ONKYO GX-30ARC Powered Monitors

Product Specifications:

- **Outputs:** Product Dimensions (W x H x D)
- **Product Dimensions:** 5.75" (146mm) x 8.66" (220mm) x 6.69" (170mm)
- **Product Dimensions with Stand:** 5.75" (146mm) x 10.55" (268mm) x 8.27" (210mm)
- **Weight: Primary:** 6.0lbs (2.7kg) – Secondary: 5.3lbs (2.4kg)
- **Box Dimensions:** 16.7" (423mm) x 14.2" (360mm) x 11.2" (285mm)
- **Gross Weight:** 17.6lbs (8kg)
- **Finish:** Black / White
- **Voltage:** 100V-240V 50/60Hz AC Adapter
- **What's in the Box:** Quick start guide, AC Adapter, AC Plug adapter (US/ Taiwan/Eu2p/UK3p/Aust/China/Japan), Remote control (with 2 x AAA batteries), 4-conductor speaker cable (2m), HDMI cable (1.5m), USB Type C to USB Type A cable (1.5m), Speaker stand

Product Usage Instructions

Connectivity Options:

The GX-30ARC powered monitors offer various connectivity options including USB-C, line/phono, optical, Bluetooth 5.3, HDMI ARC, and 3.5mm AUX inputs for versatile connections.

Bi-Amplification Setup:

Utilize the bi-amplification feature by connecting one speaker with two amplifiers to drive the tweeter and woofer separately for improved sound accuracy and clarity.

Minimalistic Design:

The Onkyo Creator Series Powered Monitors boast a minimalistic design that saves space without compromising on audio quality, making them ideal for creative spaces.

High Fidelity Audio:

Experience premium audio quality with Class D amplification and original digital signal processing (DSP) technology for clear, smooth sound reproduction.

Technical Precision:

The contemporary speakers are meticulously engineered with clean lines and quality materials to blend seamlessly into any creative environment.

INSTRUCTION

CONNECT AND CREATE

Built-in USB-C, line/phono, and optical ports are included for hard-wired audio purists, while Bluetooth 5.3 provides a more stable connection and saves power, allowing you to enjoy music comfortably. The GX-30ARC also features HDMI ARC and 3.5mm AUX inputs for additional connectivity to keep pace with any creative project you have in mind.

BI-AMPLIFICATION

By equipping one speaker with two amplifiers and driving the speaker's tweeter and woofer with separate amplifiers, each amplifier operates efficiently, improving sound accuracy and achieving clarity in the high range and stability in the low range.

LIFE SOUNDS BETTER WITH ONKYO

Content creators, work-from-home professionals, and gaming gurus are at the heart of Onkyo's re-entry into the speaker market. Class D amplification provides clear, smooth sound while original digital signal processing (DSP) technology delivers audio just the way the creator intended.

BOLD SOUND, MINIMAL FOOTPRINT

Powered monitors are speakers that don't require external amplification or processing equipment to produce incredible sound. Your Onkyo Creator Series monitors take up less space than passive speakers, so you have more desk, console, or bookshelf space without compromising on audio quality.

TECHNICAL PRECISION MEETS JAPANESE MINIMALISM

Clean lines and carefully selected materials combine to make these contemporary speakers to fit any aesthetic. Your Onkyo Creator Series Powered Monitors are minimalistic and meticulously engineered to be beautiful additions to your creative space, while still maintaining a natural, organic appearance.

FOR THE LOVE OF MUSIC

Onkyo's long storied past of innovation and norm-breaking consumer audio devices isn't an accident. A company built by and for audiophiles, we're committed to build the best

audio video consumer products that inspire the next generation of creatives to express themselves through the universal language of music.

EXCEEDING EXPECTATIONS

Onkyo products are known around the globe for being reliable and efficient. Your new Onkyo Creator Series Powered Monitors have gone through numerous technical tests to ensure they’re up to your high creative standards.

PREMIUM AUDIO FOR ALL

Onkyo has a long history of providing high fidelity products to a broad audience.

Without sacrificing performance or style, the Onkyo Creator Series combines stellar audio performance, modern features such as Bluetooth 5.3 technology, and affordable componentry for that high-end sound you’ve been looking for.
