Ninja Blast Rechargeable Game Activity Cube

Launch Date: January 1, 2022

Price: \$50.94

Introduction

The Ninja Blast Rechargeable Game Activity Cube is a fun and interactive toy that kids can use to play games that are both hard and fun. This cube helps kids learn new things and get better at reacting quickly by having fun game types like Alien Hunt, Tic Tac Go, and Rocket Trail. The cube has bright LED lights and sound effects that change based on the game, making the whole experience better. It has a portable battery built in, so it's easy to charge and play for a long time. The Ninja Blast is small, sturdy, and easy to carry. It's made so that kids can play it by themselves or with friends, and it has a fun space theme that helps them learn new skills.

Specifications

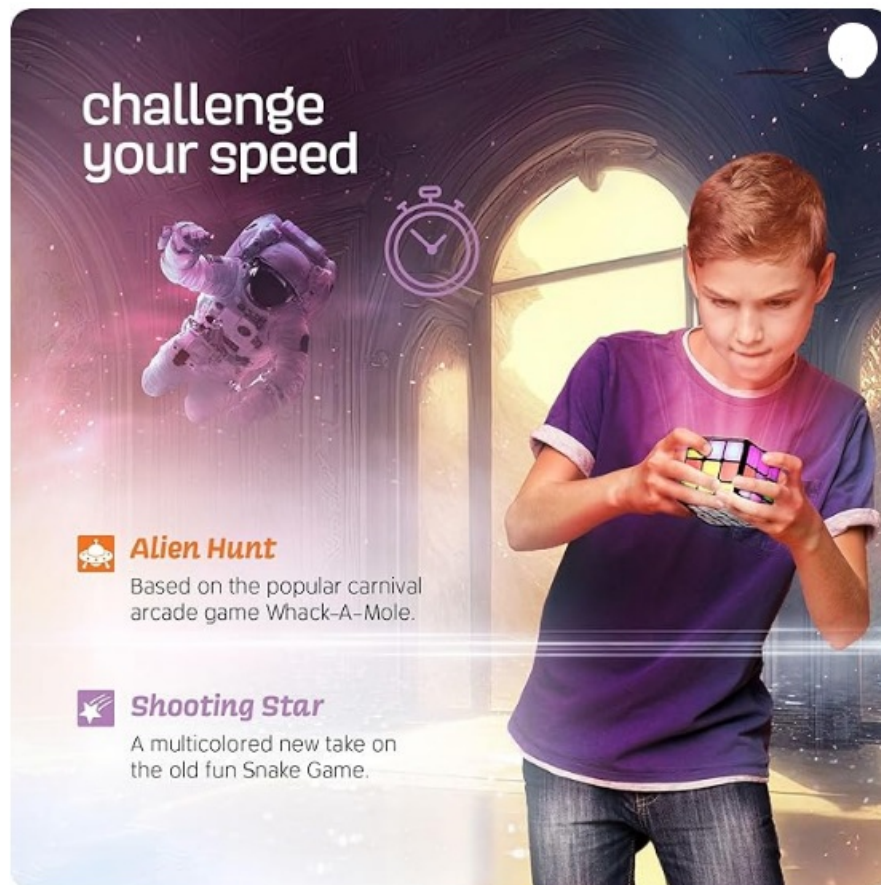

- **Age Range:** Kid (Ages 6+)
- **Item Dimensions (L x W x H):** 3.85"L x 3.5"W x 4.2"H
- **Material:** Plastic
- **Theme:** Outer Space
- **Color:** Multicolor
- **Power Source:** Battery Powered (Rechargeable Lithium-Ion battery included)
- **Controller Type:** Button Control
- **Number of Players:** 1-2 players
- **Platform:** Not Machine Specific
- **Battery Type:** Rechargeable Lithium-Ion (included)
- **Number of Batteries Required:** 1
- **UPC:** 850026753059

Package Includes

- Ninja Blast Cube (1 unit)
- Rechargeable Battery (included)
- Charging Cable (for easy recharging)
- User Guide

