Use	Means to install, store, load, execute and display one copy of the software.

License Options

The following License Options are the types of licenses available for a given software product as further specified in this ALA.

The applicable License Option for a license shall be as set forth in the Applicable Agreement or Product Order. Those products with only one License Option available shall be governed by such License Option whether or not stated in the Applicable Agreement or Product Order unless otherwise agreed in writing between Licensee and Licensor.

Concurrent or Concurrent User License

Licensed Software provided under this License Option gives Licensee the right to install the Licensed Software on multiple

Devices and simultaneously use the Licensed Software at any one point in time provided that the actual usage of the

Licensed Software does not exceed the number of licenses purchased.

Seat or Seat User License

Licensed Software provided under this License Option gives Licensee the right to install and use the Licensed Software on a single Device.

Site, Area and Global License

- Site License Licensed Software provided under this License Option gives Licensee the right to use the Licensed Software at an address (e.g., room number, department number, building number, street address, campus etc.) or a group of addresses specified in the Applicable Agreement. Site cannot include multiple addresses or addresses in multiple countries or states. Site licenses cannot be moved to an alternate Site after the original purchase without paying to Micro Focus a geographic relocation fee. If no Site address is explicitly specified in the Applicable Agreement, then the Site address will be the Ship To address specified on the quotation.
- Area License Licensed Software provided under this License Option gives Licensee the right to used the
 Licensed Software in a single region, defined as the Americas (North, Central and South America and Mexico)
 or EMEA (Europe, Middle East and Africa) or JAPAC (Japan, Asia, Pacific Rim and Australia); Area cannot be
 global or multiple regions. Area is determined where the order for the license is placed, unless the Applicable
 Supporting Material indicates otherwise.

Area licenses cannot be moved to an alternate Area from where the original order was placed, without paying to Micro

Focus a geographic relocation fee.

 Global License – Licensed Software provided under this License Option gives Licensee the right to use the Licensed Software worldwide.

Software Specific License Terms

Software products with software specific license terms are described below. Software products covered by this ALA document (as listed above) and not covered in this section do not have software specific license terms.

Business Process Testing

The following License Options apply: Site Concurrent User, Area Concurrent User or Global Concurrent User.

Remote Access is permitted where users are regularly employed at the Site or Area. Remote Access by users located outside of the Area requires a Global license. This software requires an OpenText™ Application Quality Management Enterprise License for both manual and automated testing. In addition, for automated testing a Functional Testing (legacy) license or an OpenText™ Functional Testing license is required. This software shall be used only in accordance with the Site, Area or Global license that corresponds with the OpenText™ Application Quality Management Enterprise license. Third Party access and use at the Third Party Location is permitted in accordance with the Third Party Use. Third Party Use at the Third Party Location requires an Area or a Global license. If the Third Party Location is outside of the Area licensed by you, then you must obtain a Global license. Micro Focus software licensed for load testing or functional testing purposes may be used only for the testing (load or functional) function originally licensed. Use of the functional testing tools (Business Process Testing) in production where you are utilizing Robotic Process Automation is permitted. Micro Focus is not liable for any consequences and or damages resulting from Use of the software to perform functions for which it is was not originally licensed.

Functional Testing (legacy)

The following License Options apply: Seat, Seat User, Site Concurrent User, Area Concurrent User or Global Concurrent User.

Functional Testing is licensed for testing purposes only.

Remote Access is permitted where users are regularly employed at the Site or Area. Remote Access by users located outside of the Area requires a Global license. The AUT and the licensed software must reside at the same Site or Area as applicable.

Third Party access and use at the Third Party Location is permitted in accordance with Third Party Use. Third Party Use at the Third Party Location requires an Area or a Global license. If the Third Party Location is outside of the Area licensed by you, then you must obtain a Global license. Micro Focus software licensed for load testing or functional testing purposes may be used only for the testing (load or functional) function originally licensed. Use of the functional testing tools (Functional Testing (legacy)) in production where you are utilizing Robotic Process Automation is permitted. Micro Focus is not liable for any consequences and or damages resulting from Use of the software to perform functions for which it is was not originally licensed.

