- If prompted, enter your ProConnect Code and select 'Return to Omnipod to finish your setup'.
- Turn on your Controller and sign in with your Omnipod ID. Do not use the device further until training is completed.

6. Assistance:

If you have questions during setup, chat online or contact Product Support at 1-[800-591-3455](tel:800-591-3455).

FAQ

Q: What should I do if I have not registered my device or scheduled training?

A: Refer to the frontside of the document for instructions on completing the necessary steps.

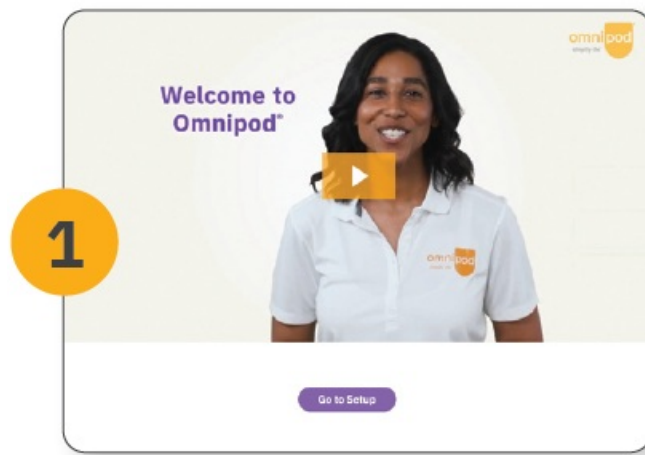

We're so happy you are on your way to getting started. Whether you are new to Omnipod®, insulin pumps, or have been a Podder® for years, Omnipod 5 is different. Completing your Setup and Training are necessary steps to help provide you with the resources you need to get the best clinical results from your new Omnipod 5 System.

To begin the registration process & schedule training

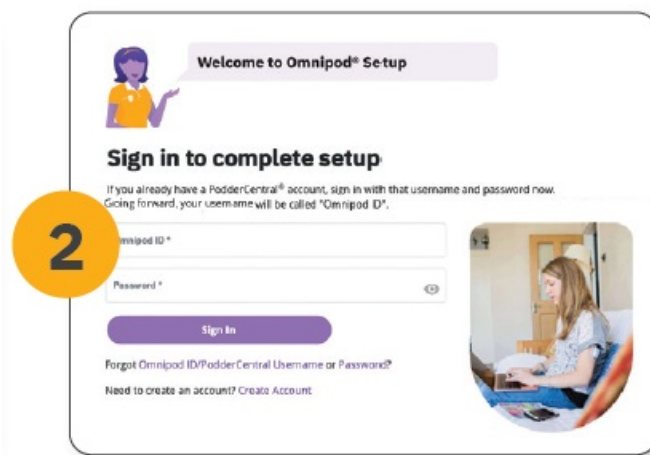

Scan this code on your smartphone or visit omnipod.com/setup.

1. Select 'Go to Setup'.

2. Sign in or create your Omnipod ID account.

3. Once signed in to your Omnipod ID, select: 'Yes, I Have New Product'.

3

First, we need to know some additional information and how you currently manage your diabetes.

The better we understand you, the better we can optimize your training experience.

Please do not proceed unless you have your new Omnipod DASH® or Omnipod® 5 product in hand.

I Do Not Have New Product Yes, I Have New Product

4. Select 'Omnipod 5'.

4

Select the new product you've received.

Omnipod® 5
Automated Insulin Delivery System
Sensor compatible

Omnipod DASH®
Insulin Management System
Not sensor compatible

7. Select your preferred training method.

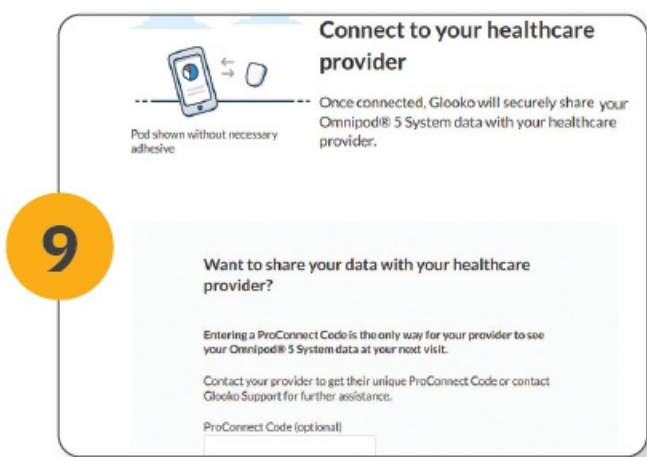

8. Create or link your Glooko® account to provide seamless sharing of your diabetes data with your healthcare provider.

9. If prompted, your ProConnect Code is:

Select 'Return to Omnipod to finish your setup'.

10. Turn on your Controller and sign in with your Omnipod ID. Do not use your device further until training is completed.

To prepare for Omnipod 5 Training

Now that your device is registered and your training is scheduled, it's time to prepare!

If you have not registered your device or scheduled training, refer to the front side of this document and complete all the required steps.

Actions to complete before your training:

- Review Omnipod 5 eLearning in PodderCentral®
- Set up your Dexcom mobile app AND your active sensor on your compatible smartphone*
- Review the Omnipod 5 Quick Start Guide included in your Starter Kit

Items you must bring to your training:

- Vial of U-100 rapid-acting insulin compatible with the Omnipod 5 System
- Omnipod 5 Pods
- Fully-charged Controller or compatible smartphone, if applicable**
- Active Dexcom sensor that is connected to the mobile app
- Controller charger and/or smartphone charger
- Alcohol wipes

Please note:

- Expect your appointment to take up to 2 hours.
- Wear comfortable clothing with easy access to the desired Pod placement area.
