**nVent HOFFMAN CCS8IJRLG Compact Intermediate Joint**

## Product Information

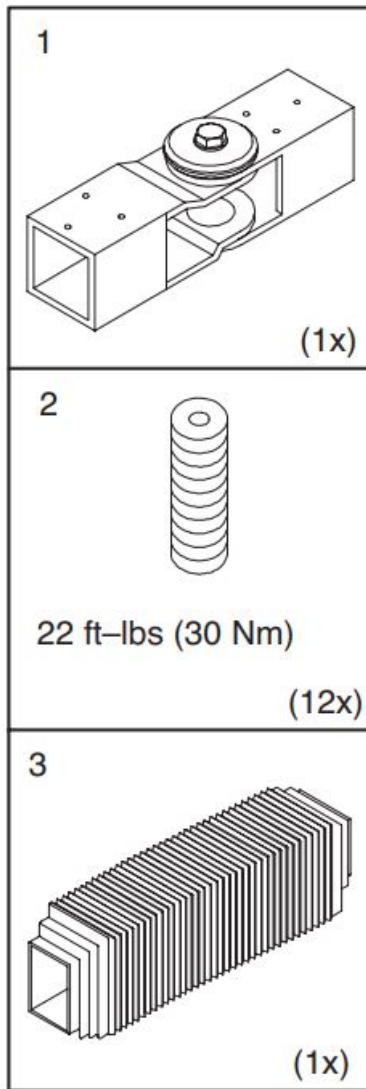

- **Product Model:** 87567789
- **Revision:** B

## Product Usage Instructions

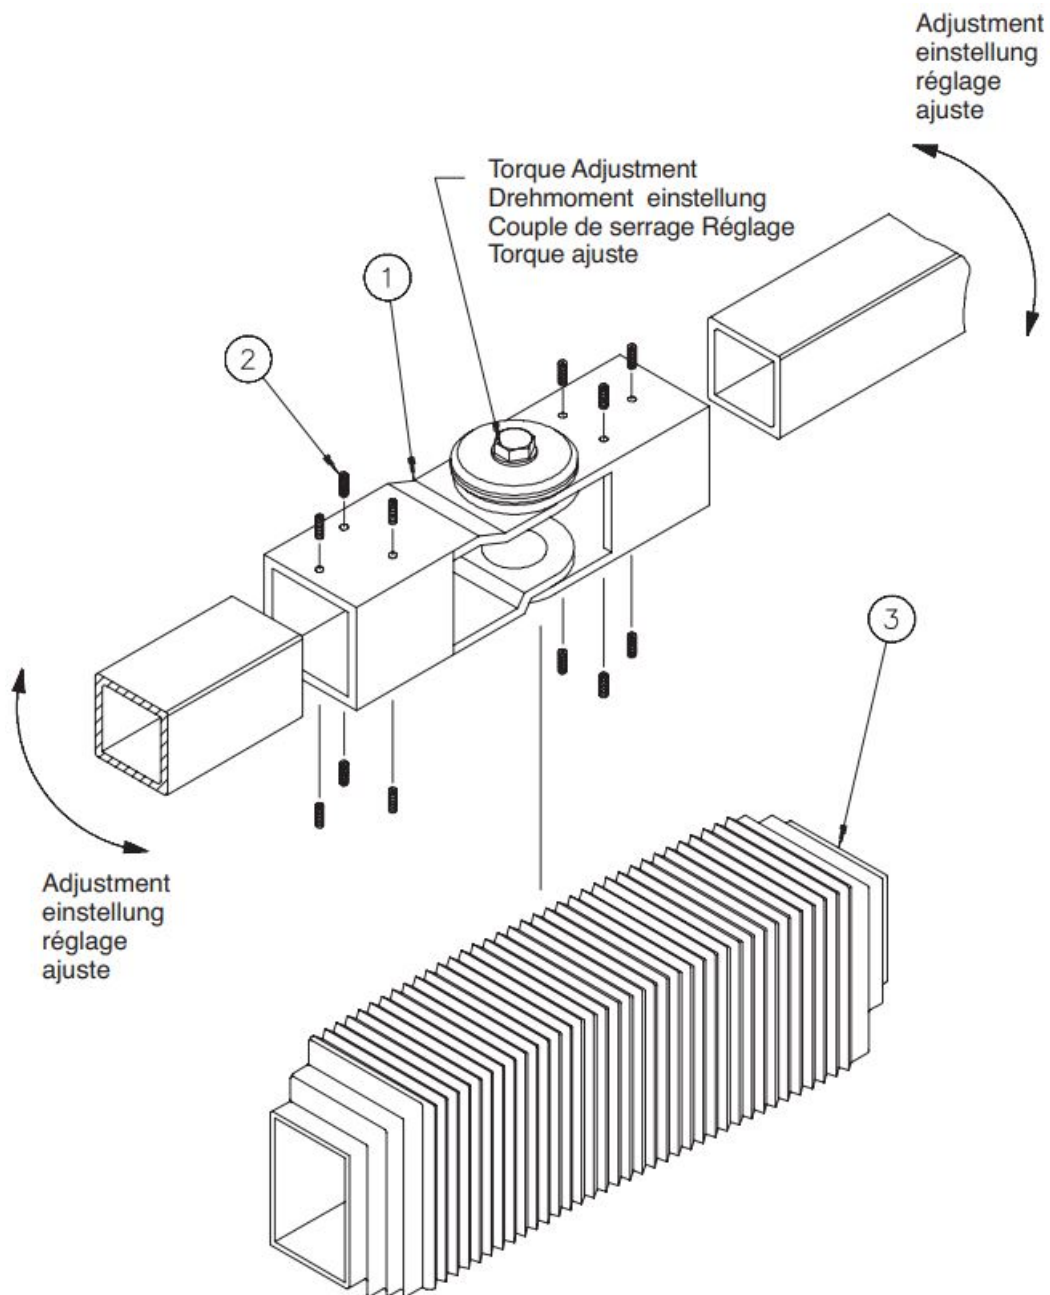

1. Unbox the product and ensure all the included components are present.
2. Connect the provided power cable to the designated power input on the product.
3. Plug the other end of the power cable into a power outlet.
4. Ensure that the power switch is in the “Off” position before proceeding.
5. Connect any necessary external devices or peripherals to the product using the appropriate ports.
6. Once all connections are made, switch on the power by toggling the power switch to the “On” position.
7. Wait for the product to boot up and follow any on-screen prompts or instructions for initial setup.
8. Refer to the user manual for detailed information on configuring and using the product.

**Note:** If you encounter any issues during setup or usage, consult the troubleshooting section of the user manual or contact our customer support for assistance.
