## Care and Maintenance

1. **Regular Cleaning:**

Clean the mirror surface and frame regularly with a soft, damp cloth to remove dust, dirt, or makeup residue. Avoid using abrasive cleaners that may damage the surface.

2. **Cleaning the LED Lights:**

Gently wipe the LED lights with a soft, dry cloth to remove any dust or debris. Avoid using liquid cleaners or harsh chemicals that may affect the functionality of the lights.

3. **Inspecting Mounting Hardware:**

Periodically check the stability of the mounting hardware to ensure the mirror is securely fastened to the wall. Tighten any loose screws or bolts as needed to prevent accidents or damage.

**4. Avoiding Water Exposure:**

Keep the mirror away from direct water exposure to prevent damage to the electronic components. Wipe off any moisture promptly to maintain its integrity.

**5. Battery Maintenance:**

If the mirror is battery-operated, replace the batteries as needed and ensure they are inserted correctly.

Remove batteries if the mirror will not be used for an extended period to prevent leakage.

**6. Storing Properly:**

Store the mirror in a safe and dry location when not in use to protect it from dust and potential damage. Avoid placing heavy objects on top of the mirror to prevent breakage.

**7. Handling with Care:**

Handle the mirror gently to avoid dropping or knocking it against hard surfaces. Use caution when adjusting the angles or folding/unfolding the mirror to prevent damage to the hinges.

**Troubleshooting**

Issue	Possible Cause	Solution
