## HOW TO PLAY

## SAFETY RECOMMENDATIONS

**Warning!** Not suitable for children under 36 months. Contains small parts that could be swallowed. • This toy must

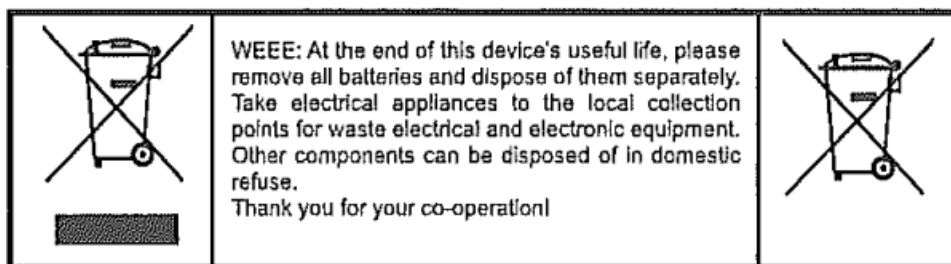

be assembled before use. The assembly instructions include diagrams to help ensure the correct assembly and placement of the stickers. The support, protection and wrapping elements are not part of the toy. **Warning!** Not recommended for children under 8 years old. It must be used with precaution and common sense and requires some basic skills to pilot. Failure to use this product safely and responsibly may cause injury or damage to the product itself or any other property. This product is not recommended for children without the strict supervision of an adult. Always use batteries with enough charge to prevent loss of vehicle control. Do not use on roads or on public streets. The product manual contains instructions for safety, use and maintenance. It is important to read the manual and follow the instructions and warnings detailed, as it contains important information to avoid any damage and injury. Keep these instructions for future reference. The information contained is important.

**Warning!** The vehicle has an electronic circuit that by no means should be manipulated. Any modification or change made and which is not expressly approved by FDJNINCO S.L.U., will void all responsibilities and warranty'.

- Turn off the transmitter and the vehicle when not in use.
- Remove the batteries from the transmitter when it is not being used.
- For maximum performance, the use of alkaline batteries is recommended.
- Always keep the vehicle in sight to superintend it at all times.
- Replace the transmitter batteries as soon as any malfunction is detected.
- Strict compliance with these instructions is necessary while using the product.

### Safety information

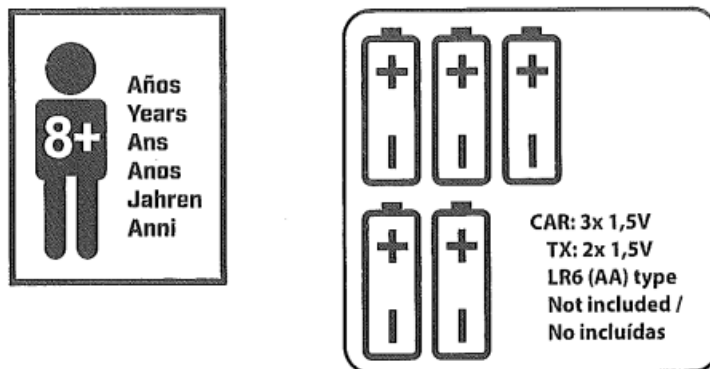

- Do not clean the car and the transmitter with liquids. Always unplug it before starting cleaning.
- In the drawing you can see how to remove and insert the batteries.
- Non-rechargeable batteries must not be recharged under any circumstances.
- Do not mix different types of batteries or new and used batteries
- The batteries must be inserted according to correct polarity (+ and -).
- Exhausted batteries must be removed from the toy.
- The power terminals must not be short-circuited.
- The toy must not be connected to more than the recommended number of power sources.

### WARRANTY

This product has 3-year warranty period, starting on the date of purchase (proved by the purchase receipt). FDJNINCO S.L.U will repair or change the toy if any failure or defect is proven at the time of purchase. Near parts such as batteries, antennas or tires are excluded from the warranty, and it does not cover damage caused by a cause beyond the toy, incorrect installation or any improper handling by the user. It is convenient to keep the packaging of the product in case it is necessary to return it to the after-sales service, as well as the proof of purchase, during the guarantee period. Without it you will not be able to benefit from the warranty. Only the first buyer of the product may have the right to enforce the guarantee. FDJNINCO S.L.U. is not responsible for defects detected in second-hand products.
