Nobsound High Precision Passive Preamp Volume Controller

Introduction

- Has no gain, can match power amplifiers, active speakers and some monitor audio devices very well with lossless sound quality.
- With high precision adjustment, adopting Japan ALPS27/16 potentiometer. Using pure copper gold-plated RCA for lossless transmission
- Mini size with exquisite appearance, full aluminum chassis and knob with CNC machined technology looks very textured and high-end.

Parameters

- Color: Gold / Black / Silver
- Input impedance: 50K
- Dimensions (W*H*D): 63.8*42*93mm
- Net weight: 255g

Packing List

1× Passive Preamp
