nVent HOFFMAN ASPANKIT60 Seismic Panel Mounting Kits

Product Information

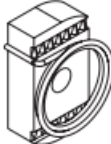

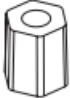

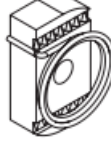

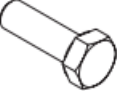

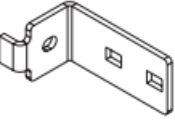

- The product model number is 89127670.
- The product comes with a Mounting Kit and a Panel (Panel ordered separately).

Product Usage Instructions

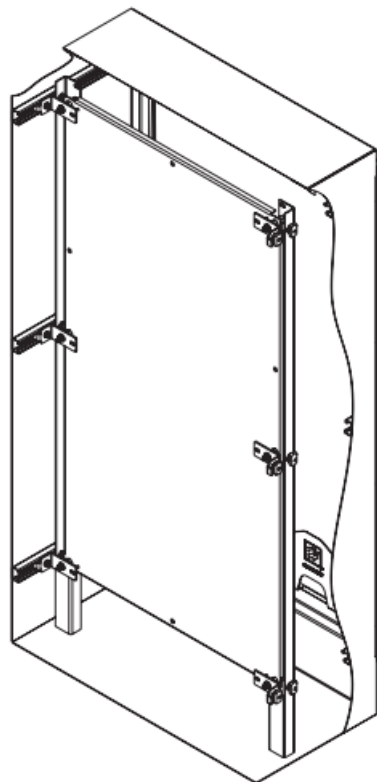

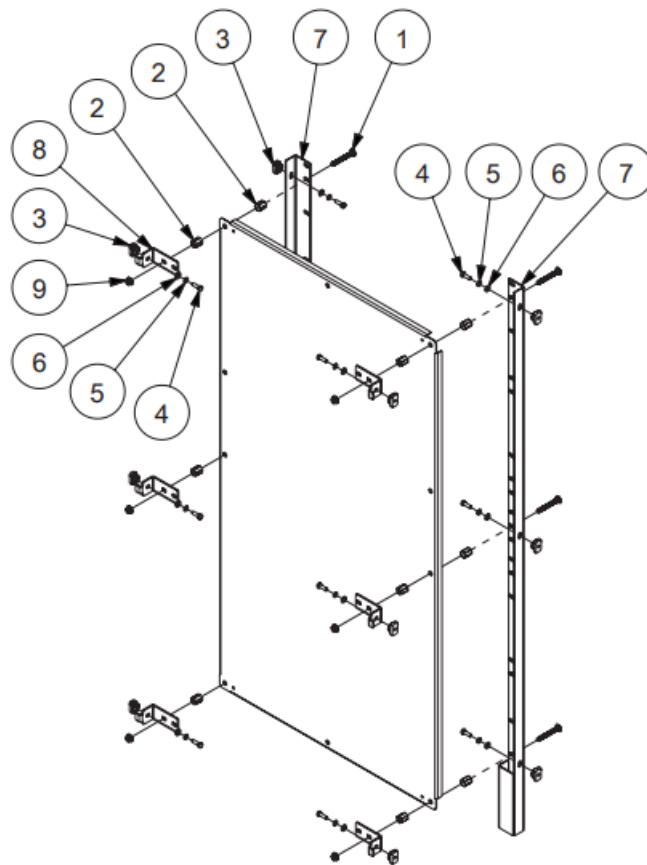

1. **Step 1:** Ensure that you have received the product with the model number 89127670.
2. **Step 2:** Check if the product is supplied with the Mounting Kit and Panel.
3. **Step 3:** If the Panel is not included, make sure to order it separately.
4. **Step 4:** Prepare the Mounting Kit by following the instructions provided in its packaging.
5. **Step 5:** Once the Mounting Kit is ready, proceed to attach it to the desired location using appropriate tools and hardware.
6. **Step 6:** If you have received the Panel, carefully install it by following the specific instructions provided in its packaging or user manual.
7. **Step 7:** Ensure that all connections and attachments are secure.
8. **Step 8:** Test the product to ensure proper functionality before regular use.

Please consult the full user manual for any additional information or troubleshooting steps.