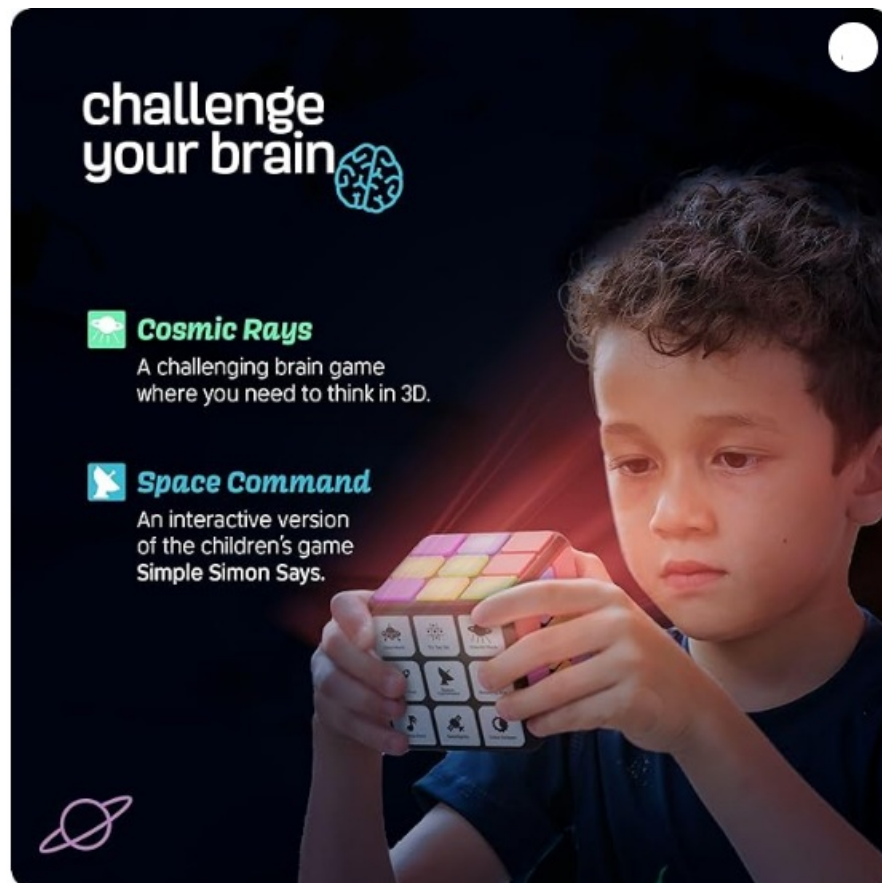

Features

1. **Multiple Game Modes:** The Ninja Blast cube has many fun game modes that test kids' abilities in speed, memory, and reaction time. Kids can have fun while improving their motor and thinking skills with modes like Alien Hunt, Tic Tac Go, Cosmic Rays, Rocket Trail, Space Command, and Shooting Star.

2. **Sound and lights that move:** The Ninja Blast cube has fun sound effects and moving LED lights that change depending on the game mode. By giving players visual and audible feedback as they make moves, these interactive features make the game more intense and fun.
3. **Rechargeable Battery:** The Ninja Blast cube has a rechargeable battery built in, so you don't have to buy separate cells. Once fully charged, it can be used for hours at a time, so you can enjoy games for a long time. The charging cord that comes with the set makes it easy to charge the cube whenever you need to.
4. **Durable Design:** The Ninja Blast cube is made of high-quality, child-safe materials and is strong enough to handle being dropped and rough-handled. The sturdy design means it can withstand the rough play of kids, making it a toy that will last for a long time.
5. **Small and Easy to Carry:** The Ninja Blast cube is made to be small, light, and easy to carry. Toys are easy for kids to carry around and play at home, school, or anywhere else. Its small size makes it easy to store and quick to get to when the fun starts.
6. **Fun and Educational:** The Ninja Blast cube is both fun and educational. It helps brain growth by making

reaction times, memories, and the ability to solve problems better. The cube is fun for kids and keeps their minds sharp at the same time.

7. Concerning safety, the Ninja Blast cube is made from non-toxic and BPA-free materials, which means kids can use it without any worries. The fact that the toy doesn't contain any dangerous chemicals gives parents peace of mind.
8. **BLAST OFF:** The Ninja Blast cube is a fun and exciting space race game with high-energy tasks set in space. Kids will enjoy epic intergalactic journeys with the fun music, sound effects, and game modes.
9. **Single/online Modes:** The cube has both single-player and online game modes, so kids can play by themselves or against their friends. In the online mode, players can play different space-themed games together or against each other, which makes the games even more fun.
10. **Epic Games Collection:** The Ninja Blast cube comes with a bunch of epic games, like Tic Tac Go, a twist on the classic game Tic Tac Toe, and Alien Hunt, a game where you hunt aliens. Cosmic Rays, Rocket Trail, Space Command, and Shooting Star are some of the other game types.
11. **Play with Color and Sound:** The cube has different modes where kids can play with bright lights and fun music. In Space Rock, kids can record and play their own songs. In Satellites, the cube lights up with bright disco lights that blink and play upbeat dance music.

