- Thickness: 2.78 mm

Features & Benefits

- Each kit includes two fast-operating clamps
- Catalog Number: AFC412SS
- Address: 2100 Hoffman Way Anoka, MN 55303-1745 | USA
- Contact Number: 763.421.2240

Brands under our portfolio

- nVent.com
- CADDY
- ERICO
- HOFFMAN
- RAYCHEM
- SCHROFF
- TRACER

Please note that specifications are subject to change without notice.

Product Usage Instructions

1. **Step 1: Identify the Clamp Brackets**
   Locate the clamp brackets on your single-door Type 4, 4X, 12, or 13 enclosure. These are the areas where you will install the fast-operating clamps.

2. **Step 2: Prepare the Fast-Operating Clamps**

   Open the packaging and take out the two fast-operating clamps included in the kit. Ensure that all components are present and undamaged.

3. **Step 3: Position the Fast-Operating Clamps**

   Align the fast-operating clamps with the clamp brackets on the enclosure. Make sure they are positioned securely and ready for installation.

4. **Step 4: Install the Fast-Operating Clamps**

   Using a screwdriver or appropriate tool, fasten the clamps onto the clamp brackets. Ensure that they are tightly secured to provide a firm grip on the enclosure.

5. **Step 5: Verify Installation**

   Double-check that the fast-operating clamps are properly installed and that they securely hold the enclosure. Test their functionality by opening and closing the enclosure to ensure smooth operation.

Frequently Asked Questions (FAQ)

- **Q: Can these fast-operating clamps be used on custom enclosures?**

  A: Yes, these clamps are designed to be compatible with similar custom enclosures as well.

- **Q: What is the material used for these clamps?**

  A: The clamps are made of Stainless Steel 316L, which provides durability and resistance to corrosion.

- **Q: Are the clamps painted?**

  A: No, the clamps come unpainted with a polished finish.

- **Q: Can I adjust the thickness of the clamps?**

  A: No, the thickness of the clamps is fixed at 2.78 mm.

FAST-OPERATING CLAMP ASSEMBLY
