- **Finish:** RAL 7035 structured powder coating.
- **Protection:** Complies with IP55, IK 07.
- **Pack quantity:** 1 door.

Product Usage Instructions

Installation

1. Ensure the area where the Window Door will be installed is clean and dry.
2. Position the Window Door in place according to the dimensions provided.
3. Secure the door using appropriate screws or fasteners.

Lock Replacement

To replace the lock(s), follow these steps:

1. Remove the existing lock(s) by unscrewing them from the enclosure.
2. Install the new lock(s) in place, ensuring they fit securely.
3. Test the new lock(s) to ensure they function properly.

Cleaning and Maintenance

To maintain the Window Door:

- Regularly clean the surface with a mild detergent and a soft cloth.
- Avoid using abrasive cleaners that may damage the powder-coated finish.
- Inspect the door for any signs of wear or damage periodically.

FAQs

How do I determine if the Window Door is the right size for my enclosure?

Refer to the dimensions provided in the specifications to ensure compatibility with your enclosure's dimensions.

Can the Window Door be used in outdoor applications?

Yes, the Window Door is designed to provide protection against outdoor elements with its IP55 rating.

Is the Window Door compatible with enclosures from other manufacturers?

The Window Door is specifically designed to be compatible with nVent HOFFMAN enclosures and may not fit other brands' enclosures.