12. **Customizable Gameplay:** In the Color Eclipse mode, kids can change how the cube lights up while listening to soft music in the background. This gives them artistic power over how the game looks and feels.
13. **Volume Control:** Players can change the volume or turn off all sounds on the Ninja Blast cube, so they can customize their sound experience based on their tastes or the surroundings.
14. **Mission Control Feedback:** The cube has fun voice-guided instructions and feedback from Mission Control that help players figure out how to play and move on to the next task. The cube's feedback method makes playing games more fun and keeps people interested.
15. **Fun with a Space Theme:** The Ninja Blast cube's space theme is great for getting kids to think of new ideas. There are intergalactic tasks, alien hunts, and cosmic races in this space adventure game, which lets kids play a space-themed adventure right in their hands.

Usage

1. **Charging:** Connect the **Ninja Blast Rechargeable Game Activity Cube** to a USB charger. Allow it to charge fully before its first use (approximately 2-3 hours).
2. **Turning On:** Press and hold the power button to turn the device on.
3. **Game Selection:** Use the buttons on the cube to select your preferred game mode. Each mode is designed to test different skills like speed, reaction, and memory.
4. **Gameplay:** Follow the lights and sound cues while pressing the correct buttons as indicated by the game mode. The cube will provide feedback with lights and sound to show how well you're doing.
5. **Turning Off:** When you're done, press and hold the power button again to turn off the **Ninja Blast**.

Care and Maintenance

1. **Cleaning:** Wipe the surface of the **Ninja Blast** with a damp cloth to remove dirt and fingerprints. Avoid submerging the device in water.
2. **Storage:** Store the cube in a dry, cool place when not in use to prevent damage from moisture or extreme heat.

3. **Battery Care:** Charge the **Ninja Blast** regularly, but do not overcharge. Disconnect the device once it's fully charged to preserve battery life.
4. **Button Maintenance:** Keep the buttons free from dirt and debris to ensure they remain responsive during gameplay.
5. **Handling:** Avoid dropping or striking the device against hard surfaces, as this could damage the internal components or the LED lights.

Troubleshooting

The Cube Won't Turn On:

- Ensure the **Ninja Blast** is fully charged. If it's low on battery, plug it in and allow it to charge for 2-3 hours before using it again.
- If it still doesn't power on, check the USB cable for damage or try using a different USB charger.

The Lights or Sounds Aren't Working:

- Check if the battery is charged. If low, charge the device fully.
- Make sure the volume settings are not turned down or muted in the settings.
- If lights are still not functioning, restart the device or reset the cube by turning it off and on again.

Buttons Are Not Responding:

- Make sure the cube is clean and that no dirt is obstructing the buttons.
- Try pressing the buttons more firmly or gently to ensure they register.

Game Mode Isn't Working:

- If a specific game mode doesn't activate, reset the cube by turning it off and on again.
- Check the user manual for correct instructions on how to properly select and play each game mode.

The device is Overheating:

- If the cube feels too hot, turn it off and allow it to cool down for at least 30 minutes before resuming use.

Pros and Cons

Pros:

- Engaging gameplay with multiple options for fun.
- Rechargeable, eliminating battery waste.
- Encourages cognitive development through brain games.

Cons:

- A limited age range may not appeal to older children.

- Some users may find certain games too challenging.

Warranty

The Ninja Blast Rechargeable Game Activity Cube comes with a one-year warranty covering manufacturing defects. For warranty claims, retain your purchase receipt and contact customer service for guidance.

FAQs

What is the Ninja Blast Rechargeable Game Activity Cube?

The Ninja Blast is an interactive game cube that offers multiple engaging game modes for kids, featuring lights, sounds, and challenges to enhance reaction time and memory.

How do I charge the Ninja Blast cube?

The Ninja Blast comes with a charging cable. Simply connect the cube to a power source to recharge its built-in lithium-ion battery for hours of playtime.

What age group is the Ninja Blast Rechargeable Game Activity Cube suitable for?

The Ninja Blast is designed for kids aged 6 and up, providing age-appropriate gameplay that improves memory and cognitive skills.

What game modes are available in the Ninja Blast?

The Ninja Blast features multiple fun modes, including Alien Hunt, Rocket Trail, Space Command, and Tic Tac Go, each offering different challenges and adventures.

How do the lights and sounds work in the Ninja Blast?

The Ninja Blast features LED lights that change according to the game mode, while the sound effects provide an immersive experience during gameplay.

How long does the battery of the Ninja Blast last?

The rechargeable battery in the Ninja Blast lasts for several hours of continuous play, depending on usage, and can be easily recharged with the provided cable.

What makes the Ninja Blast cube portable?

The compact and lightweight design of the Ninja Blast allows kids to easily carry it around, making it ideal for both indoor and outdoor play.

How do I turn off the Ninja Blast cube?

To turn off the Ninja Blast, press and hold the power button until the lights and sounds shut down, ensuring the battery is saved.