Quick Test Professional Essentials

The following License Options apply: Seat User or Concurrent User.

Quick Test Professional Essentials is licensed for testing purposes only.

When licensed by Seat User, the following applies: Remote Access, the act of accessing a computer over the network from an originating location remotely removed from the Site location of the computer being accessed or controlled, is only permitted where users are regularly employed at the Site and the AUT and the licensed software must reside at the same Site. Third Party access and use at the Third Party Location is permitted in accordance with Third Party Use. Third Party Use at the Third Party Location requires an Area or a Global license. If the Third Party Location is outside of the Area licensed by you, then you must obtain a Global license. Micro Focus software is licensed for load testing or functional testing purposes only and may be used only for the testing (load or functional) function originally licensed. Micro Focus is not liable for any consequences and or damages resulting from Use of the software to perform functions for which it is was not originally licensed.

Service Test

The following License Options apply: Seat, Seat User, Site Concurrent User, Area Concurrent User or Global Concurrent User.

Service Test is licensed for testing purposes only.

When Service Test is licensed by Site Concurrent User, Area Concurrent User or Global Concurrent User the following applies: a) The AUT and licensed software must reside at the same Site or Area as applicable. b) Remote Access is permitted where users are regularly employed at the Site or Area. c) Remote Access by users

located outside of the Area requires a Global license. d) Third Party access and use at the Third Party Location is permitted in accordance with Third Party Use. Third Party Use at the Third Party Location requires an Area or a Global license. If the Third Party Location is outside of the Area licensed by you, then you must obtain a Global license. Micro Focus is not liable for any consequences and or damages resulting from Use of the software to perform functions for which it is was not originally licensed.

OpenText™ Functional Testing (UFT One, Unified Functional Testing Enterprise Edition), OpenText™ Functional Testing for Developers (UFT Developer, Unified Functional Testing Pro Edition) and UFT Ultimate Edition (Unified Functional Testing Ultimate Edition)

The following License Options apply: Seat User or Concurrent User.

When licensed by Seat User, the following applies: Remote Access is permitted where users are regularly employed at the Site and the AUT and the licensed software must reside at the same Site. UFT Ultimate Edition is licensed by Concurrent User. OpenTextTM Functional Testing, OpenTextTM Functional Testing for Developers, and UFT Ultimate Edition software is licensed for functional testing purposes only. Micro Focus is not liable for any consequences and or damages resulting from Use of the software to perform functions for which it is was not originally licensed.

OpenText™ Functional Testing for Developers licenses grant access to the previous Unified Functional Testing Pro solution, which differs from the OpenText™ Functional Testing solution in many aspects, for example the scripting language, working environment, tools set, ease of use and more.

OpenText™ Functional Testing licenses grant rights to use either OpenText™ Functional Testing for Developers or OpenText™ Functional Testing, so as long as they are not activated simultaneously; the same license can operate both products. This license is equal to the previous Unified Functional Testing license that was sold prior to version 14.00.

UFT Ultimate Edition is a bundle of products that includes everything OpenText™ Functional Testing provides as well as entitlement to one Business Process Testing Global Concurrent User and one limited OpenText™ Functional Testing Lab for Mobile and Web license which provides 1 Concurrent Access for 1 Mobile Device for the functional testing tools (Functional Testing (legacy), Unified Functional Testing, or OpenText™ Functional Testing) only. In order to take advantage of the Business Process Testing license in this bundle, the customer must have an OpenText™ Application Quality Management Enterprise license.

Third Party access and use at the Third Party Location is permitted in accordance with Third Party Use. Third Party Use at the Third Party Location requires a license. Micro Focus software licensed for load testing or functional testing purposes may be used only for the testing (load or functional) function originally licensed. Use of the functional testing tools (OpenText™ Functional Testing, UFT Ultimate Edition, and OpenText™ Functional Testing for Developers) in production where you are utilizing Robotic Process Automation is permitted. Micro Focus is not liable for any consequences and or damages resulting from Use of the software to perform functions for which it is was not originally licensed.
