OEHLBACH BTT 5000 Transmitter for Bluetooth Signals

MSRP (19%): 99.00

The acoustic quality of high-quality hi-fi components offers a life cycle that is difficult to reconcile with the volatility of current technologies. Thanks to the BTT 5000, proud owners of a powerful hi-fi system no longer have to look enviously at uncomplicated wireless streaming from a wide variety of music sources. The compact Bluetooth transmitter is the flexible link between the classic HiFi world and modern music streaming. Thanks to the included 3.5mm jack cable, the BTT 5000 can be connected to any equipment with a corresponding output. aptX guarantees artifact-free transmission of the signal in CD quality. A special feature of the BTT 5000 is „Dual Pairing“- two devices can connect to the transmitter at the same time.
