Technical data

Dimensions: 115x95x43 mm.

Comes with 4 screws and 4 rawl plugs.

Components

1. Wheels
2. Lock button
3. Sliding door
4. Lock pin
5. Mounting holes

Mounting

Find a suitable place for mounting either indoors or out.

Make sure there are no wires, pipes, etc. concealed in the wall.

Mark the four holes (5) in the rear of the key box on the wall.

Drill the holes, insert the rawl plugs provided and screw the key box securely to the wall using the screws provided.

How to set/cancel the code

Service center
