Mouse Backlight Use Guidance

Switching DPI

The default DPI for the mouse is 1600. By pressing the DPI button, you can switch the DPI levels to 800DPI, 1200DPI and 1600DPI.

Frequently Asked Question

Q: Is there a video to guide the connection?

A: Yes, you can go to the product detail page to get our professional guidance video.

Q: Can I switch between devices?

A: You can not connect two devices at the same time. Please disconnect one and connect to another when you switch devices.

Q: For the keyboard and mouse combo, several number keys and letter keys move the cursor of my mouse instead of creating characters, how do I get the iPad to recognize the keyboard accurately?

A: Go to Settings- Accessibility- Touch- Assistive Touch – Turn the Mouse keys off.

Q: Where is the exit key?

A: There is no exit button, when you use the keyboard on an iPad/ iPhone, the first key in the top row is “Back to Home”. However, if you use it on a MacBook, you can try to press the “Fn +Back to Home” key as an exit key.

Q: How to switch languages?

A: Press “Control + Spacebar” at the same time to switch languages.

Q: How to reset the keyboard symbols? All of the symbols are mixed up, I cannot even type a question mark.

A: The layout of the keyboard is US English, if you have different languages on your tablet, please press the “Control + Spacebar” at the same time to switch the language into US English.

Q: The mouse can’t connect with the iPhone/iPad.

A: Update the operating system to iPadOS/iOS 13 or above.

Q: Can't find the mouse cursor after connecting the mouse?

A: Turn on "Assistive Touch" on iPad/iPhone. (Solution: Settings- Accessibility-Touch- Turn on Assistive Touch)

Q: How to change the scroll direction on iPad?

A: Go to Setting – General- Trackpad & Mouse- Turn off "Natural Scrolling"

Troubleshooting

1. If you cannot connect the Bluetooth keyboard to your device, or if the keyboard is not working, please try the following steps:
2. Ensure your device's Bluetooth is enabled.
3. Delete the pairing name on the Bluetooth settings. Restart the device and try to pair again.
4. Cancel the Bluetooth connection with other devices, and try to pair again.
5. Check to see if the Bluetooth software has been updated recently. If it hasn't, update the software and try to pair again.
6. Make sure the Bluetooth keyboard is within 33ft (10m) of your device.

Important Safeguards and Precautions

1. SAVE THESE INSTRUCTIONS- They contain essential safety and operating instructions.
 2. For indoor use only. Do not expose the keyboard to direct sunlight or wet conditions.
 3. Do not use the keyboard if equipment is damaged.
 4. Do not disassemble the product. Disassembly can result in safety hazards.
 5. Do not throw or shake the product.
