nutrarchef NCFD20S Round Proofing Bread Basket Set User Manual

NCFD20S

How to use:

1. Made Dough

Use the measuring spoons to measure the amount of powder used in making dough, put all of the powder with our into the bowl, then mix them together.

2. Prevent Sticking

Wipe the inside of the bread basket with a damp cloth then lightly spray it with little water and dust with 1/2 rice our and 1/2 our, Or use the washable linen cloth that comes with the basket.

3. Coat the Basket with Dough, and raise it until it doubles its size.

Put your dough into the proong basket. In the nal rising of the dough, place the dough in the bread basket until it doubles its size. This is known as proong.

4. Shaped & Turn Out

After the dough has risen, gently transfer it from the basket to a baking stu for the oven.

5. Draw Your Ideal Pattern

Use the solid metal lame to make beautiful designs and patterns on the bread. Then brake in the oven.

6. Brush with butter or anything you want

After the dough has been fermented in the oven for second times, take them out and dip a small amount of butter or egg liquid on the dough with the silicone basting brush, and then put into the oven for baking.
