burns.

### Important

1. Please use NIIMBOT label paper to prevent print quality issues or printhead damage;
2. The product comes with a built-in rechargeable battery. Do not throw it into fire or heat it. Do not charge, use or store it in a hot place, as this may cause overheating, fire or explosion.
3. Please purchase our product models designed for specific your country or region through the official NIIMBOT store or NIIMBOT authorized channels. Purchasing a NIIMBOT product through an unauthorized source may expose you to piracy risks, compatibility issues with your local environment, or other factors that could affect the product's proper functionality. Additionally, NIIMBOT may not be able to provide support for issues related to products obtained through unauthorized channels.

### Related Statements

#### FCC Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including

interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help. The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction

### **Declaration of conformity**

Hereby, Wuhan Jing chin Intelligent Identification Technology Co., Ltd. declares that this device is in compliance with the essential requirements and other relevant provisions of Radio Equipment Directive (RED) 2014/53/EU. This product can be used across EU member states. This device can be used in European Union.

Hereby, [Wuhan Jingchen Intelligent Identification Technology Co., Ltd.] declares that the radio equipment type [NIIMBOT B3S\_P] is in compliance with Directive 2014/53/EU.

The full text of the EU declaration of conformity is available at the following internet address:

<http://www.niimbot.com>.

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device.
