Nintendo BEE021 Game Cube Controller

Product Specifications

- Product: Nintendo GameCube Controller
- Charging: AC Adapter or USB Charging Cable
- Compatibility: Nintendo game console (TV Mode)

Before the first use, charge the controller with the AC Adapter or the included USB Charging Cable.

The controller will automatically pair with the Nintendo game system when it is turned on in TV mode and connected with the USB Charging Cable.

Product Usage Instructions

Charging the Controller:

Before using the controller for the first time, make sure to charge it using either the AC Adapter or the provided USB Charging Cable.

Pairing with Nintendo Game System:

When the Nintendo game console is turned on in TV mode, connect the controller to the console using the USB Charging Cable. The controller will automatically pair with the system.

Health and Safety Information

- Please read and observe the health and safety information. Failure to do so could result in injury or damage. Adults should supervise the use of this product by children.

WARNING – Battery

- Stop using this product if the battery is leaking. If battery fluid comes into contact with

your eyes, immediately rinse your eyes with plenty of water and consult a doctor. If any fluid leaks on your hands, wash them thoroughly with water. Carefully wipe the fluid from the exterior of this product with a cloth.

- The product contains a rechargeable lithium-ion battery. Do not replace the battery yourself. The battery must be removed and replaced by a qualified professional. Please contact Nintendo Customer Support for more information.

WARNING – Electrical Safety

- Use the provided USB charging cable (BEE-016) to connect this accessory to the Nintendo Switch 2 dock. Alternatively, connect a compatible AC adapter supporting 5V, 1.5A (7.5W), such as the Nintendo Switch 2 AC adapter (NGN-01) (sold separately), directly to the accessory's USB-C® port using the appropriate cable. Make sure you use a compatible AC adapter that is approved for use in your country.
- If you hear a strange noise, see smoke or smell something strange, stop using this product and contact Nintendo Customer Support.
- Do not expose the device to fire, microwaves, direct sunlight, high or extremely low temperatures.
- Do not let this product come into contact with liquid, and do not use it with wet or oily hands. If liquid gets inside, stop using this product and contact Nintendo Customer Support.
- Do not expose this product or the battery inside it to excessive force. Do not pull on the cable and do not twist it too tightly.
- Do not touch this product while charging during a thunderstorm.
- Do not disassemble or try to repair this product or the battery inside it. If either is damaged, stop using the product and contact us.
- Nintendo Customer Support. Do not touch damaged areas. Avoid contact with any leaking fluid.

WARNING – General

- Keep this product and packaging materials away from young children and pets. Packaging items may be accidentally ingested.
- Do not use the controller within 15 centimetres of a cardiac pacemaker while using

wireless communication. If you have a pacemaker or other implanted medical device, first consult a doctor.

- Wireless communication may not be allowed in certain places, such as aeroplanes or hospitals. Please follow the respective regulations.
- Persons who have an injury or disorder involving their fingers, hands or arms should not use the vibration feature.

CAREFUL USAGE

- If this product becomes dirty, wipe it with a soft, dry cloth. Avoid using thinner or other solvents.
- Make sure to charge the battery at least once every six months. If the battery is not used for an extended period of time, it may become impossible to charge it.
