## Product Usage Instructions

### Step 1: Assembling the ProStation

Follow the provided user manual to assemble the ProStation. Make sure to securely attach all components together.

### Step 2: Placing the ProStation

Choose a suitable location for the ProStation in your workspace. Ensure there is enough space for comfortable usage and easy access to electrical outlets.

### Step 3: Adjusting the Floating Supports

Position the Floating Supports according to your preference. These supports provide stability to the ProStation. Make sure they are securely attached.

### Step 4: Placing the Keyboard/Mouse Shelf

Attach the KMS3 Computer Keyboard/Mouse Shelf to the designated area on the ProStation. This shelf provides a convenient place to keep your keyboard and mouse while working.

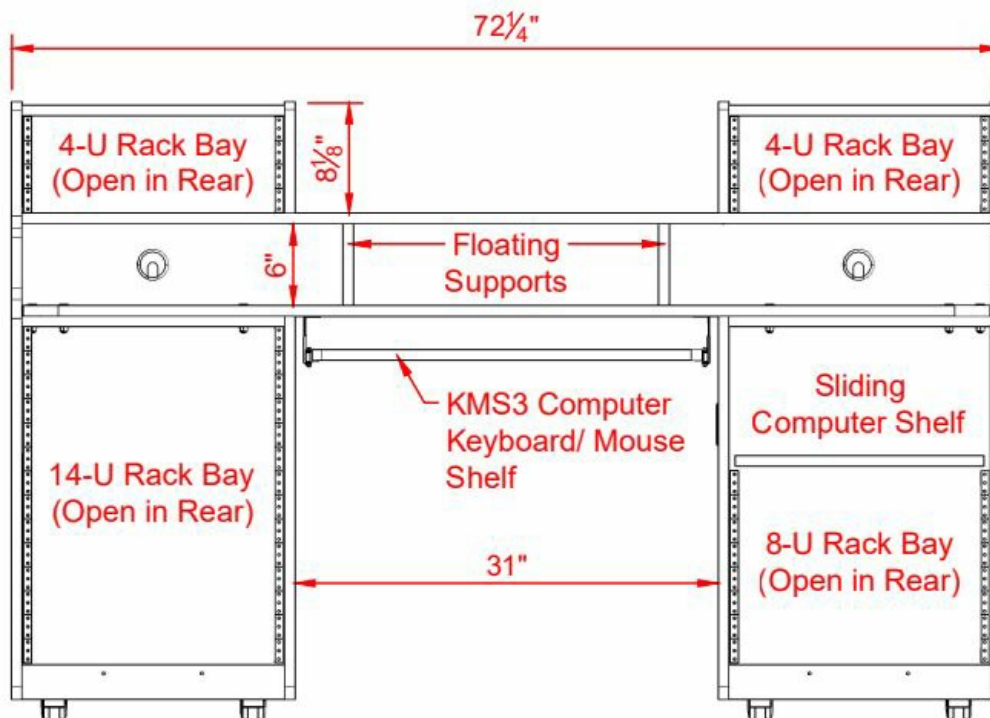

### Step 5: Adjusting the Sliding Computer Shelf

If needed, adjust the Sliding Computer Shelf to the desired height and position. This shelf can hold your computer tower or other equipment.

### Step 6: Using the Rack Bays

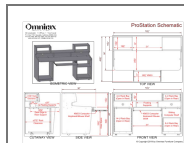

The ProStation includes both a 4-U and a 14-U Rack Bay. These bays are open in the rear for easy access to rack-mounted equipment. Use these bays for storage or to house additional devices.
